## Independent Auditor's Report

To the Management of Bank Alfalah Limited - Bangladesh Operations

## **Report on the Audit of the Financial Statements**

## Opinion

We have audited the financial statements of Bank Alfalah Limited - Bangladesh Operations (the "Bank") which comprise the balance sheet as at 31 December 2020 and profit and loss account, statements of changes in equity and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the Bank give a true and fair view of the financial position of the the Bank as at 31 December 2020, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note 2.1.

## **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Other Matter

The financial statements of the Bank as at and for the year ended 31 December 2019 were audited by another auditor who expressed an unmodified opinion on those statements on 23 June 2020.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation of the financial statements of the Bank that give a true and fair view in accordance with IFRSs as explained in note 2.1, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 and the Bangladesh Bank Regulations require the management to ensure effective internal audit, internal control and risk management functions of the Bank. The management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Bank to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## **Report on Other Legal and Regulatory Requirements**

In accordance with the Companies Act, 1994, the Bank Company Act, 1991 and the rules and regulations issued by Bangladesh Bank, we also report that:

we have obtained all the information and explanations which to the best of our knowledge and belief were (i) necessary for the purpose of our audit and made due verification thereof;

(ii) to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibilities for the Audit of the Financial Statements section in forming the above opinion on the financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the management's responsibility for the financial statements and internal control:

- (a) internal audit, internal control and risk management arrangements of the Bank as disclosed in the financial statements appeared to be materially adequate;
- (b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Bank and its related entities.
- (iii) in our opinion, proper books of accounts as required by law have been kept by the Bank so far as it appeared from our examination of those books;
- (iv) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- (v) the balance sheet and profit and loss account together with the annexed notes dealt with by the report are in agreement with the books of account and returns;
- (vi) the expenditures incurred by the Bank were for the purpose of the Bank's business for the year;
- (vii) the financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (viii) adequate provisions have been made for advance and other assets which are in our opinion, doubtful of recovery;
- (ix) the information and explanations required by us have been received and found satisfactory;
- (x) we have reviewed over 80% of the risk weighted assets of the Bank and spent over 1,500 person hours; and
- (xi) Capital to Risk-weighted Asset Ratio (CRAR) as required by Bangladesh Bank has been maintained adequately during the year.

## **Bank Alfalah Limited - Bangladesh Operations**

## Notes to the financial statements as at and for the year ended 31 December 2020

### 1 Reporting entity

Bank Alfalah Limited, Bangladesh Operations (the "Bank") are branches of Bank Alfalah Limited (the parent company) incorporated in Pakistan. The Bank is domiciled in Bangladesh. The address of the Bank's country office is 168 Gulshan Avenue, Dhaka-1212.

The Bank started its operation in Bangladesh on 16 May 2005 by acquiring Shamil Bank of Bahrain's Dhaka Branch Operations as a branch of the parent company. The Bank has 7 branches as on 31 December 2020. Except 1 Islamic Banking Branch, the rest of the branches run on conventional commercial Banking business basis.

## 1.1 Principal activities and nature of operations of the Bank

The Bank primarily is involved in providing all kinds of commercial Banking services to the customers. The Bank offers services for all commercial Banking needs of the customers, which includes deposit Banking, loans and advances, export import financing, etc.

## 1.2 Islamic Banking

The Bank has one islamic banking branch (Motijheel branch) that operates under Shari'ah Principles. The financial position and the financial performance are disclosed in annexure - VII. The conventional banking financial and the financial performance includes the islamic banking operations.

## 2 Basis of preparation of financial statements

The financial statements of the Bank are prepared in accordance with International Financial Reporting Standards (IFRSs) and the requirements of the Banking Companies Act, 1991 (as amended up to date), the rules and regulations issued by Bangladesh Bank. In case any requirement of the Banking Companies Act, 1991, and provisions & circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Banking Companies Act, 1991, and provisions and circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Banking Companies Act, 1991, and provisions and circulars issued by Bangladesh Bank and provisions and circulars issued by Bangladesh Bank shall prevail.

## 2.1 Statement of compliance and basis of preparation

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) was formed in 2017 and has adopted International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as the applicable Financial Reporting Standards for public interest entities such as banks with effect from 2 November 2020.

The financial statements of the bank have been prepared in accordance with the IFRSs adopted by FRC and in addition to this, the bank also complied with the requirements of the following laws and regulations from various Government bodies:

- i) The Bank Company Act, 1991, and amendment thereon;
- ii) Circulars, Rules and Regulations Issued by Bangladesh Bank (BB) time to time;
- iii) The Income Tax Ordinance, 1984, and amendments thereon;
- iv) The Value Added Tax Act, 2012, The Value Added Tax Rules, 2016 and amendments thereon;
- v) Financial Reporting Act, 2015.

In case any requirement of the Bank Company Act, 1991, and provisions and circulars issued by Bangladesh Bank (BB) differ with those of IFRS, the requirements of the Banking Companies Act, 1991, and provisions and circulars issued by BB shall prevail. Material departures from the requirements of IFRS are as follows:

### i) Investment in equity instruments

IFRS: As per requirements of IFRS 9: Classification and measurement of investment in equity instruments depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors, it would generally fall either under 'at fair value through profit and loss account' or under 'at fair value through other comprehensive income' where any change in the fair value (measured in accordance with IFRS 13) at the year-end is taken to the profit and loss account or other comprehensive income, respectively.

Bangladesh Bank: As per Banking Regulation and Policy Department (BRPD) circular no. 14, dated 25 June 2003, investments in quoted shares and unquoted shares are revalued at the year-end at market price and as per the book value of the last audited balance sheet, respectively. Provisions should be made for any loss arising from diminution in value of investments; otherwise investments are recognised at cost.

ii) Subsequent measurement of Government securities

IFRS: Government securities refer primarily to various debt instruments which include both bonds and bills. As per requirements of IFRS 9: Financial Instruments, bonds can be categorised as "Amortised Cost (AC)", or "Fair Value Through Profit or Loss (FVTPL)", or "Fair Value through Other Comprehensive Income (FVOCI)". Bonds designated as Amortised Cost are measured at amortised cost method, and interest income is recognised through profit and loss account. Any changes in fair value of bonds designated as FVTPL is recognised in the profit and loss account. Any changes in fair value of bonds designated as FVOCI is recognised in other reserves, as a part of equity.

As per requirements of IFRS 9, bills can be categorised either as "Fair Value Through Profit or Loss (FVTPL)" or "Fair Value through Other Comprehensive Income (FVOCI)". Any change in fair value of bills is recognised in the profit and loss account or other reserves as a part of equity, respectively.

Bangladesh Bank: As per DOS Circular no. 05, dated 26 May 2008, and subsequent clarification in DOS Circular no. 05, dated 28 January 2009, Government securities/bills are classified into Held for Trading (HFT) and Held to Maturity (HTM). HFT securities are revalued on the basis of mark-to-market and at year-end, any gains on revaluation of securities which have not matured as at the balance sheet date are recognised in other reserves as a part of equity. Any losses on revaluation of securities which have not matured as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities, including amortisation of discount, are recognised in the profit and loss account. HTM securities which have not matured as at the balance sheet date are amortised at year-end, and gains or losses on amortisation are recognised in other reserves as part of equity.

## iii) Provision on loans and advances

IFRS: As per IFRS 9: Financial Instruments, an entity shall recognise an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses, if the credit risk on these loans and advances has increased significantly since initial recognition, whether assessed on an individual or collective basis, considering all reasonable information (including that which is forward-looking). For those loans and advances for which credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12-month expected credit losses that may result from default events on such loans' and advances that are possible within 12 months after the reporting date.

**Bangladesh Bank:** As per BRPD Circular no. 07, dated 21 June 2018, BRPD Circular no 13, dated 18 October 2018, BRPD circular No. 15, dated 27 September 2017, BRPD circular no. 16, dated 18 November 2014, BRPD circular no. 14, dated 23 September 2012, BRPD circular no. 05, dated 29 May 2013, BRPD circular no. 1, dated 20 February 2018 and BRPD circular no. 3, dated 21 April 2019, a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard and SMA loans) has to be maintained regardless of objective evidence of impairment. Also, provision for different categories of classified loans (sub-standard, doubful and bad and loss loans) has to be provided at 20%, 50% and 100%, respectively, for loans and advances depending on time past due. Again, as per BRPD circular no. 14, dated 23 September 2012 and BRPD circular no. 07, dated 21 June 2018, a general provision at 1% is required to be provided for all off-balance sheet exposures except on 'bills for collection' and 'guarantees' where the counter guarantees have been issued by multilateral development bank (MDB)/international bank having BB rating grade '1' equivalent outlined in the Guidelines on Risk Based Capital Adequacy (Revised Regulatory Capital Framework for banks, in line with Basel-III). Such provision policies are not specifically in line with those prescribed by IFRS 9.

## (v) Other comprehensive income

IFRS: As per IAS 1 Presentation of Financial Statements, other comprehensive income is a component of financial statements or the elements of other comprehensive income are to be included in single comprehensive income statements.

Bangladesh Bank: Bangladesh Bank has issued templates for financial statements which will strictly be followed by all banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income nor are the elements of Other Comprehensive Income allowed to be included in a single Other Comprehensive Income (OCI) statement. As such, the bank does not prepare Other Comprehensive Income statement. However, elements of OCI, if any, are shown in the statement of Changes in Equity.

## v) Financial Instruments - presentation and disclosure

In several cases, Bangladesh Bank guideline categories recognise, measure and present financial instruments differently from those prescribed in IFRS 9: Financial Instruments. Hence, some disclosure and presentation requirements of IFRS 7 Financial Instruments: Disclosures and IAS 32 Financial Instruments: Presentation cannot be made in the financial statements.

## vi) Repo and reverse repo transactions

**IFRS:** As per IFRS 9, when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan, and the underlying asset continues to be recognised at amortised cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per DOS Circular letter no. 6, dated 15 July 2010, and subsequent clarification in DOS Circular no. 03, dated 30 January 2012 and DOS circular no. 2, dated 23 January 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transaction, and the financial assets are de-recognised in the seller's book and recognised in the buyer's book.

However, as per DMD circular letter no. 7, dated 29 July 2012, non-primary dealer banks are eligible to participate in the Assured Liquidity Support (ALS) programme, whereby such banks may enter collateralised repo arrangements with Bangladesh Bank. Here, the selling bank accounts for the arrangement as a loan, thereby continuing to recognise the asset.

## vii) Financial guarantees

IFRS: As per IFRS 9: Financial Instruments, financial guarantees are contracts that require an entity to make specified payments to reimburse the holder for a loss it incurs if a specified debtor fails to make payment when due, in accordance with the term of debt instruments. Financial guarantee liabilities are recognised initially at their fair value, and the initial fair value is amortised over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortised amount, and the loss allowance determined as expected credit loss under IFRS 9. Financial guarantees are prescribed to be included within other liabilities.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, financial guarantees, such as Letter of Credit and Letter of Guarantee should be treated as off balance sheet items. No liability is recognised for the guarantee, except the cash margin.

## vili) Cash and cash equivalents

IFRS: Cash and cash equivalent items should be reported as cash item as per IAS 7: Statement of Cash Flows.

Bangladesh Bank: Some cash and cash equivalent items, such as money at call and on short notice, treasury bills, Bangladesh Bank bills and prize bonds are not shown as cash and cash equivalents. Money at call and on short notice is shown separately in the balance sheet. Treasury bills, Bangladesh Bank bills and prize bonds are shown under investment in the balance sheet. However, in the cash flow statement, money at call and short notice and prize bonds are shown as cash and cash equivalents beside cash-in-hand, balance with Bangladesh Bank and other banks.

## ix) Non-banking assets

IFRS: There is no particular/specific guideline about non-banking assets in IFRS.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, there is a separate balance sheet item titled as non-banking asset that exists in the standard format.

## x) Cash flow statement

**IFRS:** As per *IAS 7: Statement of Cash Flows*, cash flow statement can be prepared either in direct method or indirect method. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, the cash flow statement is a mix of both the direct and indirect methods.

## xi) Balance with Bangladesh Bank

IFRS: Balance with Bangladesh Bank should be treated as other asset, as it is not available for use in day to day operations, as per IAS 7: Statement of Cash Flows.

Bangladesh Bank: Balance with Bangladesh Bank is treated as cash and cash equivalents.

## xii) Presentation of intangible asset

IFRS: Intangible assets must be identified and recognised, and the disclosure must be given as per IAS 38:

Bangladesh Bank: Intangible assets are shown in fixed assets, including premises and furniture and fixtures, as there is no specific regulation for intangible assets in BRPD circular no. 14, dated 25 June 2003.

### xili) Off balance sheet items

IFRS: As per IFRS, there is no requirement for disclosure of off balance sheet items on the face of the balance

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, off balance sheet items, e.g. Letter of Credit, Letter of Guarantee and Acceptance must be disclosed separately on the face of the balance sheet.

### xiv) Disclosure of appropriation of profit

IFRS: There is no requirement to show appropriation of profit on the face of statement of comprehensive income.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, appropriation of profit should be disclosed on the face of profit and loss account.

### xv) Loans and advances/investments net of provision

IFRS: As per IFRS 9, loans and advances/investments should be presented net of provision.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, provision on loans and advances/investments are presented separately as liability and cannot be netted-off against loans and advances.

## xvi) Recognition of interest in suspense

**IFRS:** Loans and advances to customers are generally classified at amortised cost as per IFRS 9, and interest income is recognised in the profit and loss account by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently becomes credit-impaired, the entity shall apply the effective interest rate to the amortised cost of these loans and advances.

Bangladesh Bank: As per BRPD circular no. 14, dated 23 September 2012, once a loan is classified as impaired, interest on such loans are not allowed to be recognised as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in the balance sheet. xvii) Provision on undrawn loan commitments

IFRS: As per IFRS 9, the bank shall recognise credit losses on undrawn loan commitments, such as Letter of Credit (L/C), Letter of Guarantee (L/G), etc., as the present value of the difference between the contractual cash flow that are due by the customer if the commitment is drawn down and the cash flows that the bank expects to receive.

Bangladesh Bank: As per BRPD Circular no. 07, dated 21 June 2018, and BRPD Circular no. 14, dated 23 September 2012, the bank is required to maintain a provision at 1% rate against off balance sheet exposures (which includes all types of undrawn loan commitments).

### xviii) Name of the financial statements

IFRS: As per IAS 1, complete set of financial statements consists statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows and notes, comprising significant accounting policies and other explanatory information.

Bangladesh Bank: The forms of financial statements and directives for preparation thereof of the bank companies in Bangladesh are guided by BRPD Circular no. 14, dated 25 June 2003 and subsequent amendments thereof from time to time. BRPD circular no. 14 states the statement of financial position as balance sheet and statement of profit or loss and other comprehensive income as profit and loss account.

## 2.2 Going concern

The accompanying financial statements have been prepared on a going concern assumption that the Bank will continue in operation over the foreseeable future. The Bank has neither any intention nor any legal or regulatory compulsion to liquidate or curtail materially the scale of any of its operations. Key financial parameters (including liquidity, profitability, asset quality, provision sufficiency and capital adequacy) of the Bank continued to demonstrate a healthy trend for a couple of years. The rating outlook of the bank, as reported by Alpha Credit Rating agency is 'Stable'. The management do not see any issue with respect to going concern due to recent pandemic COVID-19. Besides, the management is not aware of any other material uncertainties that may cast significant doubt upon the bank's ability to continue as a going concern.

## 2.3 Functional and presentation currency

The financial statements are presented in Bangladeshi Taka (BDT), which is the Bank's functional currency. Except as indicated, figures have been rounded-off to the nearest Taka.

## 2.4 Use of estimates and judgments

The preparation of financial statements requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, and in any future periods affected. The key item which involve these judgments, estimates and assumptions are discussed below:

## Impairment losses on loans and advances

In addition to the provision made for loans and advances based on the guidelines of Bangladesh Bank, the Bank reviews its loans and advances portfolio on a monthly basis to assess whether a further allowance for impairment should be provided in the income statement. Judgments by the management is required in the estimation of these amounts, and such estimations are based on assumptions about a number of factors, though actual results may differ, resulting in future changes to the provisions.

### Other items

Other key items where estimates or judgements were involved include:

- a) Deferred tax (Note 13.6)
- b) Useful life of fixed assets and right of use of assets (Note 9)
- c) Provisions (Note 13)
- d) Lease liabilities (Note 3.3.4, 13)
- e) Provision for taxation (Note 13.4)

## 2.5 Materiality and aggregation

Each material item considered by the management as significant has been displayed separately in the financial statements. No amount has been set off, unless the Bank has a legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

## 2.6 Comparative Information

Accounting policies have been consistently applied by the Bank and are consistent with those used in the previous year. Comparative information is rearranged wherever necessary to conform with the current

## 2.7 Reporting period

These financial statements cover one calendar year - from 1 January to 31 December 2020.

#### Date of authorization 2.8

The Management has approved this financial statements on

#### 29 Cash flow statement

The cash flow statement has been prepared in accordance with IAS 7. Cash Flow Statements considering the requirements specified in BRPD circular no. 14 dated 25 June 2003 issued by the Banking Regulation and Policy Department of Bangladesh Bank.

- Loans and advances are on the basis of their repayment/ maturity schedule. C)
- Fixed assets are on the basis of their useful life. d)
- Other assets are on the basis of their assumption. e)
  - Borrowing from other banks, financial institutions and agents as per their maturity/ repayment term
- Ð Deposits and other accounts are on the basis of their maturity term and behavioural past trend of last one g)
- year. Other long term liability on the basis of their maturity term. h)
- Provisions and other liabilities are on the basis of their settlement. i١

#### 2.12 **Core Risk Management**

According to BRPD Circular No. 17 (7 October 2003) and BRPD Circular No.4 (5 March 2007) banks require to put in place an effective risk management system. Bangladesh Bank monitors the progress of implementation of these guidelines through its on-site inspection teams through routine inspection. The risk management systems of the bank are discussed below:

## **Risk management**

The Bank has in place an approved integrated Risk Management framework for managing Credit Risk, Market Risk, Liquidity Risk, and Operational Risk as evidenced by its Board approved "Risk Management Policy", "Market & Liquidity Risk Policy" and "Interest Risk Rate Policy". As per policy, reporting line of the risk management function has been kept completely independent of the business divisions. Following is the governance structure and important policies on Risk Management of the Bank:

- The Board of Directors through its sub-committee called 'Board Risk Management Committee (BRMC)' overseas overall risk of the Bank.

- RMD is the organizational arm performing the functions of identifying, measuring, monitoring and controlling the various risks and assists the Apex level committee and the various sub-committees in conversion of policies into action.

- Bank has an established Risk Management Division (RMD) for Bangladesh Operations in line with the similar set up of RMD in Head Office. It has a direct report to the RMD at Head Office with administrative reporting line to the Chief Risk Officer/Country Credit Head of Bangladesh Operations. As part of RMD, Treasury Middle Office (TMO) monitors day-to-day trading activities of the dealing room. TMO focuses on Market Risk in the portfolio where RMD at Head Office has been actively engaged in off-site review of the TMO for Bangladesh Operations and has been extending full support in addressing Risk related issues. MIS has been developed for addressing Market/Liquidity/Credit/Operational Risk Management, while As per requirement stipulated in guidelines, all sorts of Treasury dealing i.e., Dealer/Counterparty/MM & FX Gaps/Foreign Exchange Exposure Limit etc. are provided to RMD on a daily basis.

- An independent risk review function exists within the Bank in the form of Internal Audit Group, which reports directly to the Board Audit Committee.

- After conducting the quantitative impact studies, Bank had implemented Basel III under the purview of Bangladesh Bank guidelines and had complied with the capital adequacy requirement under Pillar-I of Basel III accord. Moreover, in light of Bangladesh Bank Circulars and Guidelines, liquidity standards under Basel III had also been implemented. The Bank has been pursuing Standardized Approach (SA) for calculating Credit & Market Risk, while Basic Indicator Approach (BIA) in gauging Operational Risk.

- RMD prepares "Monthly Risk Management Report (MRMR)" on a monthly basis and "Comprehensive Risk Management Report (CRMR)" on a half-yearly basis as part of regulatory requirement, which is also discussed in the 'Executive Risk Management Committee (ERMC)' meetings on monthly basis. These risk reports are prepared after receiving data/information from various departments/units, which are then compiled/refined while taking care of its validation & accuracy through cross matching of data with the statement of affairs, where applicable.

-Stress Test exercise is being conducted by RMD covering credit/liquidity/Forex/Capital Adequacy areas in order to gauge shock absorbing capacity of the bank. Shocks are applied at minor, moderate and major levels as to ascertain whether the bank would be able to sustain under these three stress situations.

## 2.12.1 Credit risk management

An integrated credit risk management system is already in place to ensure risk minimization and maintain asset quality. Bank maintains separate teams for marketing of new loans and risk assessment in order to ensure that no conflict of interest exists during the approval process. A comprehensive due diligence is mandatory before recommendation/approval of each credit proposals.

All loan proposals are initiated through the corporate team, which are subsequently elevated to the Credit Risk Management (CRM) Department. Upon receipt of the proposal, due diligence is conducted by CRM and Country Credit Head and subsequently same is placed to Country Credit Committee of Bangladesh (CCCB) with a credit memo for its consideration. CCCB, in line with its discretionary powers, approves, declines or recommends the proposals for next level approval. While conducting the due diligence, CRM ensures compliance of all local regulations as well as bank's internal policy.

Once credit facility(is) of a customer is approved, a formal sanction advice is communicated to the corporate team/branch office and Credit Administration Department (CAD) for further processing. In case of approval, upon completion of security/charge documentation and compliance of other terms & conditions as per the sanction, a Disbursement Authorization Certificate (DAC) is issued by CAD for allowing credit facilities to the clients. The function of CAD has also been kept separate and independent to ensure due diligence on documentation, operation, monitoring & reporting.

The credit risk assessment process, policies and manuals are reviewed with regular intervals, where improvements are made in line with changes in business dynamics, policies, macro-economic factors, technology and overall operational environment. A credit plan is formulated and finalized before starting of a new year and an appropriate targets are set in line with the bank's overall strategy, risk acceptance criteria, economic outlook of the country and policies of regulatory bodies. Subsequently, quarterly analysis against actual achievements viz-a-viz allocated targets is also carried out where appropriate strategy with remedial measures are also taken to improve the shortfalls.

With a view to strengthening the credit risk framework, Bank has developed a unique internal rating and electronic credit line proposal module named Credit Initiation & Internal Rating System (CIIRS) to assess borrower's health both on objective and subjective grounds before sanctioning any loan. This CIIRS score along with Bangladesh Bank prescribed Credit Risk Grading (CRG) score are evaluated for rating of a potential borrower before granting any loan approval. Moreover, in line with guidelines issued by Bangladesh Bank (BB) regarding Environmental and Social Risk Management (ESRM), Bank has already incorporated the environmental risk rating checklist for each proposal in order to ensure meticulous compliance. In addition to BB ESRM guidelines, an in-house comprehensive Environmental and Social Risk Management guidelines and environmental risk rating is also being conducted for each proposal. Appropriate terms, conditions and covenants are also made part of the sanction for better monitoring and to maintain a sound portfolio of the Bank under sustainable financing objectives.

On the other side, an active recovery unit (RU) is already in place for regular monitoring of overdue loans, watch list, classified, written off, rescheduled/ restructured accounts. RU of the bank is headed by the Country Credit Head (CCH) and comprised of members from Credit Risk Management (CRM), Credit Administration Department (CAD) and Corporate & Investment Banking Group (CIBG). RU regularly monitors the entire portfolio based on periodic MIS, where CCH collaborates with all the team members for any necessary action as and when required. An appropriate watch list parameters and early alert system is also in place for better monitoring of the weak accounts. A quarterly report on default and written off accounts is also submitted to MANCOM by RU to review the portfolio and to reconcile the action plans against each account.

## 2.12.2 Foreign exchange risk management

Foreign exchange risk arises from fluctuations in currency prices, influenced by various macro and micro economic factors. Contemporary financial institutions engage in activities starting from basic currency buy, sell, imports, exports and remittances to complex structured products. Within the bank, the Treasury department is vested with the responsibility to measure and minimise risk associated with bank's foreign currency position.

The currency risk is regulated and monitored against the regulatory/statutory limits enforced by Bangladesh Bank. The foreign exchange exposure, i.e., net open position limits in respective currencies are managed against the prescribed limits allowed by Bangladesh Bank and also through internal limits imposed by the group office.

## 2.12.3 Asset liability management

The significance of ALM to the financial sector is highlighted due to the dramatic changes in global economic environment, when closely regulated markets are giving way to market-driven economies. Managing Assets and Liabilities to foster a sustainable growth is one of the key issues of banking industry. After the GFC (Global Financial Crisis), managing the Liquidity and Market risk of banks attracts much more attention of the regulators and supervisors globally. The outcome of this concern was well reflected in the activities of the Basel Committee for Banking Supervision while formulating the Basel 2.5 and Basel III documents. The Liquidity (LCR and NSFR) and leverage ratios are primarily meant to address the above risks. Bangladesh Bank declared the Roadmap for the implementation of Basel III in the banking sector and issued ALM Policy guideline through BRPD Circular No. 2, dated March 7, 2016.

Asset-Liability Management function primarily focuses on strategic positioning of the balance sheet of the bank and is also considered as Balanced Liquidity Management. Liquidity Management has its two wings- Asset Management and Liability Management. Rising of excess assets like Investment & Advances in order to maximize profit may sometimes encounter liquidity crisis, which may lead to run on the bank and ultimate collapse. On the other hand keeping or excess liquidity may hamper the bank's growth by reducing its return/profit. So in both Asset Management & Liability Management is the main factor.

Asset Liability Management Policy of Bank Alfalah Limited aims to balance various important issues like profitability, risk, growth in asset & liability and stability as well as sustainability of earnings in a coherent manner by laying down a transparent framework for governance of the ALM function. Broadly, this policy aims to achieve the following objectives:

- Provide guidelines for appropriate diversification and selection of desirable investments to take advantage of arising opportunities in approved investment avenues;

- Provide parameters and criteria for investment in domestic market for the purpose of efficient utilization of resources, optimization of profit and regulatory compliance;

- Ensure that liquidity risk is effectively and proactively managed by the bank by maintaining desirable level of liquidity:

- Re-pricing of assets & liabilities with a view to profit maximization depending on market situation.

- Propel bank's strategic planning process for the benefit of the organization.
- Maintain different ratios and positions of balance sheet within regulatory and controllable limits.

- Control Liquidity Management by ensuring that the demand for funds is supported by cash and liquid assets in various alternative scenarios.

- Maximize net interest margins and manage interest Rate risk.

The ALCO's primary function/responsibility is to ensure the ALM Management in line with ALM guidelines provided by Bangladesh Bank as well as bank's own ALM guidelines for the strategic Management of asset and liabilities. ALCO regularly reviews bank's asset-liability position, overall economic condition, capital adequacy, balance sheet risk and take necessary steps to Maximize return. Besides these all regulatory requirements like CRR, SLR, RWA, LCR, NFSR are reviewed by asset liability committee.

## 2.12.4 Money laundering risk

Implement Bangladesh Bank's Guidelines for managing core risks, the Bank has long established the Anti Money Laundering Division (AMLD) that is centralized at the Country Office under direct Supervision of the CAMLCO. Additionally, the AMLD is continuously taking necessary steps to make the Bank compliant with Anti-Money Laundering (AML) issues including the continued Combating of Terrorist Financing (CTF) as per the legislations, guidelines and that of the compliance of circulars relating the same.

Keeping the enhanced monitoring and focus on Trade Based Money Laundering, the bank has rolled out technology-based solutions in order to strengthen the screening and control environment while ensuring robust regulatory reporting.

Especially, the Bank has adopted a stringent policy to monitor and mitigate the risks of suspicious accounts that are suspect of being used for money laundering. Furthermore, Bank has adopted another stringent policy to monitor and mitigate the risks of Money Laundering and Terrorist Financing, as under:

Arrangement to cover AML & CFT training sessions in 2020 for all employees comprises of existing and new employees and Senior Management. A schedule of branch and different functions inspection is in place to ensure that all functions are adhering the related AML and CTF regulations and Bank laid down policy and procedure on a continuous basis and do not offer services or provide assistance in transactions, which in possibly be associated with money being derived from suspect illegal/criminal activities or customer are under proscribed name by SDN, UN, OFAC, Bangladesh sanction list etc.

## 2.12.5 Internal Control and Compliance (ICC)

This Statement of Internal Controls is based on an ongoing process implemented to identify the risks in achieving the Bank's policies, procedure aims to establish corporate governance & accountability.

Management have their defined roles and responsibility to maintain an adequate and effective system of Internal Controls and every endeavour is made to implement sound control procedures and control environment.

The Bank's Internal Controls Policy outlines the overall Control Objectives, Controls Framework. Bank Alfalah Control Framework is built on 'Three Line of Defense Model' in line with the Bangladesh Bank Prudential Regulations on "Internal Control & Compliance" and Group policy. The Control Framework focuses on devising policies and procedures that outline control activities so that process owners perform their functions without any risk exposure. This aspect is further evaluated and monitored through various organizational functions, part of Risk Management, Compliance, Internal Controls and Internal Audit departments with different reporting structure to ensure independency and transparency.

The Bank's established Compliance and Controls Committee (CCC) which comprises of CEO and Senior Executives of the Bank are entrusted with enhanced governance and monitoring as part of the overall Control Environment. Internal control and Compliance analyze the major control gaps, escalate the issues and devise corrective action plan and develop training plans for the staff. Comprehensive reviews of KYC, AML, and other critical regulatory areas were triggered based on the alerts and exceptions generated from the dashboard. Anomalies identified as a result of different periodic and ongoing reviews are conveyed to the concerned stakeholders for taking necessary remedial measures, which significantly improved the controls environment of the Bank. Bank has also established full-fiedged AML UNIT to ensure detail control and governance for Anti money laundering and Combating terrorist financing directives by Bangladesh Financial Intelligence Unit (BFIU).

In order to ensure consistency in the process of compliance with the relevant guidelines, the Bank has followed the defined procedure for implementation of regulatory and group directives. Accordingly, the Bank has developed Governance Framework, completed a detailed documentation of the existing processes and controls, together with a comprehensive gap analysis of the control design and development of remediation plans for the range.

Furthermore, the Bank has developed a comprehensive Management Testing and Incident Reporting Framework under Risk Management Department for ensuring ongoing operating effectiveness of majority of key controls and has significantly addressed the design improvement opportunities identified during the year. While concerted efforts have always been made to comply with the Bangladesh Bank Guidelines i, the identification, evaluation and management of risks within each of the Bank's key activities and their continued evaluation and changes to procedures remains an ongoing process. In accordance with the BB directives, the Bank's External Auditors were engaged for annual review for yearly review.

Additionally Planning, Organizing & Supervising business performance metrics and the Audit & Inspection of Branches, including the monitoring of risk based business transactions have all been duly performed by the different divisions of the Bank in Bangladesh. Notable that Audit & Inspection Division of the Bank's conduct the Audit tin two aspects international Audit team conduct comprehensive for the Bangladesh operation while Country Audit team carries out Internal Audits to ensure compliance of regulatory directives as well as the synchronization and adherence to laid-out Policies & Procedures. This internal Audit reports directly to AIG and is independent from Country Management.

## 2.12.5.1 Internal audit

The Internal Audit (IA) setup at BAFL Bangladesh is an independent and comprehensive function which not only provides objective assurance regarding state of Governance, Risk management, Compliance and Controls; but also a consulting activity designed to add value by highlighting areas for improvement and thus helping the bank achieve its objectives effectively and efficiently.

Dynamic risk assessment and continuous evaluation of the overall control and risk environment, provision of reasonable assurance and placement of significant matters for oversight of the Board and its subcommittees, has remained the hallmark of our Internal Audit Function.

The independent reporting of Chief Internal Auditor (CIA)/Head of Internal Audit to the Board Audit Committee (BAC) ensures independent decision making. Further, ensuring compliance to professional standards and adherence to globally recognized Risk Based Audit Methodology along with the adoption of relevant components of internationally acclaimed COSO-Internal Control framework remained on top priority for our IA function. The same enables formulation of policies and strategy in line with Board Audit Committee (BAC) and Regulatory advices, correlating with the industry's best practices. The BAFL Bangladesh Internal Audit Unit is playing an important role by assisting the Board Audit committee (BAC) in executing its role by collecting & sharing the desired/required information and being instrumental in carrying out and follow up of the action points/instructions issued by Board Audit Committee (BAC).

Suitably equipped with professionally qualified and competent resources from auditing, accountancy, management professions; the Unit is operational under a diversified scope of work which encompasses audits of Retail-Conventional and Islamic Banking branches, Information System, Management audits, Risk Assets Reviews, and virtual monitoring through offsite surveillance system/desktop review alongside completion of thematic/special/regulatory assignments entrusted by Bangladesh Bank on need basis.

The vision, i.e. "To be the best Audit set up as per Global Standards and help shaping the future of the Bank", motivates and drives the leadership of Audit & Inspection Group (AIG) to keep on excelling in every aspect while keeping in mind the strategic directions set by the bank. Core values of learning, openness, empathy and trust have been pursued to align the activities of AIG with its vision and expectations of its stakeholders. These values play an integral part in helping the Audit and Inspection Group moving in the right direction.

## 2.12.5.2 Fraud and forgery

Bank has an effective mechanism in place to deal with any fraud & forgery. It has Fraud & Investigation Unit under Audit & Inspection Group at Head Office that reports to the Board through the Board's Audit Committee. The Unit performs fraud investigations to identify fraudulent acts and conducts post investigation fraud audits to identify control breakdowns and establish financial loss. Further, the stakeholders' interest has been secured by establishment of robust Whistle Blow policy where every whistle blown has been invariably reported to the Chair of the Audit Committee along with Group Head – Audit & Inspection.

During the period no fraud was identified by the Bank.

## 2.12.6 Information and Communication Technology IT Security Cyber risks:

Bank Alfalah has always been at the vanguard when it comes to adopting state of the art technology to provide product and services to its valued customer. The best application, the best hardware, the best people are the three things that have kept us in front.

Information Technology is a strategic tool that always transforms Bank Alfalah into an efficient modern financial institution. This division plays an integrated role to deliver services on time to our valued customer. BAFL relies on latest cutting edge technology that focuses on making transaction straightforward for customers by making complex accounting and record-keeping activities automated. We are always eager to adopt latest technology the industry can offer & introduce latest services which will make life easier for our clients.

We can offer wide range of products and anytime-anywhere banking by adopting latest technology the industry can offer. Using internet banking customer can view all kind of account activity instantly. He/she can transfer fund to any account of any bank within the country.

Bank has strong technology platform to support any kind of MIS development. MIS & Reporting platform from Business Insight to extract and present data in quickest possible time.

Bank Alfalah has entered into strategic partnerships with some of the best known Information Technology leaders to ensure reliability, stability and scalability.

One of our core strategies is techno-centricity for which we continuously evolve ourselves with the latest of it. At Bank Alfalah, life in technology means lives made much simple.

## 2.13 Corporate Social Responsibility

Bank Alfalah, over the years, had engaged pro-actively on different CSR endeavours addressing the socioeconomic development requirements of the country's struggling and financially disadvantaged segment of the society with a primary focus on identified thrust sectors such as education, health, community and environmental development etc. The Bank, ever since its inception, has also been moderately taking part in promoting various initiatives and sponsored numerous social initiatives like the National Children's Immunization Program, post Hurricane donation to relief fund, Educational and Extracurricular endeavours, Promotion of Culture & Heritage, support for Women Entrepreneurs, Promoting sports among young generation through sponsorship, patronizing career planning workshop for young graduates and Metropolis Beautification initiatives etc. These continuous efforts in CSR by the bank portray its positive image and core belief to inspire and empower people to do things differently and shape their own path in life and business.

In 2020, Bank Alfalah continued on sponsoring Gulshan Literacy Program (GLP) Foundation, which provides free quality education to poor street children through two schools. The bank sponsored nutritious diet to them in the form of milk throughout the period addressing their need for nutrition support. During the year, Bank provided relief packs to the underprivileged people of the country who were directly affected by the pandemic. A total of 700 relief packs was distributed to 700 families over the year. The bank had also conducted a winter blanket distribution program in three locations of the country i.e. outskirts of Dhaka, Chattogram and Sylhet. The winter blankets were provided to the cold stricken people of the country. The event was organized by the spontaneous participation of bank staff. A total of 700 blankets was provided to 700 families.

## 2.14 Green Banking

Bangladesh is considered as one those countries that will be seriously affected by the unavoidably obvious adverse effects of worldwide global warming impact to the likes of climate change, increased soil salinity, rising sea level etc. and few of which is gradually revealing as evident in imminent future. The Banking industry of the country, while remaining actively engaged in a pivotal role to constitute and catalyse effective development / strengthening the financial backbone of nation should also act responsibly to address the problem and thus adopted the practice of Green Banking under strong patronage of its regulatory body Bangladesh Bank.

Green Banking refers to the efforts of the Banking sector to keep the environment green and minimize greenhouse effects through rationalizing their strategies, policy, decisions and actions pertaining to Banking service, business and internal operational activities as well as to educate and motivate their clientele to adopt green practices through offering financially beneficial Banking services and preferential patronization. Green Banking thus may be considered as the initiatives from the Banks end as part of the nation's collective initiatives to save environment. Green Banks or environmentally responsible Banks not only just develop and establish their own principles but also exerts socially responsible behaviour towards other businesses. In accordance with the globally acceptable standard and regulatory frame work in vogue for green Banking, Bank Alfalah is actively involved in the following green activities:

- Gradually moving towards green financing and had incorporated Environmental Risk Grading in our Credit Approval process.

- Operating one ATM Booth with renewable solar power (fully) and planning to convert all our ATM Booths to green ATMs.

- Launched electronic Banking products and transaction services like Debit Cards, Internet Banking, Estatement, SMS Alert, BEFTN & RTGS services to reduce the usage of printing papers and stationeries.

- Launched electronic Banking products and transaction services like Debit Cards, Internet Banking, Estatement, SMS Alert, BEFTN & RTGS services to reduce the usage of printing papers and stationeries.

- Replaced conventional electronic equipments with energy efficient and green equipments.

- Replaced conventional electronic equipments with energy efficient and green equipments.

- Launched "Video Conferencing" through "IP Phone" to initiate meeting in lieu of physical travel which would help saving cost and energy.

- Personal Identification Number (PIN) delivery for cards has in the past been a costly and inconvenient paperbased process. Customers wait for delivery of paper PIN that can be delayed due to a variety of reasons. To address the issue, Retail Banking team explored alternate mediums for PIN delivery and developed a new PIN setting via phone Banking solution i.e. customer selects their own PIN upfront via the phone. It's convenient, near instantaneous, secure and paperless.

- Gradually replaced all Bank maintained transports with fuel efficient alternatives.

- Gradually replaced all Bank maintained transports with fuel efficient alternatives.

## 2.15 Credit Rating of the Bank

As per the BRPD instruction circular No.6 dated 5 July 2006, the Bank has done its credit rating by Alpha Credit Rating Limited based on the financial statements dated 31 December 2019.

Destinutors	Date of Rating	Long Term	Short Term	Valid Till	
Particulars	6-Jun-20	AA	ST - 1	31 July 2021	

Alpha Credit Rating Limited has retained the long-term rating AA (pronounced as 'double A) and Short-term rating ST-1 of Bank Alfalah Limited (Bangladesh operations) based on audited financials for the year ended 31 December 2019 and other relevant quantitative as well as qualitative information.

The long-term rating reflects the stability of financial performance along with satisfactory liquidity position, strong asset quality, increase in deposits & total assets, management quality and efficient fund management by the bank. Commercial Banks rated AA have strong credit quality and subject to very low credit risk. Short term rating of ST-1 represents bank's strong capacity for timely repayment of its obligations. Alpha Credit Rating observed bank's high quality corporate governance, satisfactory CSR activities over the years and sound environmental risk management policy.

#### Accounting for changes in policy, accounting estimates and errors 2.16

IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, states that the effect of a change in accounting policy and correction of errors, if material, is to be applied retrospectively, and change in an accounting estimate is to be applied prospectively. The carrying amount of assets, liabilities, or equity may be changed following a change in accounting estimates in the period of the change. The bank followed the same accordingly.

Designation

#### **Board Audit Committee (BAC)** 2.17

Name	
Mr. Khalid Qurashi	•

Mr. Khalid Qurashi	Chairman
Mr. Abdulla Khalil Al Mutawa	Member
Mr. Khalid Mana Saeed Al Otaiba	Member
Mr. Efstratios Georgios Arapoglou	Member
Dr. Ayesha Khan	Member
Mr. Tahir Khurshid	Secretary

#### Workers profit participation fund (WPPF) 2.18

As per Bangladesh Labour Act 2006 (the Act) and amendments thereof, an employer is required to pay 5% of its net profit to the 1) Workers Participatory Fund (80%), 2) Workers Welfare Fund (10%) and 3) Workers Welfare Foundation Fund (10%) for further appropriate disbursement of the funds to all members (i.e. Beneficiaries, as defined under the Act) as prescribed under the Act. However, on February 14, 2017, Ministry of Finance (Bank & Financial Institution Division) issued a letter to the Secretary, Ministry of Labour and copied to the Governor, Bangladesh Bank and Chairman of the Association of Bankers, Bangladesh Limited (ABB) and instructs the Ministry of Labour & Manpower to take necessary action not to apply Section 55 of the Bangladesh Labour Act on Banks and financial institutions. Hence, no provision is required for WPPF payments is being kept.

#### 2.19 General

Figures appearing in the financial statements have been rounded-off to the nearest Taka. a)

- Figures of previous year have been rearranged, wherever considered necessary, to conform with the b) current year's presentation.
- The expenses, irrespective of capital or revenue in nature, accrued/due but not paid have been provided C) for in the books of accounts.

#### 3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements of the bank have been applied consistently except otherwise instructed by Bangladesh Bank as the prime regulator. Certain comparative amounts in the financial statements have been reclassified and rearranged to conform to the current year's presentation.

#### Foreign currency transactions 3.1

According to IAS 21 "The Effects of Changes in Foreign Exchange Rates" transactions in foreign currencies are recorded in the functional currency at the rate of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the spot exchange rate at that date. Nonmonetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated into the functional currency at the spot exchange rate at the date that the fair value was determined. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction

Foreign currency differences arising on translation are recognised in the profit and loss statement.

#### Assets and basis of their valuation 3.2

## 3.2.1 Cash and cash equivalents

Cash and cash equivalents include notes and coins on hand, ATM, unrestricted balances held with Bangladesh Bank and its agent bank, balance with other banks and financial institutions, money at call and short notice, investments in treasury bills, Bangladesh Bank bill and prize bonds.

### 3.2.2 Investments

All investments are initially recognised at cost including acquisition charges associated with the investment. Premiums are amortised and discount accredited using the effective or historical yield method. Accounting treatment of government treasury bills and bonds (categorised as HFT and HTM) are made in accordance with Bangladesh Bank DOS Circular letter no. 05, dated 26 May 2008 and subsequent clarifications DOS Circular letter no. 05 dated 28 January 2009.

## Held to Maturity

Investments which have 'fixed or determinable payments' and are intended to be held to maturity are classified as 'Held to Maturity'. These are measured at amortised cost at each year end by taking into account any discount or premium in acquisition. Any increase or decrease in value of such investments are booked under equity and in the profit and loss statement respectively.

### Held for Trading

Investments classified in this category are acquired principally for the purpose of selling or repurchasing in short trading or if designated as such by the management. After initial recognition, investments are marked to market weekly and any decrease in the present value is recognised in the Profit and Loss Account and any increase is booked to Revaluation Reserve Account through Profit and Loss Account as per DOS Circular no. 05 dated 28 January 2009.

Value of investments has been shown as under:

Investment Class	Initial Recognition	Measurement after initial recognition	Recording of changes
Govt. treasury securities Held to Maturity (HTM)	Cost	Amortised cost	Increase in value of such investments is booked to equity, decrease to profit and loss account.
Govt. treasury securities Held for Trading (HFT)	Cost	Fair value	Loss to Profit and Loss Account, gain to Revaluation Reserve through Profit and Loss Account.
Debenture/Bond	Face value	Face value	None
Prize bond	Cost	Cost	None

## 3.2.3 Loans and advances/investments and provisions for loans and advances/investments

- a) Loans and advances of conventional Banking/investments of Islamic Banking branches are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and that the Bank does not sell in the normal course of business.
- b) At each balance sheet date and periodically throughout the year, the Bank reviews loans and advances to assess whether objective evidence that impairment of a loan or portfolio of loans has arisen supporting a change in the classification of loans and advances, which may result in a change in the provision required in accordance with BRPD circular no. 03 (21 April 2019), BRPD circular no.1 (20 February 2018), BRPD circular no.15 (27 September 2017), BRPD circular no.16 (18 November 2014), BRPD circular no. 05 (29 May 2013), BRPD circular no.14 (23 September 2012) and BRPD circular no. 19 (27 December 2012). The guidance in the circular follows a formulaic approach whereby specified rates are applied to the various categories of loans as defined in the circular. The provisioning rates are as follows:

Types of loans and advances		Provision			
	STD	SMA	ss	DF	BL
Consumer: House building and professional	1.00% - 2.00%	00% - 2.00%	20.00%	50.00%	100.00%
Other than housing finance & professionals to setup business	2.00% - 5.00%		20.00%	50.00%	100.00%
Provision for loan to broker house, merchant banks, stock dealers, etc	2.00%	2.00%	20.00%	50.00%	100.00%
Short-term agri-credit and micro credit	1.00%	1.00%	5.00%	5.00%	100.00%
Small and medium enterprise finance	0.25%	0.25%	20.00%	50.00%	100.00%
Others	1.00%	1.00%	20.00%	50.00%	100.00%

BRPD Circular no.14 (23 September 2012) as amended by BRPD Circular no. 19 (27 December 2012) also provides scope for further provisioning based on qualitative judgments. In these circumstances impairment losses are calculated on individual loans considered individually significant based on which specific provisions are raised. If the specific provisions assessed under the qualitative methodology are higher than the specific provisions assessed under the formulaic approach above, the higher of the two is recognised in liabilities under "Provision for loans and advances" with any movement in the provision charged/released in the profit and loss account. Classified loans are categorised into sub-standard, doubtful and bad/loss based on the criteria stipulated by Bangladesh Bank guideline.

c) Loans and advances are written off to the extent that i) there is no realistic prospect of recovery, and ii) against which legal cases are filed, where required and classified as bad/loss as per as per BRPD circular no. 02 dated 13 January 2003, BRPD circular no. 13 dated 07 November 2013 and BRPD circular no. 01 dated 06 February 2019 of Bangladesh Bank.

These write off however will not undermine/affect the claim amount against the borrower. Detailed memorandum records for all such written off accounts are maintained and followed up.

### 3.2.4 Staff loan

House Loan, Car Loan, Conveyance Finance Loan and Personal Loan are provided to the permanent staff at a subsidised rate. Criteria and detail of type wise staff loan are given below:

House loan: A permanent staff completing 3 years of uninterrupted service with the Bank or an experienced staff serving not less than 5 years of his service life including 1 year with BAFL can avail house building loan subject to getting approval from Human Resource Department, Head Office Karachi with the recommendations of Country Head -Bangladesh Operations and Group Head of International Business.

Car Loan: Local officers Range-VI and above will be eligible to avail car Loan facilities. Branch Manager below range VI may also be allowed car loan facility with the entitlements equivalent to Range-VI and fuel entitlement for 200 litters at the discretion of the management. The loan is approved by Country Head or Country Operation Head.

Personal Loan: An employee completing his or her 3 months of services with BAFL can avail Personal Loan. The loan is approved by Country Head or Country Operation Head of BAFL, BD operations.

Conveyance Finance Loan: Local BAFL officers Range-IV to V will be eligible to avail Car Loan facilities. This loan arrangement is like as allowance who doesn't get car loan facility. Coveyance Finance Loan loan is approved by Country Head or Country Operation Head of BAFL, BD operations.

## 3.2.5 Fixed assets (property, plant and equipment)

## Recognition and measurement

As per IAS 16 "Property and Equipment" Items of fixed assets excluding land are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Land is carried at cost.

Purchase of software that is integral to the related equipment is capitalised as part of that equipment.

Cost includes expenditure that are directly attributable to the acquisition of asset and bringing to the location and condition necessary for it to be capable of operating in the intended manner.

When significant parts of an item of fixed asset have different useful lives, they are accounted for as separate items (major components) of fixed assets.

The gain or loss on disposal of an item of fixed asset is determined by comparing the proceeds from disposal with the carrying amount of the item of fixed asset, and is recognised in other income/other expenses in profit or loss.

### Subsequent costs

The cost of replacing a component of an item of fixed asset is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Bank and its cost can be measured reliably. The carrying amount of the replaced parts is derecognised. The costs of the day to day servicing of fixed assets are recognised in the profit and loss statement as incurred.

## Depreciation

Depreciation on fixed assets are recognised in the profit and loss statement on straight line method over its estimated useful lives. In case of acquisition of fixed assets, depreciation is charged from the month of acquisition, whereas depreciation on disposed off fixed assets are charged up to the month prior to the disposal. Asset category wise depreciation rates for the current and comparative periods are as follows:

Category of assets	Rate of depreciation
Furniture, fixture and fittings	10%
Leasehold improvement	20%
Office equipments	20%
Staff equipments	20%
<ul> <li>Computer and related equipments</li> </ul>	25%
Motor vehicles	25%

## 3.2.6 Leases

## Right-of-use assets

The Bank recognises right-of-use assets at the date of initial application of IFRS 16. Right-of-use assets are measured at cost, less any accumulated depreciation, and adjusted for any re-measurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the lease term. The right-of-use assets are presented under "Fixed assets including premises, furniture and fixtures"

## Short-term leases and leases of low value assets

The Bank has elected not to recognise right-of-use assets and lease liabilities for leases of short-term leases, i.e. for which the lease term ends within 12 months of the date of initial application. The Bank recognises lease payments associated with these leases as an expense.

The contracts for all leased premises including branches, head office, regional offices, data centers, ATM booths and disaster recovery centers are considered for implementation of IFRS 16.

## 3.2.7 Provisions for other assets

BRPD Circular no.14 (25 June 2001) requires a provision of 100% on other assets which are outstanding for one year and above. The Bank maintains provisions in line with this circular unless it assesses there is no doubt of recovery on items of other assets in which case no provision is kept.

## 3.2.8 Intangible assets and its amortisation

Software acquired by the Bank is stated at cost less accumulated amortization and accumulated impairment losses. Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

Amortization is recognized in profit or loss on a straight-line basis over the estimated useful life of the software, from the date that it is available for use since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. In case of acquisition of software, amortization is charged from the month of acquisition, whereas amortization on disposed off software is charged up to the month prior to the disposal. The estimated useful life of software is five years as such amortization is charged at the rate of 20% per annum.

Amortization methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

## 3.2.9 Reconciliation of inter-bank and inter-branch account

Account with regard to inter-bank (in Bangladesh and outside Bangladesh) are reconciled regularly and there are no material differences which may affect the financial statements significantly. Un-reconciled entries/balances in the case of inter-branch transactions on the reporting date are not material.

#### Liabilities and basis of their valuation 3.3

## 3.3.1 Borrowings from other banks, financial institutions and agents

Borrowings from other banks, financial institutions and agents includes refinance from Bangladesh Bank against agro-based credit, SME and EDF Loan etc., interest-bearing borrowings against securities from Bangladesh Bank, call borrowing from other banks and borrowing from other multilateral organisations. These items are brought to financial statements at the gross value of the outstanding balance. Details are shown in note 11.

## 3.3.2 Deposits and other accounts

Deposits and other accounts include non interest-bearing current deposit redeemable at call, interest bearing on demand and short-term deposits, savings deposit and fixed deposit. These items are brought into financial statements are at the gross value of outstanding balance. Details are shown in note 12.

## 3.3.3 Lease liabilities

At the commencement date of the lease, the Bank recognises lease liabilities measured at the present value of lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. Lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect interest on the lease liability. and re-measuring the carrying amount to reflect any reassessment or lease modifications.

Interest on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability.

## 3.3.4 Provision for liabilities

As per IAS 37, provisions are recognised when it is probable that an outflow of economic benefits will be required to settle a current legal or constructive obligation as a result of past events, and a reliable estimate can be made of the amount of the obligation.

## 3.3.5 Provision for Off-balance sheet exposure

As per BRPD circular no.14 (23 September 2012) the Bank has recognised 1% General Provision on the following off balance sheet exposures as defined in BRPD circular no.10 (24 November 2002) considering the exemption as provided through BRPD circular no.01 (03 January 2018), BRPD circular no.7 (21 June 2018), BRPD circular no.13 (18 October 2018), BRPD circular no.02 (25 February 2019), BRPD circular no.09 (27 May 2019) and BRPD circular letter no.BPRD(P-1)/661/13/2019-354 (13 January 2020) January 2020)

- Acceptance and endorsements
- Letters of guarantee
- Irrevocable letters of credit
- Foreign exchange contracts

## 3.3.6 Provisions on balances with other banks and financial institutions (Nostro accounts)

Provision for unsettled transactions on nostro accounts is made as per Foreign Exchange Policy Department (FEPD) circular no. FEPD (FEMO) / 01/2005-677 dated 13 September 2005 of Foreign Exchange Policy Department (FEPD) of Bangladesh Bank and reviewed semi-annually by the Bank's management along with duly certified by the external auditor. On the reporting date, the Bank has no unsettled transactions outstanding for more than 3 months and no provision has been made in this regard.

## 3.3.7 Provision for rebate to good borrower

As per BRPD Circular no. 06 (19 March 2015) and BRPD Circular Letter no 03 (16 February 2016) of the Banking Regulation and Policy Department (BRPD) of Bangladesh Bank, commercial banks are required to provide 10% rebate on the interest charged from "good borrowers" subject to some qualifying criteria.

## 3.3.8 Other liabilities

Other liabilities comprise items such as provision for loans and advances/investments, provision for taxation, interest payable, interest suspense, accrued expenses, lease obligation etc. Other liabilities are recognised in the balance sheet according to the guidelines of Bangladesh Bank, Income Tax Ordinance, 1984 and internal policy of the Bank.

## 3.4 Capital/Shareholders' equity

## 3.4.1 Head office fund

This represents amounts deposited with Bangladesh Bank in foreign currency as a part of minimum capital requirements. According to subsection 3 of Section 13 of the Bank Company Act, 1991 as amended by BRPD Circular no. 11 dated 14 August 2008 and BRPD Circular no. 18 dated 21 December 2014 all Banks are required to deposit with Bangladesh Bank the higher of Tk. 4,000 million and minimum capital requirement calculated as 10% of risk weighted assets. Details are shown in Note 14.

### 3.4.2 Other reserve

Other reserve arises from the revaluation of treasury bills, Bangladesh Bank bills and treasury bonds (HFT and HTM) in accordance with the DOS Circular no. 5 dated 26 May 2008 and DOS(SR) 1153/120/2010 dated 8 December 2010.

## 3.5 Revenue recognition

## 3.5.1 Interest income

Interest on loans and advances is calculated on daily basis. Based on product features, interest is accrued or charged to customers' accounts on monthly/quarterly basis.

In accordance with BRPD Circular no.14 (23 September 2012) as amended by BRPD Circular No. 19 (27 December 2012) interest accrued on sub-standard loans and doubtful loans are credited to an "Interest Suspense Account" which is included within "Other liabilities". Interest from loans and advances ceases to be accrued when they are classified as bad/loss. It is then kept in interest suspense in a memorandum account.

## 3.5.2 Profit on investment (Islamic Banking)

Mark-up on investment is taken into income account proportionately from profit receivable account. Overdue charge/compensation on classified investments are transferred to profit suspense account instead of income account.

### 3.5.3 Investment income

Income on investments are recognised on accrual basis. Investment income includes discount on treasury bills and Bangladesh Bank bills, interest on treasury bonds and fixed deposit with other banks. Capital gain on investments in shares are also included in investment income. Capital gain is recognised when it is realised.

## 3.5.4 Fees and commission income

The Bank earns commission and fee income from a diverse range of service provided to its customers. Commission and fee income is accounted for as follows:

- income earned on the execution of a significant act is recognised as revenue when the act is completed
- income earned from services provided is recognised as revenue as the services are provided
   Commission charged to customers on letters of credit and letters of guarantee are credited to income at the time of effecting the transactions.

## 3.6 Interest paid on borrowing and other deposits (Conventional banking)

Interest paid and other expenses are recognised on accrual basis.

## 3.7 Profit shared on deposits (Islamic banking)

Profit shared to mudaraba deposits are recognised on accrual basis.

### 3.8 Dividend Income

Dividend income is recognised when the right to receive income is established. Dividends are presented under investment income.

### 3.9 Others

## Foreign exchange gain/ loss

Exchange income includes all gain and losses from foreign currency day to day transactions, conversions and revaluation of non monetary items.

### 3.10 Employee benefits

## 3.10.1 Provident Fund

Provident Fund benefits are given to the permanent staff of the Bank in accordance with the registered Provident Fund rules. The Commissioner of Income Tax, Taxes Zone - 6, Dhaka, has approved the Provident Fund as a recognized fund within the meaning of section 2(52) read with the provisions of part - B of the First Schedule of Income Tax Ordinance 1984. The reorganization took effect on 1 June 2005. The Provident Fund is operated by a Board of Trustees consisting of 5 members of the Bank. All confirmed employees of the Bank are contributing 10% of their basic salary as subscription to the Provident Fund. The Bank also contributes equal amount to the Provident Fund. Contributions made by the Bank are charged as expense and the Bank also contributes tiability. Interest earned from the Investments is credited to the members' account on yearly basis. Members are eligible to get both the contribution after 5 years of continuous service from the date of their membership. By Law the Provident fund is duly audited by Rahman Rahman Huq, Chartered Accountants.

## 3.10.2 Gratuity Fund

The Bank operates an approved funded gratuity scheme covering eligible employees whose period of employment with the Bank is five years or more. Gratuity is payable to staff on completion of the prescribed qualifying period of service under the scheme. The Banks liability on this account stands as on 31 December 2020 was fully provided in accounts considering the staffs accumulated gratuity entitlements for their service with the Bank. The Gratuity Fund had been approved by the National Board of Revenue in February 2011.

## 3.10.3 Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Bank has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

## 3.11 Tax expense

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in the profit and loss statement except to the extent that it relates to items recognised directly in equity.

## 3.11.1 Current tax

Current tax is the tax expected to be payable on the taxable profit for the year, calculated using tax rates as prescribed in the Income Tax Ordinance (ITO) 1984 and relevant Statutory Regulatory Orders (SRO) and any adjustment to tax payable in respect of previous years. Currently the income tax rate applicable for publicly non-traded banks is 40%.

### 3.11.2 Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries to the extent that it is probable that they will not reverse in the foreseeable future; and
- temporary differences arising on the initial recognition of goodwill.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities against current tax assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entitles but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

## 3.11.3 Tax exposures

In determining the amount of current and deferred tax, the Bank takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. This assessment relies on estimates and assumptions and may involve a series of judgments about future events. New information may become available that causes the Bank to change its judgment regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

## 3.12 Impairment of non-financial assets

The carrying amounts of the Bank's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its Cash Generating Unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs) and then to reduce the carrying amount of the other assets in the CGU (group of CGUs) on a pro rata basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

## 3.13 Contingent Liability

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events. A contingent liability arises when some, but not all, of the criteria for recognizing a provision are met.

IAS 37 applies prudence by deeming a past event to give rise to a present obligation and an entity shall not recognize a contingent liability. However, if it is possible rather than probable that an obligation exists, a contingent liability will exist, not a provision in the financial statements. An entity shall disclose for each class of transaction of contingent liability at the end of the reporting period if the contingent liability is not remote.

## 3.14 Contingent Assets

A contingent asset is possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity. Contingent assets are never recognised; rather they are disclosed in the financial statements when they arise.

The most significant areas where estimates and judgments have been applied are to calculate provision for loans, advances and investments as per Bangladesh Bank guideline.

# 3.15 Compliance of International Financial Reporting Standard (IFRSs)

While preparing the financial statements, the Bank applied most of IASs and IFRSs. Details are given below:

Name of the standards	IFRS Ref.	Implementation status by the Bank
First-time Adoption of Bangladesh Financial Reporting Standards	IFRS-1	Not applicable
Share-based Payment	IFRS-2	Not applicable
Business Combinations	IFRS-3	Not applicable
Insurance Contracts	IFRS-4	Not applicable
Non-current Assets Held for Sale and Discontinued Operations	IFRS-5	Not applicable
Exploration for and Evaluation of Mineral Resources	IFRS-6	Not applicable
Financial Instruments: Disclosures	IFRS-7	Applied with some departure (note 2.1.1)
Operating Segments	IFRS-8	Not Applicable
Financial Instruments	IFRS-9	Applied with some departure (note 2.1.1)
Consolidated Financial Statements	IFRS-10	Not Applicable
Joint Arrangements	IFRS-11	Not applicable
Disclosure of Interest in Other Entitles	IFRS-12	Not Applicable
Fair Value Measurement	IFRS-13	Applied with some departure (note 2.1.1)
Regulatory Deferral Accounts	IFRS-14	Not applicable
Revenue from contractors with customers	IFRS-15	Applied
Leases	IFRS-16	Applied
Presentation of Financial Statements	IAS-1	Applied with some departure (note 2.1.1)
Inventories	IAS-2	Not Applicable
Statement of Cash Flows	IAS-7	Applied with some departure (note 2.1.1)
Accounting Policies, Changes in Accounting Estimates and Errors	IAS-8	Applied
Events after the Reporting Period	IAS-10	Applied
Construction Contracts	IAS-11	Not Applicable
Income Taxes	IAS-12	Applied
Property, Plant and Equipment	1AS-16	Applied
Employee Benefits	IAS-19	Applied
Accounting for Government Grants and Disclosure of Govt Assistance	IAS-20	Not Applicable
The Effects of Changes in Foreign Exchange Rates	IAS-21	Applied
Borrowing Costs	IAS-23	Not Applicable
Related Party Disclosures	IAS-24	Applied
Accounting and Reporting by Retirement Benefit Plans	IAS-26	Not Applicable
Separate Financial Statements	IAS-27	Applied
Investments in Associates and Joint Venture	IAS-28	Not Applicable
Interests in Joint Ventures	IAS-31	Not Applicable
Financial Instruments: Presentation	IAS-32	Applied with some departure (note 2.1)
Earnings per Share	1AS-33	Not Applicable
	IAS-34	Not Applicable

Impairment of Assets Provisions, Contingent Liabilities and Contingent Assets	AS-37	Applied
	IAS-38	Applied
Intangible Assets	IAS-40	Not Applicable
Investment property	IAS-41	Not Applicable
Agriculture	1	The photoe

In order to comply with certain specific rules and regulations of Bangladesh Bank which are different to IAS/IFRS, some of the requirements specified in these IAS/IFRSs are not applied. Refer to note- 2.1 for such recognition and measurement differences that are most relevant and material to the Bank.

## Reason for departure from IFRS

Reason for departure from IFRS The Central Bank of Bangladesh ('Bangladesh Bank'), as regulator of the banking industry, has issued a number of circulars/directives which are not consistent with the requirements specified in IAS/IFRS, as referred above. In such cases, the Bank has followed regulatory requirements specified by Bangladesh Bank (Note - 2.1).

## 3.16 Standards issued but not yet effective

Financial Reporting Council (FRC) has adopted following new standards and amendments to standards during the year 2017. All previously adopted reporting standards are consistently applied by the Bank as explained in Note 3.15.

A number of new standards and amendments to standards are issued but not yet effective for annual periods beginning after 1 January 2020 and earlier application is permitted. However, the Bank has not adopted early the following new or amended standards in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Bank when they become be applicable.

i) Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16). ii) Reference to Conceptual Framework (Amendments to IFRS 3). iii) Classification of Liabilities as Current or Non-current (Amendments to IAS 1).

iv) IFRS 17 Insurance Contracts and amendments to IFRS 17 Insurance Contracts.

## 3.17 Offsetting

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the group has a legal right to set off the recognised amounts and it intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis only when permitted under IFRSs, or for gains and losses arising from a group of similar transactions such as in the group's trading activity.

### 3.18 Segment reporting

The Bank has no identified operating segment and as such presentation of segmental reporting is not made in the financial statements as per IFRS 8.

### 3.19 Related party disclosures

A party is related to the company if:

(i) directly or indirectly through one or more intermediaries, the party controls, is controlled by, or is under common control with, the company; has an interest in the company that gives it significant influence over the company; or has joint control over the (ii) the party is an associate;

(iii) the party is a joint venture;

(iv) the party is a member of the key management personnel of the Company or its parent;

(v) the party is a close member of the family of any individual referred to in (i) or (iv);

(vi) the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v); or

(vii) the party is a post-employment benefit plan for the benefit of employees of the company, or of any entity that is a related party of the company.

Details of the related party disclosures presented in note -51.1 and Annexure- VI

## 3.20 Events after reporting period

As per IAS -10 "Events after Reporting Period" events after the reporting period are those events, favourable and unfavourable, that occur between the end of the reporting period and the date when the financial statements are authorised for issue. Two types of events can be identified:

(a) adjusting events after the reporting period (those that provide evidence of conditions that existed at the end of the reporting period); and

(b) non adjusting events after the reporting period (those that are indicative of conditions that arose after the reporting period).

Details of the Events after reporting period presented in note - 51.5.

\* Payable to Shamil bank is related to an obligation to pay by Bank Alfalah Bangladesh operation to Shamil bank. The reason is when Shamil bank was acquired by Bank Alfalah in 2005, Bank Alfalah paid an amount less than the required acquisition cost because there was tax claims by NBR against Shamil bank. If the claim goes in favour of Shamil bank then the amount will be paid to shamil bank in opposite case the amount will be paid to NBR.

## 14.1 Capital Adequacy Ratio - As per BASEL- III

To cope up with the international best practices and to make the bank's capital shock absorbent 'Guidelines on Risk Based Capital Adequacy (RBCA) for banks' (Revised Regulatory Capital Framework in line with BASEL II) was introduced from 1 January 2009 as a parallel run with BRPD Circular No. 10, dated 25 November 2002 (BASEL I). At the end of parallel run, BASEL II regime started from 01 January 2010 and the guidelines on RBCA came fully into force with its subsequent supplements/revisions. After that Bangladesh Bank issued 'Guidelines on Risk Based Capital Adequacy (RBCA) for banks' (Revised Regulatory Capital Framework in line with BASEL III) vide its BRPD Circular 18 dated 21 December 2014 that BASEL III reporting start from January 2015 and full implementation started from January 2019. Instructions regarding Minimum Capital Requirement (MCR), Adequate Capital and Disclosure requirement as stated in the guidelines had to be followed by all scheduled banks for the purpose of statutory compliance. BASEL III framework has three main components referred to as pillars:

i, Pillar I addresses minimum capital requirement;

ii. Pillar II elaborates the process for assessing the overall capital adequacy aligned with risk profile of a bank as well as capital growth plan; and

iii. Finally, Pillar III gives a framework of public disclosure on the position of a bank's risk profiles, capital adequacy, and risk management system.

Basel III reforms are the response of Basel Committee on Banking Supervision (BCBS) to improve the banking sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spill over from the financial sector to the real economy. "Basel III: A global regulatory framework for more resilient banks and banking systems" (known as Basel III capital regulations) in December 2010. Basel III reforms strengthen the bank-level i.e. micro prudential regulation, with the intention to raise the resilience of individual banking institutions in periods of stress. Besides, the reforms have a macro prudential focus also, addressing system wide risks, which can build up across the banking sector, as well as the pro-cyclical amplification of these risks over time. These new global regulatory and supervisory standards mainly addressed the following areas:

a) Raise the quality and level of capital to ensure banks are better able to absorb losses on both a going concern and a gone concern basis;

b) Increase the risk coverage of the capital framework;

c) Introduce leverage ratio to serve as a backstop to the risk-based capital measure;

d) Raise the standards for the supervisory review process (Pillar 2); and

e) Public disclosures (Pillar 3) etc.

To ensure smooth transition to Basel III, appropriate transitional arrangements have been provided for meeting the minimum Basel III capital ratios, full regulatory adjustments to the components of capital etc. In 2020, banking industry will embark on the full-fledged implementation of Basel III.

We have fully complied with all the directives provided by the Central bank from time to time, starting from Pillar 1, II and III reporting requirements to periodic Stress Testing activity etc.

Total tax expenses (credit)

Changes in estimates related to prior years

Though it appears that the Bank has tax file open since 2009 for various grounds mainly interpretation of laws and the treatment. The appeal filed at different level from Commissioner of Taxes Appeal to Honorable High Court Division. Where, we did not receive proper judgement through appeal from tax department, we preferred appeal before Appeleat Tribunal. Under the Appeals filed so far, we have both refund claim from Tax office and tax claim from tax department as well. However, we are reviewing all pending tax claim every year and kept provision BDT 1,567,074,173 against tax liabilities of BDT 1,636,463,712 based on management's assessment from 2009 to 2016. The bank believes that its provision for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. Please refer to Annexure VI for details.

Bank Alfalah Limited - Bangladesh Operations Motijheel Islamic Banking Branch Notes to the financial statements as at and for the year ended 31 December 2020

#### Reporting entity

Bank Alfalah Limited, Bangladesh Operations ("the Bank") are branches of Bank Alfalah Limited (the parent company) incorporated in Pakistan. The Bank is domiciled in Bangladesh. The address of the Bank's country office is 168 Gulshan Avenue, Dhaka-1212.

The Bank started its operation in Bangladesh on 16 May 2005 by acquiring Shamil Bank of Bahrain's Dhaka branch operations as a branch of the parent company. The Bank has 7 branches as on 31 December 2020. Motijheel branch ("the Branch") is the only Islamic banking branch and rest of the branches are conventional banking branches.

#### Principal activities of the Bank/Branch 1.1

The Bank primarily is involved in providing all kinds of commercial banking services to the customers. The Bank offers services for all commercial banking needs of the customers, which includes deposit banking, loans and advances, export import financing, etc. The Branch provides all kinds of commercial banking services on the basis of Islamic banking principles.

#### Basis of preparation of financial statements 2

The financial statements of the Bank are prepared in accordance with International Financial Reporting Standards (IFRSs), Shari'ah Standards and the requirements of the Banking Companies Act, 1991 (as amended up to date), the rules and regulations issued by Bangladesh Bank. In case any requirement of the Banking Companies Act, 1991, and provisions & circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Banking Companies Act, 1991, and provisions and circulars issued by Bangladesh Bank shall prevail.

#### 2.1 Statement of compliance

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) was formed in 2017 and has adopted International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as the applicable Financial Reporting Standards for public interest entities such as banks with effect from 2 November 2020.

The financial statements of the bank have been prepared in accordance with the IFRS adopted by FRC and in addition to this, the bank also complied with the requirements of the following laws and regulations from various Government bodies:

- The Bank Company Act, 1991, and amendment thereon; i۱
- Circulars, Rules and Regulations Issued by Bangladesh Bank (BB) time to time; ii)
- The Income Tax Ordinance, 1984, and amendments thereon; iii)
- The Value Added Tax Act, 2012, The Value Added Tax Rules, 2016 and amendments thereon; iv)
- Financial Reporting Act, 2015. v)

In case any requirement of the Bank Company Act, 1991, and provisions and circulars issued by Bangladesh Bank (BB) differ with those of IFRS, the requirements of the Banking Companies Act, 1991, and provisions and circulars issued by BB shall prevail. Material departures from the requirements of IFRS are as follows:

## i) Investment in shares and Securities

IFRS: As per requirements of IFRS 9: Classification and measurement of investment in equity instruments depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors, it would generally fall either under 'at fair value through profit and loss account' or under 'at fair value through other comprehensive income' where any change in the fair value (measured in accordance with IFRS 13) at the year-end is taken to the profit and loss account or other comprehensive income, respectively.

## Notes to the financial statements as at and for the year ended 31 December 2020

Bangladesh Bank: As per Banking Regulation and Policy Department (BRPD) circular no. 14, dated 25 June 2003, investments in quoted shares and unquoted shares are revalued at the year-end at market price and as per the book value of the last audited balance sheet, respectively. Provisions should be made for any loss arising from diminution in value of investments; otherwise investments are recognised at cost.

## ii) Subsequent measurement of Government securities

**IFRS:** Government securities refer primarily to various debt instruments which include both bonds and bills. As per requirements of IFRS 9: Financial Instruments, bonds can be categorised as "Amortised Cost (AC)", or "Fair Value Through Profit or Loss (FVTPL)", or "Fair Value through Other Comprehensive Income (FVOCI)". Bonds designated as Amortised Cost are measured at amortised cost method, and interest income is recognised through profit and loss account. Any changes in fair value of bonds designated as FVTPL is recognised in the profit and loss account. Any changes in fair value of bonds designated as FVOCI is recognised in other reserves, as a part of equity.

As per requirements of IFRS 9, bills can be categorised either as "Fair Value Through Profit or Loss (FVTPL)" or "Fair Value through Other Comprehensive Income (FVOCI)". Any change in fair value of bills is recognised in the profit and loss account or other reserves as a part of equity, respectively.

Bangladesh Bank: As per DOS Circular no. 05, dated 26 May 2008, and subsequent clarification in DOS Circular no. 05, dated 28 January 2009, Government securities/bills are classified into Held for Trading (HFT) and Held to Maturity (HTM). HFT securities are revalued on the basis of mark-to-market and at year-end, any gains on revaluation of securities which have not matured as at the balance sheet date are recognised in other reserves as a part of equity. Any losses on revaluation of securities which have not matured as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities, including amortisation of discount, are recognised in the profit and loss account. HTM securities which have not matured as at the balance sheet date are amortised at year-end, and gains or losses on amortisation are recognised in other reserves as part of equity.

## iii) Provision on loans and advances/ investments

**IFRS:** As per IFRS 9: Financial Instruments, an entity shall recognise an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses, if the credit risk on these loans and advances has increased significantly since initial recognition, whether assessed on an individual or collective basis, considering all reasonable information (including that which is forward-looking). For those loans and advances for which credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12-month expected credit losses that may result from default events on such loans and advances that are possible within 12 months after the reporting date.

**Bangladesh Bank:** As per BRPD Circular no. 07, dated 21 June 2018, BRPD Circular no 13, dated 18 October 2018, BRPD circular No. 15, dated 27 September 2017, BRPD circular no. 16, dated 18 November 2014, BRPD circular no. 14, dated 23 September 2012, BRPD circular no. 05, dated 29 May 2013, BRPD circular no. 1, dated 20 February 2018 and BRPD circular no. 3, dated 21 April 2019, a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard and SMA loans) has to be maintained regardless of objective evidence of impairment. Also, provision for different categories of classified loans (sub-standard, doubtful and bad and loss loans) has to be provided at 20%, 50% and 100%, respectively, for loans and advances depending on time past due. Again, as per BRPD circular no. 14, dated 23 September 2012 and BRPD circular no. 07, dated 21 June 2018, a general provision at 1% is required to be provided for all off-balance sheet exposures except on 'bills for collection' and 'guarantees' where the counter guarantees have been issued by multilateral development bank (MDB)/international bank having BB rating grade '1' equivalent outlined in the Guidelines on Risk Based Capital Adequacy (Revised Regulatory Capital Framework for banks, in line with Basel-III). Such provision policies are not specifically in line with those prescribed by IFRS 9.

## Notes to the financial statements as at and for the year ended 31 December 2020

#### iv) Other comprehensive income

**IFRS:** As per IAS 1 Presentation of Financial Statements, other comprehensive income is a component of financial statements or the elements of other comprehensive income are to be included in single comprehensive income statements.

**Bangladesh Bank:** Bangladesh Bank has issued templates for financial statements which will strictly be followed by all banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income nor are the elements of Other Comprehensive Income allowed to be included in a single Other Comprehensive Income (OCI) statement. As such, the bank does not prepare Other Comprehensive Income statement. However, elements of OCI, if any, are shown in the statement of Changes in Equity.

## v) Financial instruments – presentation and disclosure

In several cases, Bangladesh Bank guideline categories recognise, measure and present financial instruments differently from those prescribed in IFRS 9: Financial Instruments. Hence, some disclosure and presentation requirements of IFRS 7 Financial Instruments: Disclosures and IAS 32 Financial Instruments: Presentation cannot be made in the financial statements.

### vi) Repo and reverse repo transactions

**IFRS:** As per IFRS 9, when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan, and the underlying asset continues to be recognised at amortised cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

**Bangladesh Bank:** As per DOS Circular letter no. 6, dated 15 July 2010, and subsequent clarification in DOS Circular no. 03, dated 30 January 2012 and DOS circular no. 2, dated 23 January 2013, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transaction, and the financial assets are de-recognised in the seller's book and recognised in the buyer's book.

However, as per DMD circular letter no. 7, dated 29 July 2012; non-primary dealer banks are eligible to participate in the Assured Liquidity Support (ALS) programme, whereby such banks may enter collateralised repo arrangements with Bangladesh Bank. Here, the selling bank accounts for the arrangement as a loan, thereby continuing to recognise the asset.

#### vii) Financial guarantees

**IFRS:** As per IFRS 9: Financial Instruments, financial guarantees are contracts that require an entity to make specified payments to reimburse the holder for a loss it incurs if a specified debtor fails to make payment when due, in accordance with the term of debt instruments. Financial guarantee liabilities are recognised initially at their fair value, and the initial fair value is amortised over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortised amount, and the loss allowance determined as expected credit loss under IFRS 9. Financial guarantees are prescribed to be included within other liabilities.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, financial guarantees, such as Letter of Credit and Letter of Guarantee should be treated as off balance sheet items. No liability is recognised for the guarantee, except the cash margin.

### viii) Cash and cash equivalents

IFRS: Cash and cash equivalent items should be reported as cash item as per IAS 7: Statement of Cash Flows.

Bangladesh Bank: Some cash and cash equivalent items, such as money at call and on short notice, treasury bills, Bangladesh Bank bills and prize bonds are not shown as cash and cash equivalents. Money at call and on short notice is shown separately in the balance sheet. Treasury bills, Bangladesh Bank bills and prize bonds are shown under investment in the balance sheet. However, in the cash flow statement, money at call and short notice and prize bonds are shown as cash and cash equivalents beside cash-in-hand, balance with Bangladesh Bank and other banks.

## Notes to the financial statements as at and for the year ended 31 December 2020

#### ix) Non-banking assets

IFRS: There is no particular/specific guideline about non-banking assets in IFRS.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, there is a separate balance sheet item titled as non-banking asset that exists in the standard format.

#### x) Cash flow statement

**IFRS:** As per *IAS 7: Statement of Cash Flows*, cash flow statement can be prepared either in direct method or indirect method. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, the cash flow statement is a mix of both the direct and indirect methods.

### xi) Balance with Bangladesh Bank

IFRS: Balance with Bangladesh Bank should be treated as other asset, as it is not available for use in day to day operations, as per IAS 7: Statement of Cash Flows.

Bangladesh Bank: Balance with Bangladesh Bank is treated as cash and cash equivalents.

## xii) Presentation of intangible asset

IFRS: Intangible assets must be identified and recognised, and the disclosure must be given as per IAS 38: Intangible Assets.

Bangladesh Bank: Intangible assets are shown in fixed assets, including premises and furniture and fixtures, as there is no specific regulation for intangible assets in BRPD circular no. 14, dated 25 June 2003.

#### xiii) Off balance sheet items

IFRS: As per IFRS, there is no requirement for disclosure of off balance sheet items on the face of the balance

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, off balance sheet items, e.g. Letter of Credit, Letter of Guarantee and Acceptance must be disclosed separately on the face of the balance sheet.

## xiv) Disclosure of appropriation of profit

IFRS: There is no requirement to show appropriation of profit on the face of statement of comprehensive income.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, appropriation of profit should be disclosed on the face of profit and loss account.

## xv) Loans and advances/investments net of provision

IFRS: Loans and advances/Investments should be presented net of provision.

Bangladesh Bank: As per BRPD circular no. 14, dated 25 June 2003, provision on loans and advances/investments are presented separately as liability and cannot be netted-off against loans and advances.

## xvi) Recognition of interest in suspense

**IFRS:** Loans and advances to customers are generally classified at amortised cost as per IFRS 9, and interest income is recognised in the profit and loss account by using the effective interest rate method to the gross carrying amount over the term of the Ioan. Once a Ioan subsequently becomes credit-impaired, the entity shall apply the effective interest rate to the amortised cost of these loans and advances.

Bangladesh Bank: As per BRPD circular no. 14, dated 23 September 2012, once a loan is classified as impaired, interest on such loans are not allowed to be recognised as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in the balance sheet.

### xvii) Provision on undrawn Ioan commitments

**IFRS:** As per IFRS 9, the bank shall recognise credit losses on undrawn loan commitments, such as Letter of Credit (L/C), Letter of Guarantee (L/G), etc., as the present value of the difference between the contractual cash flow that are due by the customer if the commitment is drawn down and the cash flows that the bank expects to receive.

**Bangladesh Bank:** As per BRPD Circular no. 07, dated 21 June 2018, and BRPD Circular no. 14, dated 23 September 2012, the bank is required to maintain a provision at 1% rate against off balance sheet exposures (which includes all types of undrawn loan commitments).

#### 2.2 Going concern

The accompanying financial statements have been prepared on a going concern assumption that the Bank will continue in operation over the foreseeable future. The Bank has neither any intention nor any legal or regulatory compulsion to liquidate or curtail materially the scale of any of its operations. Key financial parameters (including liquidity, profitability, asset quality, provision sufficiency and capital adequacy) of the Bank continued to demonstrate a healthy trend for a couple of years. The rating outlook of the bank, as reported by Alpha Credit Rating agency is 'Stable'. The management do not see any issue with respect to going concern due to recent pandemic COVID-19. Besides, the management is not aware of any other material uncertainties that may cast significant doubt upon the bank's ability to continue as a going concern.

### 2.3 Functional and presentation currency

The financial statements are presented in Bangladeshi Taka (BDT), which is the Bank's functional currency. Except as indicated, figures have been rounded-off to the nearest Taka.

#### 2.4 Use of estimates and judgments

The preparation of financial statements requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, and in any future periods affected. The key item which involve these judgments, estimates and assumptions are discussed below:

### Impairment losses on loans and advances

In addition to the provision made for loans and advances based on the guidelines of Bangladesh Bank, the Bank reviews its loans and advances portfolio on a monthly basis to assess whether a further allowance for impairment should be provided in the income statement. Judgments by the management is required in the estimation of these amounts, and such estimations are based on assumptions about a number of factors, though actual results may differ, resulting in future changes to the provisions.

#### Other items

Other key items where estimates or judgements were involved include: b) Useful life of fixed assets and right of use of assets (Note -7)

### c) Provisions (Note - 10)

#### 2.5 Materiality and aggregation

Each material item considered by the management as significant has been displayed separately in the financial statements. No amount has been set off, unless the Bank has a legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

### 2.6 Comparative information

Accounting policies have been consistently applied by the Bank and are consistent with those used in the previous year. Comparative information is rearranged wherever necessary to conform with the current presentation.

#### 2.7 Reporting period

These financial statements cover one calendar year - from 1 January to 31 December 2020.

#### 2.8 Date of authorization

The Management has approved this financial statements on

#### 2.9 Cash flow Statement

The cash flow statement has been prepared in accordance with IAS 7. Cash Flow Statements considering the requirements specified in BRPD circular no. 14 dated 25 June 2003 issued by the Banking Regulation and Policy Department of Bangladesh Bank.

#### 2.10 Statement of Changes in Equity

The Statement of changes in equity reflects information about the increase or decrease in net assets or wealth. Statement of changes in equity is prepared principally in accordance with IAS-1 "Presentation of Financial Statements" and under the guidelines of Bangladesh Bank's BRPD Circular no. 14 dated 25 June 2003.

#### 2.11 Basis of preparation of liquidity statement

The liquidity statement of assets and liabilities as on the reporting date has been prepared on residual maturity term as per the following basis:

- Balances with other bank and financial institutions, money at call and short notice etc. are on the basis of their maturity term.
  - Investments are on the basis of their residual maturity term.
- c) Loans and advances are on the basis of their repayment/ maturity schedule.
- d) Fixed assets are on the basis of their useful life.
- e) Other assets are on the basis of their assumption.
  - Borrowing from other banks, financial institutions and agents as per their maturity/ repayment term
- g) Deposits and other accounts are on the basis of their maturity term and behavioural past trend of last one year.
- h) Other long term liability on the basis of their maturity term.
- i) Provisions and other liabilities are on the basis of their settlement.

2.12 Core Risk Management

b)

f)

According to BRPD Circular No. 17 (7 October 2003) and BRPD Circular No.4 (5 March 2007) banks require to put in place an effective risk management system. Bangladesh Bank monitors the progress of implementation of these guidelines through its on-site inspection teams through routine inspection. The risk management systems of the bank are discussed below:

#### Risk management

The Bank has in place an approved integrated Risk Management framework for managing Credit Risk, Market Risk, Liquidity Risk, and Operational Risk as evidenced by its Board approved "Risk Management Policy", "Market & Liquidity Risk Policy" and "Interest Risk Rate Policy". As per policy, reporting line of the risk management function has been kept completely independent of the business divisions. Following is the governance structure and important policies on Risk Management of the Bank:

- The Board of Directors through its sub-committee called 'Board Risk Management Committee (BRMC)' overseas overall risk of the Bank.

- RMD is the organizational arm performing the functions of identifying, measuring, monitoring and controlling the various risks and assists the Apex level committee and the various sub-committees in conversion of policies into action.

- Bank has an established Risk Management Division (RMD) for Bangladesh Operations in line with the similar set up of RMD in Head Office. It has a direct report to the RMD at Head Office with administrative reporting line to the Chief Risk Officer/Country Credit Head of Bangladesh Operations. As part of RMD, Treasury Middle Office (TMO) monitors day-to-day trading activities of the dealing room. TMO focuses on Market Risk in the portfolio where RMD at Head Office has been actively engaged in off-site review of the TMO for Bangladesh Operations and has been extending full support in addressing Risk related issues. MIS has been developed for addressing Market/Liquidity/Credit/Operational Risk Management, while As per requirement stipulated in guidelines, all sorts of Treasury dealing i.e., Dealer/Counterparty/MM & FX Gaps/Foreign Exchange Exposure Limit etc. are provided to RMD on a daily basis.

- An independent risk review function exists within the Bank in the form of Internal Audit Group, which reports directly to the Board Audit Committee.

- After conducting the quantitative impact studies, Bank had implemented Basel III under the purview of Bangladesh Bank guidelines and had complied with the capital adequacy requirement under Pillar-I of Basel III accord. Moreover, in light of Bangladesh Bank Circulars and Guidelines, liquidity standards under Basel III had also been implemented. The Bank has been pursuing Standardized Approach (SA) for calculating Credit & Market Risk, while Basic Indicator Approach (BIA) in gauging Operational Risk.

- RMD prepares "Monthly Risk Management Report (MRMR)" on a monthly basis and "Comprehensive Risk Management Report (CRMR)" on a half-yearly basis as part of regulatory requirement, which is also discussed in the 'Executive Risk Management Committee (ERMC)' meetings on monthly basis. These risk reports are prepared after receiving data/information from various departments/units, which are then compiled/refined while taking care of its validation & accuracy through cross matching of data with the statement of affairs, where applicable.

-Stress Test exercise is being conducted by RMD covering credit/liquidity/Forex/Capital Adequacy areas in order to gauge shock absorbing capacity of the bank. Shocks are applied at minor, moderate and major levels as to ascertain whether the bank would be able to sustain under these three stress situations.

#### 2.12.1 Credit risk management

An integrated credit risk management system is already in place to ensure risk minimization and maintain asset quality. Bank maintains separate teams for marketing of new loans and risk assessment in order to ensure that no conflict of interest exists during the approval process. A comprehensive due diligence is mandatory before recommendation/approval of each credit proposals.

All loan proposals are initiated through the corporate team, which are subsequently elevated to the Credit Risk Management (CRM) Department. Upon receipt of the proposal, due diligence is conducted by CRM and Country Credit Head and subsequently same is placed to Country Credit Committee of Bangladesh (CCCB) with a credit memo for its consideration. CCCB, in line with its discretionary powers, approves, declines or recommends the proposals for next level approval. While conducting the due diligence, CRM ensures compliance of all local regulations as well as bank's internal policy.

Once credit facility(is) of a customer is approved, a formal sanction advice is communicated to the corporate team/branch office and Credit Administration Department (CAD) for further processing. In case of approval, upon completion of security/charge documentation and compliance of other terms & conditions as per the sanction, a Disbursement Authorization Certificate (DAC) is issued by CAD for allowing credit facilities to the clients. The function of CAD has also been kept separate and independent to ensure due diligence on documentation, operation, monitoring & reporting.

The credit risk assessment process, policies and manuals are reviewed with regular intervals, where improvements are made in line with changes in business dynamics, policies, macro-economic factors, technology and overall operational environment. A credit plan is formulated and finalized before starting of a new year and an appropriate targets are set in line with the bank's overall strategy, risk acceptance criteria, economic outlook of the country and policies of regulatory bodies. Subsequently, quarterly analysis against actual achievements viz-a-viz allocated targets is also carried out where appropriate strategy with remedial measures are also taken to improve the shortfalls.

With a view to strengthening the credit risk framework, Bank has developed a unique internal rating and electronic credit line proposal module named Credit Initiation & Internal Rating System (CIIRS) to assess borrower's health both on objective and subjective grounds before sanctioning any Ioan. This CIIRS score along with Bangladesh Bank prescribed Credit Risk Grading (CRG) score are evaluated for rating of a potential borrower before granting any Ioan approval. Moreover, in line with guidelines issued by Bangladesh Bank (BB) regarding Environmental and Social Risk Management (ESRM), Bank has already incorporated the environmental risk rating checklist for each proposal in order to ensure meticulous compliance. In addition to BB ESRM guidelines, an in-house comprehensive Environmental and Social Risk Management guidelines have also been formulated and environmental risk rating is also being conducted for each proposal. Appropriate terms, conditions and covenants are also made part of the sanction for better monitoring and to maintain a sound portfolio of the Bank under sustainable financing objectives.

On the other side, an active recovery unit (RU) is already in place for regular monitoring of overdue loans, watch list, classified, written off, rescheduled/ restructured accounts. RU of the bank is headed by the Country Credit Head (CCH) and comprised of members from Credit Risk Management (CRM), Credit Administration Department (CAD) and Corporate & Investment Banking Group (CIBG). RU regularly monitors the entire portfolio based on periodic MIS, where CCH collaborates with all the team members for any necessary action as and when required. An appropriate watch list parameters and early alert system is also in place for better monitoring of the weak accounts. A quarterly report on default and written off accounts is also submitted to MANCOM by RU to review the portfolio and to reconcile the action plans against each account.

#### 2.12.2 Asset liability management

The significance of ALM to the financial sector is highlighted due to the dramatic changes in global economic environment, when closely regulated markets are giving way to market-driven economies. Managing Assets and Liabilities to foster a sustainable growth is one of the key issues of banking industry. After the GFC (Global Financial Crisis), managing the Liquidity and Market risk of banks attracts much more attention of the regulators and supervisors globally. The outcome of this concern was well reflected in the activities of the Basel Committee for Banking Supervision while formulating the Basel 2.5 and Basel III documents. The Liquidity (LCR and NSFR) and leverage ratios are primarily meant to address the above risks. Bangladesh Bank declared the Roadmap for 2, dated March 7, 2016.

Asset-Liability Management function primarily focuses on strategic positioning of the balance sheet of the bank and is also considered as Balanced Liquidity Management. Liquidity Management has its two wings- Asset Management and Liability Management. Rising of excess assets like Investment & Advances in order to maximize profit may sometimes encounter liquidity crisis, which may lead to run on the bank and ultimate collapse. On the other hand keeping or excess liquidity may hamper the bank's growth by reducing its

Asset Liability Management Policy of Bank Alfalah Limited aims to balance various important issues like profitability, risk, growth in asset & liability and stability as well as sustainability of earnings in a coherent manner by laying down a transparent framework for governance of the ALM function. Broadly, this policy aims to achieve

- Provide guidelines for appropriate diversification and selection of desirable investments to take advantage of arising opportunities in approved investment avenues;

- Provide parameters and criteria for investment in domestic market for the purpose of efficient utilization of resources, optimization of profit and regulatory compliance;

- Ensure that liquidity risk is effectively and proactively managed by the bank by maintaining desirable level of liquidity:

- Re-pricing of assets & liabilities with a view to profit maximization depending on market situation.

- Propel bank's strategic planning process for the benefit of the organization.
- Maintain different ratios and positions of balance sheet within regulatory and controllable limits.

- Control Liquidity Management by ensuring that the demand for funds is supported by cash and liquid assets in various alternative scenarios.

- Maximize net interest margins and manage Interest Rate risk.

The ALCO's primary function/responsibility is to ensure the ALM management in line with ALM guidelines provided by Bangladesh Bank as well as Bank's own ALM Guidelines for the strategic management of asset and liabilities. ALCO regularly reviews Bank's asset-liability position, overall economic condition, capital adequacy, balance sheet risk and take necessary steps to maximize return. Besides these all regulatory requirements like CRR, SLR, RWA, LCR, NFSR are reviewed by asset liability committee.

#### 2.12.3 Money laundering risk

Implement Bangladesh Bank's Guidelines for managing core risks, the Bank has long established the Anti Money Laundering Division (AMLD) that is centralized at the Country Office under direct Supervision of the CAMLCO. Additionally, the AMLD is continuously taking necessary steps to make the Bank compliant with Anti Money Laundering (AML) issues including the continued Combating of Terrorist Financing (CTF) as per the legislations, guidelines and that of the compliance of circulars relating the same.

Keeping the enhanced monitoring and focus on Trade Based Money Laundering, the bank has rolled out technology-based solutions in order to strengthen the screening and control environment while ensuring robust regulatory reporting.

Especially, the Bank has adopted a stringent policy to monitor and mitigate the risks of suspicious accounts that are suspect of being used for money laundering. Furthermore, Bank has adopted another stringent policy to monitor and mitigate the risks of Money Laundering and Terrorist Financing, as under:

Arrangement to cover AML & CFT training sessions in 2020 for all employees comprises of existing and new employees and Senior Management. A schedule of branch and different fuctions inspection is in place to ensure that all functions are adhering the related AML and CTF regulations and Bank laid down policy and procedure on a continuous basis and do not offer services or provide assistance in transactions, which in possibly be associated with money being derived from suspect illegal/criminal activities or customer are under proscribed name by SDN. UN. OFAC. Banoladesh sanction list etc.

#### 2.12.4 Internal Control and Compliance (ICC)

This Statement of Internal Controls is based on an ongoing process implemented to identify the risks in achieving the Bank's policies, procedure aims to establish corporate governance & accountability.

Management have their defined roles and responsibility to maintain an adequate and effective system of Internal Controls and every endeavor is made to implement sound control procedures and control environment.

The Bank's Internal Controls Policy outlines the overall Control Objectives, Controls Framework. Bank Alfalah Control Framework is built on 'Three Line of Defense Model' in line with the Bangladesh Bank Prudential Regulations on "Internal Control & Compliance" and Group policy. The Control Framework focuses on devising policies and procedures that outline control activities so that process owners perform their functions without any risk exposure. This aspect is further evaluated and monitored through various organizational functions, part of Risk Management, Compliance, Internal Controls and Internal Audit departments with different reporting structure to ensure independency and transparency.

The Bank's established Compliance and Controls Committee (CCC) which comprises of CEO and Senior Executives of the Bank are entrusted with enhanced governance and monitoring as part of the overall Control Environment. Internal control and Compliance analyze the major control gaps, escalate the issues and devise corrective action plan and develop training plans for the staff. Comprehensive reviews of KYC, AML, and other critical regulatory areas were triggered based on the alerts and exceptions generated from the dashboard. Anomalies identified as a result of different periodic and ongoing reviews are conveyed to the concerned stakeholders for taking necessary remedial measures, which signi¬ficantly improved the controls environment of the Bank. Bank has also established full-fledged AML UNIT to ensure detail control and governance for Anti money laundering and Combating terrorist financing directives by Bangladesh Financial Intelligence Unit (BFIU).

In order to ensure consistency in the process of compliance with the relevant guidelines, the Bank has followed the defined procedure for implementation of regulatory and group directives. Accordingly, the Bank has developed Governance Framework, completed a detailed documentation of the existing processes and controls, together with a comprehensive gap analysis of the control design and development of remediation plans for the gaps.

Furthermore, the Bank has developed a comprehensive Management Testing and Incident Reporting Framework under Risk Management Department for ensuring ongoing operating effectiveness of majority of key controls and has significantly addressed the design improvement opportunities identified during the year. While concerted efforts have always been made to comply with the Bangladesh Bank 'Guidelines i, the identification, evaluation and management of risks within each of the Bank's key activities and their continued evaluation and changes to procedures remains an ongoing process. In accordance with the BB directives, the Bank's External Auditors were engaged for annual review for yearly review.

Additionally Planning, Organizing & Supervising business performance metrics and the Audit & Inspection of Branches, including the monitoring of risk based business transactions have all been duly performed by the different divisions of the Bank in Bangladesh. Notable that Audit & Inspection Division of the Bank's conduct the Audit in two aspects international Audit team conduct comprehensive for the Bangladesh operation while Country Audit team carries out Internal Audits to ensure compliance of regulatory directives as well as the synchronization and adherence to laid-out Policies & Procedures. This internal Audit reports directly to AIG and is independent from Country Management.

### 2.12.4.1 Internal audit

The Board of Directors have instituted an effective Internal Audit Division which not only monitors compliance with the Bank's policies, procedures and controls and report significantly deviations regularly to the Board Audit Committee but also regularly reviews the adequacy of the Internal Control System. The observations and weaknesses are addressed promptly and necessary steps are taken by the management to eliminate weaknesses.

### 2.12.4.2 Fraud and forgery

Bank has an effective mechanism in place to deal with any fraud & forgery. It has Fraud & Investigation Unit and Audit & Inspection Group at Head Office that reports to the Board through the Board's Audit Committee. Any instance of fraud/ forgery/ misappropriation/ embezzlement/ negligence etc. (with or without malafide intention) occurring during the normal course of business is reported & to safeguard's Bank's interest, process of disciplinary action is taken. Bank has defined process to timely process disciplinary action case by conducting domestic inquiries for any of the offences listed in the policy.

### 2.13 Accounting for changes in policy, accounting estimates and errors

IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, states that the effect of a change in accounting policy and correction of errors, if material, is to be applied retrospectively, and change in an accounting estimate is to be applied prospectively. The carrying amount of assets, liabilities, or equity may be changed following a change in accounting estimates in the period of the change. The bank followed the same accordingly.

### 2.14 Board Audit Committee (BAC)

Name Mr. Khalid Qurashi Mr. Abdulla Khalil Al Mutawa Mr. Khalid Mana Saeed Al Otaiba Mr. Efstratios Georgios Arapoglou Dr. Ayesha Khan Mr. Tahir Khurshid Designation Chairman Member Member Member Member Secretary

#### 3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements of the bank have been applied consistently except otherwise instructed by Bangladesh Bank as the prime regulator. Certain comparative amounts in the financial statements have been reclassified and rearranged to conform to the current year's presentation.

#### 3.1 Assets and basis of their valuation

#### 3.1.1 Cash and cash equivalents

Cash and cash equivalents include notes and coins on hand, unrestricted balances held with Bangladesh Bank and its agent bank, balance with other banks and financial institutions, placement with banks and other financial institutions and prize bond.

#### 3.1.2 Investments/Investments in shares and securities

All investments are initially recognised at cost including acquisition charges associated with the investment. Premiums are amortised and discount accredited using the effective or historical yield method. Accounting treatment of government treasury bills and bonds (categorised as HFT and HTM) are made in accordance with Bangladesh Bank DOS Circular letter no. 05, dated 26 May 2008 and subsequent clarifications DOS Circular letter no. 05 dated 28 January 2009.

#### 3.1.3 Investments and provisions for investments

- a) Loans and advances of conventional Banking/investments of Islamic Banking branches are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and that the Bank does not sell in the normal course of business.
- (b) At each balance sheet date and periodically throughout the year, the Bank reviews loans and advances to assess whether objective evidence that impairment of a loan or portfolio of loans has arisen supporting a change in the classification of loans and advances, which may result in a change in the provision required in accordance with BRPD circular no. 03 (21 April 2019), BRPD circular no. 1 (20 February 2018), BRPD circular no.15 (27 September 2017), BRPD circular no. 16 (18 November 2014), BRPD circular no. 05 (29 May 2013), BRPD circular no.14 (23 September 2012) and BRPD circular no. 19 (27 December 2012). The guidance in the circular follows a formulaic approach whereby specified rates are applied to the various categories of loans as defined in the circular. The provisioning rates are as follows:

Types of loans and advances	Provision					
	STD	SMA	SS	DF	BL	
Consumer:						
House building and professional	1.00% - 2.00%	1.00% - 2.00%	20.00%	50.00%	100.00%	
Other than housing finance & professionals	2.00% - 5.00%	2.00% - 5.00%	20.00%	50.00%	100.00%	
Provision for loan to broker house, merchant	2.00%	2.00%	20.00%	50,00%	100.00%	
Short-term agri-credit and micro credit	1.00%	1.00%	5.00%	5.00%	100.00%	
Small and medium enterprise finance	0.25%	0.25%	20.00%	50.00%	100.00%	
Others	1.00%	1.00%	20.00%	50.00%	100.00%	

BRPD Circular no.14 (23 September 2012) as amended by BRPD Circular no. 19 (27 December 2012) also provides scope for further provisioning based on qualitative judgments. In these circumstances impairment losses are calculated on individual loans considered individually significant based on which specific provisions are raised. If the specific provisions assessed under the qualitative methodology are higher than the specific provisions assessed under the formulaic approach above, the higher of the two is recognised in liabilities under "Provision for loans and advances" with any movement in the provision charged/released in the profit and loss account. Classified loans are categorised into substandard, doubtful and bad/loss based on the criteria stipulated by Bangladesh Bank guideline.

c) Loans and advances are written off to the extent that i) there is no realistic prospect of recovery, and ii) against which legal cases are filed, where required and classified as bad/loss as per as per BRPD circular no. 02 dated 13 January 2003, BRPD circular no. 13 dated 07 November 2013 and BRPD circular no. 01 dated 06 February 2019 of Bangladesh Bank.

These write off however will not undermine/affect the claim amount against the borrower. Detailed memorandum records for all such written off accounts are maintained and followed up.

Annexure-VII

#### 3.1.4 Fixed assets and depreciation

#### Recognition and measurement

As per IAS 16 "Property and Equipment" Items of fixed assets excluding land are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Land is carried at cost.

Purchase of software that is integral to the related equipment is capitalised as part of that equipment.

Cost includes expenditure that are directly attributable to the acquisition of asset and bringing to the location and condition necessary for it to be capable of operating in the intended manner.

When significant parts of an item of fixed asset have different useful lives, they are accounted for as separate items (major components) of fixed assets.

The gain or loss on disposal of an item of fixed asset is determined by comparing the proceeds from disposal with the carrying amount of the item of fixed asset, and is recognised in other income/other expenses in profit or loss.

#### Subsequent costs

The cost of replacing a component of an item of fixed asset is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Bank and its cost can be measured reliably. The carrying amount of the replaced parts is derecognised. The costs of the day to day servicing of fixed assets are recognised in the profit and loss statement as incurred.

#### Depreciation

Depreciation on fixed assets are recognised in the profit and loss statement on straight line method over its estimated useful lives. In case of acquisition of fixed assets, depreciation is charged from the month of acquisition, whereas depreciation on disposed off fixed assets are charged up to the month prior to the disposal. Asset category wise depreciation rates for the current and comparative periods are as follows:

•	Category of assets	Rate of depreciation
	Furniture, fixture and fittings	10%
	Leasehold improvement	20%
	Office equipments	20%
	Staff equipments	20%
	Computer and related equipments	25%
	Motor vehicles	25%

#### 3.1.5 Leases

#### **Right-of-use assets**

The Bank recognises right-of-use assets at the date of initial application of IFRS 16. Right-of-use assets are measured at cost, less any accumulated depreciation, and adjusted for any re-measurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the lease term. The right-of-use assets are presented under "Fixed assets including premises,

### Short-term leases and leases of low value assets

The Bank has elected not to recognise right-of-use assets and lease liabilities for leases of short-term leases, i.e. for which the lease term ends within 12 months of the date of initial application. The Bank recognises lease payments associated with these

The contracts for all leased premises including branches, head office, regional offices, data centers, ATM booths and disaster recovery centers are considered for implementation of IFRS 16.

Annexure-VII

#### 3.2 Liabilities and basis of their valuation

#### 3.2.1 Deposits and other accounts

Deposits and other accounts include non profit-bearing al-wadeeah current and other deposit accounts redeemable at call, profit bearing mudaraba term deposits, mudaraba saving deposits and bills payable. These items are brought to financial statements at the gross value of the outstanding balance. Details are shown in Note 9.

#### 3.2.2 Lease liabilities

At the commencement date of the lease, the Bank recognises lease liabilities measured at the present value of lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. Lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments, and re-measuring the carrying amount to reflect any reassessment or lease modifications.

Interest on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability.

#### 3.2.3 Provisions and accrued expenses

In compliance with IAS-37, provisions and accrued expenses are recognized in the financial statements when the Branch has a legal or constructive obligation as a result of past event, it is probable that an outflow of economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

### 3.2.4 Provisions on balances with other banks and financial institutions (Nostro accounts)

Provision for unsettled transactions on nostro accounts is made as per Foreign Exchange Policy Department (FEPD) circular no. FEPD (FEMO) / 01/2005-677 dated 13 September 2005 of Foreign Exchange Policy Department (FEPD) of Bangladesh Bank and reviewed semi-annually by the Bank's management along with duly certified by the external auditor. On the reporting date, the Bank has no unsettled transactions outstanding for more than 3 months and no provision has been made in this regard.

#### 3.2.5 Other liabilities

Other liabilities comprise items such as provision for loans and advances/investments, provision for taxation, interest payable, interest suspense, accrued expenses, lease obligation etc. Other liabilities are recognised in the balance sheet according to the guidelines of Bangladesh Bank, Income Tax Ordinance, 1984 and internal policy of the Bank.

#### 3.3 Revenue recognition

#### 3.3.1 Profit on investments

Profit on investments is calculated on daily product basis and accrued at the end of each month, but charged to customers' accounts on quarterly basis. Profit on investment is taken into income account proportionately from profit receivable account. Overdue charge/compensation on classified investments is transferred to profit suspense account instead of income account. Profit accrued on investments fall under Sub Standards (SS) and Doubtful (DF) category are credited to profit suspense account instead of income account. Profit is not charged on bad and loss loans as per guideline of Bangladesh Bank. Such profit is kept in separate memorandum account. Profit on classified investments are credited to income on a cash receipt basis.

#### 3.3.2 Investment income

Mark-up on investment is taken into income account proportionately from profit receivable account. Overdue charge/compensation on classified investments are transferred to profit suspense account instead of income account.

#### 3.3.3 Fees and commission income

The Bank earns commission and fee income from a diverse range of service provided to its customers. Commission and fee income is accounted for as follows:

- income earned on the execution of a significant act is recognised as revenue when the act is completed
- income earned from services provided is recognised as revenue as the services are provided
- Commission charged to customers on letters of credit and letters of guarantee are credited to income at the time of effecting the transactions.

#### 3.3.4 Profit shared on deposits

Profit shared to mudaraba deposits is recognized on accrual basis as per provisional rate.

#### **Provision for Off-Balance Sheet Exposures** 3.4

In compliance with Bangladesh Bank guidelines Off-Balance Sheet items are disclosed under contingent liabilities. As per BRPD circular No.14 (23 September 2012) requires a general provision for off balance sheet exposures to be calculated at 1% on all off- balance, sheet exposures. Provision has been maintained at Country level. Details are shown in note 10.2.

Contingent liabilities are not recognized but disclosed in the financial statements unless the possibility of an outflow of resources embodying economic benefits is reliably estimated.

Contingent assets are not recognized in the financial statements as this may results in the recognition of income which may never be realized.

#### Impairment of non-financial assets 3.5

The carrying amounts of the Bank's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its Cash Generating Unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs) and then to reduce the carrying amount of the other assets in the CGU (group of CGUs) on a pro rata basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

#### **Contingent Liability** 3.6

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events. A contingent liability arises when some, but not all, of the criteria for recognizing a provision are met.

IAS 37 applies prudence by deeming a past event to give rise to a present obligation and an entity shall not recognize a contingent liability. However, if it is possible rather than probable that an obligation exists, a contingent liability will exist, not a provision in the financial statements. An entity shall disclose for each class of transaction of contingent liability at the end of the reporting period if the contingent liability is not remote.

Annexure-VI

#### **Contingent Assets** 3.7

A contingent asset is possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity. Contingent assets are never recognised; rather they are disclosed in the financial statements when they arise.

The most significant areas where estimates and judgments have been applied are to calculate provision for loans, advances and investments as per Bangladesh Bank guideline.

#### **Related party disclosures** 3.8

### A party is related to the company if:

(i) directly or indirectly through one or more intermediaries, the party controls, is controlled by, or is under common control with, the company; has an interest in the company that gives it significant influence over the company; or has joint control over the (ii) the party is an associate;

(iii) the party is a joint venture;

(iv) the party is a member of the key management personnel of the Company or its parent;

(v) the party is a close member of the family of any individual referred to in (i) or (iv);

(vi) the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v); or

(vii) the party is a post-employment benefit plan for the benefit of employees of the company, or of any entity that is a related party of the company.

Details of the related party disclosures presented in note 39

#### 3.9 Zakat

The Branch does not deduct/pay zakat on behalf of clients where as charitable compensation is recovered on all overdue

#### 3.10 General

- Figures appearing in the financial statements have been rounded-off to the nearest Taka. a)
- Figures of previous year have been rearranged, wherever considered necessary, to conform with the current year's b)
- The expenses, irrespective of capital or revenue in nature, accrued/due but not paid have been provided for in the books C) of accounts.

#### Events after reporting period 3.11

As per IAS -10 "Events after Reporting Period" events after the reporting period are those events, favourable and unfavourable, that occur between the end of the reporting period and the date when the financial statements are authorised for issue. Two types of events can be identified:

(a) adjusting events after the reporting period (those that provide evidence of conditions that existed at the end of the reporting period); and

(b) non adjusting events after the reporting period (those that are indicative of conditions that arose after the reporting period).
