

Bank Alfalah Collaborates with Probha Aurora for CSR

At **Bank Alfalah Bangladesh**, corporate social responsibility remains at the heart of its culture. Bank Alfalah has always supported a range of CSR / Charity initiatives in the areas of education, health, community and environmental development.

In line with above, the bank has recently provided financial assistance to Probha Aurora, a climate sensitive and youth focused social enterprise for the project of sustainable waste management with BSF Larva Farming in Satkhira district. Head of Corporate Banking from Bank Alfalah Bangladesh, Mr. Momtazul Karim N Ahmed, handed over the cheque to **Managing Director** of Probha Aurora, Mr. Bidhan Chandra Pal in presence of senior members of both the organizations.

We believe implementation of this project will have direct impact on environmental change mitigation and adaptation. We look forward to the successful implementation of the project.
