CHAIRMAN'S MESSAGE

Giving Back to the Community

The Bank remained at the forefront in supporting the flood-impacted communities through various relief and rehabilitation activities after the devastating floods in 2022, which impacted around one-third of the country. The aim of the Bank was to redevelop communities in a balanced, equitable, and financially inclusive manner for a sustainable way forward. The Bank has joined forces with over 25 partners for working in the health, housing and educational sectors, with a disbursement till date of over PKR 1.8 billion. Through this programme, the Bank has made significant impact towards supporting flood-impacted communities.

Sustainability

The Bank's enduring commitment to foster a sustainable future, we have undertaken a series of initiatives designed to enhance our community's social, economic, and environmental capital in an eco-friendly manner. Building upon this foundation, and as part of our strategic approach to sustainable banking practices, the Bank partnered with the International Finance Corporation (IFC) to collaborate on the development of green strategies. This partnership serves as a testament to our goal of providing environment-friendly banking operations. The partnership covers a multifaceted approach aimed at enhancing our green banking initiatives. It encompasses a comprehensive diagnostic assessment conducted by the IFC to evaluate the green banking portfolio of the Bank. Furthermore, this collaboration will facilitate the exploration and capitalisation of opportunities in green finance, such as the issuance of green bonds and the financing of sustainable infrastructure projects.

PRESIDENT AND CEO'S MESSAGE

REFLECTIONS OF THE THIRD SUSTAINABILITY REPORT

Dear Stakeholders,

With this third edition of our Sustainability Report, we have set our sights on the road ahead for sustainable business operations, and holistic corporate social responsibility for an inclusive future. The report presents sustainability strategy

and partnerships which have translated into social impact, environmental stewardship, and adding economic value.

Advancing Global Goals

During the year we deepened our alignment with the UN Sustainable Development Goals (SDGs) and

internationally recognised sustainability framework. This approach ensures that as our footprint consistently expands, our policies and performance metrics become measurable and continue to improve as we evolve.

Our Green Financing portfolio now stands at PKR 26.6 billion, channeled through renewable energy financing transactions such as 3 bagasse-fueled power projects, 4 wind farms, 2 solar plants, and 2 hydro facilities and other eco-friendly financing of electric vehicles etc. Additionally, our network of solar-powered ATMs has expanded to 155.

Our advisory engagement with the International Finance Corporation (IFC) has progressed from concept to roadmap. Building on the State Bank of Pakistan's Environmental and Social Risk Management (ESRM) framework already implemented at Bank Alfalah.

Enhancing Human Capital

Our workforce stands at over 16,000 professionals aimed towards a unified vision and values of our Bank. Women now represent almost 21% of the team, reflecting steady progress toward balanced representation, while six-month maternity and five-day paternity leave, child allowance and flexible work timings that let women advance their careers without compromise to their well-being.

We reinvested PKR 39.6 billion in pay and benefits, while more than 1,400 learning programmes delivered 300,000 hours of upskilling, preparing colleagues to excel in a rapidly evolving financial space. These commitments sharpen skills, lift engagement, and improve retention by fostering ownership of day-to-day operations.

Community Relief and Reconstruction

Guided by our Chairman, His Highness Sheikh Nahayan Mubarak Al Nahayan, the Board's US \$10 million contribution to Pakistan's 2022 flood-relief catalyzed a two-phase response:

1. **Immediate Relief (2022):** rapid deployment of resources via trusted NGO partners to deliver food, shelter, and medical aid.
2. **Long-Term Rebuilding (2023 onward):** targeted investments in healthcare, emergency response, housing, education, and livelihoods to help communities regain self-sufficiency.

These initiatives are now embedded in a wider policy framework that weighs environmental, social, and economic capital with equal importance. These programmes now operate within a holistic policy framework that gives equal weight to environmental stewardship, social well-being, and economic value.

Corporate Social Responsibility

- ▲ Flood-impacted community rehabilitation: our PKR 1.8 billion in last two years.
- ▲ Colleagues supported during floods: 515, with relief totalling PKR 105.3 million.
- ▲ Sustainable-CSR projects: PKR 146 million
Islamic-charity contributions: PKR 45 million.

Community Outreach

- ▲ 10 medical units, one community centre, and one medical ward established, serving 184,064 patients.
- ▲ 2,448 houses rebuilt for displaced families
- ▲ New community facilities: computer lab, solar-panel installations, and a financial literacy exhibit.
- ▲ 25,000 mangroves planted to restore coastal ecosystems.
- ▲ Education initiatives reaching 2,700+ students
- ▲ Inclusive-sports programmes engaging 1,500 athletes and persons with disabilities.
- ▲ Vocational training provided to more than 350 individuals.

Looking Ahead

The year 2024 marked the start of an accelerated drive to engage our communities and colleagues alike. As a Caring Bank, we will amplify our involvement across all business lines and geographies, ensuring that every transaction, product, and partnership contributes to shared and sustained prosperity. I thank all my colleagues for walking this path of the Bank's journey towards sustainability. I look forward to building stronger foundations together.

Sincerely,
Atif Bajwa
President and Chief Executive Officer

SUSTAINABILITY FORWARD

ABOUT THE REPORT

The sustainability report for the period from **1st January** to **31st December 2024** is a testament to the Bank's commitment towards sustainable business operations and Corporate Social Responsibility (CSR). The Bank embarked upon this journey last year, and since then, it has been a great learning experience to constantly improve and benchmark the sustainability reporting standards by publishing the sustainability report annually. The reporting period of the sustainability report is the same as the reporting period of the annual report.

Throughout the journey, a concerted effort was made to enhance reporting standards and sustainability practices. Gratitude is extended to the entire Bank for its involvement in this endeavour and its contribution to improving the organisation's reporting standards. Bank Alfalah did not make any changes in the last sustainability report as there are no restatements of the previous year's information.

Over the past year, significant strides have been made in upgrading Corporate Social Responsibility and Sustainability Investment Policy Guidelines. A new vision has been adopted, emphasising a commitment to a sustainable future by enhancing social, economic, and environmental capital in alignment with the UN Sustainable Development Goals (SDGs).

Reporting Framework

The Bank has presented this report using the Global Reporting Initiative (GRI) as a guideline. GRI is a comprehensive framework for reporting sustainability performance and impacts. Through these standards, Bank Alfalah has identified key impact areas and material topics, aligning business operations with sustainable practices. Notably, the Bank's dedication to reporting excellence has been recognised, with nominations amongst the top 5 companies in reporting standards by the Pakistan Stock Exchange (PSX).

Throughout the report, adherence to the Pakistan Stock Exchange (PSX) and Securities and Exchange Commission of Pakistan (SECP) guidelines on sustainability are maintained in the best possible manner, keeping current business operations in mind and committing to continuous improvement, ensuring transparency and accountability in reporting practices. As Bank Alfalah continues its journey towards sustainability, this report serves as a reflection of its ongoing commitment to responsible business practices and positive societal impact.

SUSTAINABILITY APPROACH

CORPORATE SOCIAL RESPONSIBILITY AND SUSTAINABILITY

COMMITTED TO A SUSTAINABLE WAY FORWARD BY IMPROVING THE SOCIAL, ECONOMIC AND ENVIRONMENTAL CAPITAL OF THE PEOPLE

SUSTAINABILITY PHILOSOPHY

Sustainability is one of the key areas the Bank focuses on by ensuring that its operations are directed towards creating a more sustainable future. In an ongoing commitment to advancing sustainable practices, the board has approved aligning the Sustainability and CSR initiative with the Sustainable Development Goals (SDGs). This strategic alignment is designed to contribute and uphold Bank Alfalah's overarching sustainability strategy. The SDGs are bifurcated into three fundamental areas, each intricately interwoven with Bank Alfalah's core principles. These areas include Social Capital, which focuses on fostering societal well-being and inclusivity; Economic Capital, which emphasises responsible financial practices and economic empowerment; and Environmental Capital, which is dedicated to environmental stewardship and sustainable practices. By adopting this approach, Bank Alfalah is reinforcing its commitment to societal and environmental betterment and strategically positioning itself to contribute meaningfully to the broader global agenda of sustainable development goals.

COLLEAGUES

Culture at Bank Alfalah

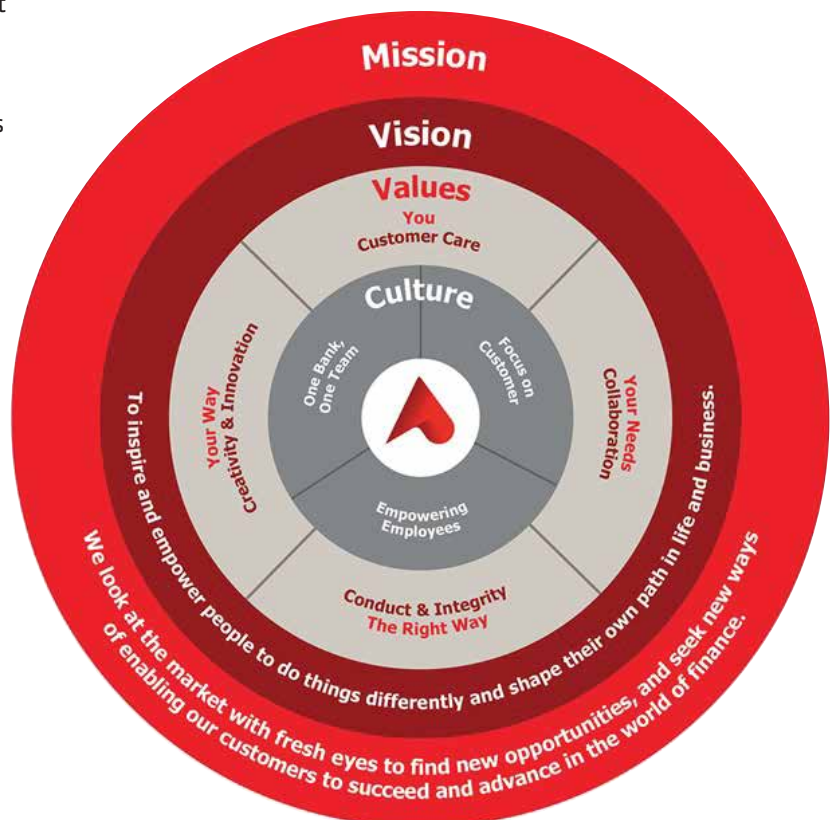

Bank Alfalah is committed to fostering a positive culture that cultivates employee satisfaction and paves the way for a more diverse and inclusive workplace, where individuals discover their purpose and are motivated to come to work every day.

Bank's culture strategy rests on the following pillars:

- One Bank, One Team
- Focus on Customers
- Inspiring and Empowering our People

The Bank's 4 Values are clearly defined by associating specific behaviors and competencies with them. This enables our people to develop a comprehensive understanding of the purpose and significance of these Values. This alignment fosters a positive culture and creates an inclusive workplace where everyone, regardless of age, race, religion, gender, ability, or other characteristics, can thrive.

All proposed initiatives are driven by feedback from employees, ensuring a direct impact on business outcomes, behavioral improvements, and customer loyalty. The Bank's Culture Strategy is a key component of the Bank's overarching 5 Year Strategy. Therefore, all efforts to define and demonstrate its desired Culture and Values stem from this commitment to creating a unified, purpose-driven workplace that aligns with the Bank's overarching mission and vision.

TALENT ACQUISITION AND ADVISORY

- Talent Acquisition** - To maintain an uninterrupted talent pipeline and to support the diverse business operations, the Bank inducts mid-level and fresh graduates through hiring programs. All prospective candidates are evaluated through a structured recruitment process. In 2024, there were 4,497 individuals on boarded through lateral and batch programs with the primary focus on ramping up the frontline workforce

- HR Advisory** - The HR Advisory function continues to support all business functions in areas such as employee retention, grievance management, conducting employee engagement sessions, and so on. As part of this function, the talent classification exercise was successfully carried out for critical positions in order to maintain the bench strength of senior talent. There is a focused approach to building a talent pipeline through succession planning to ensure successors at all leadership levels and critical positions. Development plans are devised for high performers, which includes their training and coaching needs.

LEARNING AND DEVELOPMENT

“Opportunity to Learn and Grow” is one of the main pillars of the Bank’s People Happiness Charter. The aim is to invest in employee development and training opportunities so that the employees continue to hone their skills and advance their careers. Specific focus is placed on job role enrichment, upskilling employees and professional development to enhance the skill set of the workforce.

Strengthening the employee induction programs is another focus area to ensure a smooth transition of new joiners by equipping them with knowledge about the Code of Conduct, Culture, Systems, Policies and Compliance. The Bank hosts two programs; Start Right – for all new joiners, and Ready to Perform – for front line employees.

2024 remained an exceptional year for learning and development. The year witnessed a digital transformation of learning methodologies, revamping our physical learning spaces. From virtual infrastructure upgrade to extending innovative learning opportunities, the Learning Division made concerted efforts to equip employees with the best skill-set, enabling them to discover new and better ways to serve our customers.

In line with the Employee Happiness Charter to extend opportunities to learn and grow, learning interventions were offered virtually as well as in person. Training interventions and e-learning modules were offered in various disciplines.

Given below is a glimpse of learning quantum for the last 6 years:

The focus remained on capacity-building in line with regulatory frameworks and global compliance obligations, with several initiatives undertaken in this regard. With the help of in-house and external subject-matter experts, various learning programs were arranged on Anti-Money Laundering, TF Risk Assessment and CFT Obligations, Trade Based Money Laundering and Cyber Security Awareness. Realising contemporary trends and for future-proofing the employees, learning initiatives have been taken to increase their digital quotient. Frontline teams were upskilled on product and process knowledge, and enhanced levels of customer service.

Leadership training was organised for the executives. Knowledge sessions were organised for various businesses including a special focus on SBP initiatives. Further, in order to induct young talent at Bank Alfalah, a customised batch learning program was organised for Management Trainees. The Bank will continue to inculcate learning solutions for our people to enhance their personal and professional skills and nurture a learning culture for organisational growth. In line with the Employee Happiness Charter, the Bank will be heavily investing in enhancing the Customer Happiness Journey by upskilling the employees on Service Quality Management.

Training on anti-corruption is an integral part of mandatory training for all Bank Alfalah employees, reinforcing a culture of integrity and accountability across the organization. Every contract signed with external parties for business includes clauses ensuring compliance with laws and regulations.

DIVERSITY, EQUITY AND INCLUSION (DEI)

Bank Alfalah recognises that embracing diversity, ensuring equity, and fostering inclusion are not only moral imperatives but also strategic drivers of performance. The Bank's DEI commitment is deeply embedded in its ambition to create a workplace where individuals from all backgrounds feel respected, valued, and empowered to contribute their unique perspectives.

With the understanding that diverse teams fuel innovation and lead to better outcomes, Bank Alfalah actively promotes equitable opportunities and inclusive practices. By addressing structural barriers and enabling fair access to growth, the Bank ensures that inclusion goes beyond representation—it becomes a lived experience for all employees.

The DEI agenda is operationalised through inclusive hiring practices, mentorship and sponsorship programs, awareness campaigns, and training initiatives that build a shared language around equity and belonging. These efforts are supported by policies that reflect the Bank's accountability to meaningful progress.

Bank Alfalah's DEI efforts have earned industry-wide recognition, including acknowledgment as the Most Inclusive Organization by the Global Diversity, Equity and Inclusion Benchmarks (GDEIB) 2023 and second place Employer of Choice by the Pakistan Business Council 2024. These accolades reflect its commitment to embedding inclusion into the Bank's daily operations, decision-making, and leadership development.

Through its DEI framework, Bank Alfalah aims to unlock the full potential of its workforce, driving innovation, improving engagement, and contributing to long-term sustainability and growth

Since 2018, the focus has been on DE&I policies and programmes. The following initiatives were launched:

a) Childcare Allowance

In its quest to create a workplace conducive to family life, Bank Alfalah offers childcare allowance to working mothers and single fathers. With this the Bank support its working parents by aiding them in arranging daycare or caregiver services, thus enabling them to maintain a work-life balance.

b) Maternity and Paternity Leave

Recognising the distinct responsibilities of both parents, particularly during the initial days of welcoming a newborn, the bank offers a maternity leave of 6 months for working mothers and a paternity leave of 5 days for working fathers.

c) Maternity Cover Incentive

The implementation of a Maternity Cover policy assures seamless workflow during an employee's maternity leave period. The Bank provides a unique opportunity for employees to step in as 'Maternity Cover' for a duration of 6 months, covering the responsibilities of those on maternity leave. Employees assuming this role receive a monetary incentive upon completion of the 6-month period. In addition this serves as a development opportunity for employees as it diversifies their experience and gives them the chance to learn new skills.

d) Iddat Leave

Bank Alfalah introduced an unprecedented leave offering, unparalleled in various industries. The organisation provides a fully paid Iddat Leave lasting 130 days exclusively for women employees, ensuring job security and peace of mind during periods of grief following the unfortunate events of a spouse's death or divorce.

e) Flexible Working Hours

Bank Alfalah strives to establish a work atmosphere that acknowledges the significance of adaptable work schedules. This one-of-a-kind policy is designed to empower employees with the choice to work in ways that best suits their professional and personal needs while ensuring business objectives are consistently met.

f) Communication Channel for Women

Bank Alfalah maintains a dedicated platform tailored for women, ensuring consistent engagement with its women workforce. This channel serves as a means to disseminate and introduce new initiatives, and reinforce guidelines on addressing harassment. This interactive approach significantly contributes to fostering a more supportive work environment for women.

g) **Employee Volunteering Leave**

Bank Alfalah offers leave of up to 2 working days during which employees can donate their time and talents to the communities around them.

h) **Celebrating International Women's Day**

In 2024, Bank Alfalah observed International Women's Day throughout its various locations, acknowledging the valuable contributions of its women employees. These celebrations serve as an opportunity not only to recognise existing efforts in fostering gender-inclusive workplaces but also to underscore the ongoing commitment to advancing this initiative. The Bank facilitated panel discussions and group sessions across branches and back offices, providing all employees with an opportunity to contribute their perspectives on enhancing inclusivity within the organisation.

Additionally, the Bank sponsored external events such as Shevolution to showcase its efforts for the community at large and collectively strive for a gender-inclusive space.

i) Meet and Greet sessions

designed specifically for women to help them grow in their respective career trajectories. The target audience for this program are women who have been in the same role for a long time but have the potential given that they develop their soft skills. For this purpose, a year-long learning roadmap is designed for these women along with assigning mentors from the same fields who can support them in developing the competencies needed for growth.

j. Uraan Learning Journey

The attrition analysis reveals a notable trend where a considerable portion of women depart due to prioritising family responsibilities or seeking enhanced career opportunities.

Addressing the latter, a customised learning pathway has been developed to empower women to advance their careers within Bank Alfalah. This roadmap provides a clear outline of the skills and competencies required for progression to higher levels within the organisation.

- k. Ignite Sponsorship Program for Women** The Ignite Sponsorship Program for women is a mentorship and coaching initiative tailored exclusively for women, offering personalised one-on-one coaching sessions with senior leaders. All mentors and coaches involved in the program have undergone specialised training in Leading as Coaching and are actively engaged in the Leadership Development Program, ensuring a high standard of quality and support within the initiative.

BANK ALFALAH RAISES MINIMUM SALARY TO RS. 50,000

The Bank has taken the initiative of revising the minimum salaries at all levels. In 2024, the minimum gross salary for Bank Alfalah's permanent employees was PKR 50,000/- in comparison with the minimum gross salary of PKR 40,000/- for 2023.

The minimum wage for Bank Alfalah's third party staff was PKR 36,000/- in comparison with the minimum wage of PKR 32,000/- for 2023. Moving away from the concept of the minimum wage in times of inflation. To better facilitate its employees, Bank Alfalah has also decided to enhance the benefits of staff house finance limits for all its employees.

PEOPLE HAPPINESS AND EMPLOYEE ENGAGEMENT SURVEY

The Bank employs a comprehensive strategy to measure its culture from multiple perspectives. To measure and ensure a healthy work culture and seamless employee experience, an annual Happiness and Engagement Survey is conducted. In 2025, 90% of the staff nationwide completed the Survey.

The Survey serves as:

- **A tool to measure engagement-** A valid assessment of how engaged or disengaged the employees are, using scales from validated psychometric surveys
- **A platform for open / candid feedback-** Each participant's voice reaches the senior management
- **A medium to increase employee engagement-** Introduce initiatives and interventions to address problem areas and reduce attrition
- **A driver for organisational growth-** Using valuable data to boost bank-wide development in all areas of business.

The Bank's initiatives are carefully crafted to resonate with diverse audience segments, ensuring that its message is not only widespread but also relevant.

With a strong emphasis on digital transformation, the Bank has expanded its presence across high-engagement platforms, leverage data-driven digital marketing and targeted social media activations to create a truly immersive brand experience.

Its digital-first approach has enabled it to tap into new consumer behaviours, using advanced analytics and machine learning to curate hyper-personalized content and real-time interactions.

- Some of the prominent marketing campaigns during the year were:
- Strengthening brand presence through sports
- Driving economic growth through remittance campaigns .

- The current account campaign aims to empower customers through fee waivers and provide hassle free banking solutions.
- A modern and engaging approach to the revamp of the Alfa App, for which the campaign was meticulously crafted to target the right audience, particularly tech-savvy individuals and digital-first customers

Bank Alfalah's marketing approach is rooted in executing 360-degree campaigns that not only create an impact within the banking industry but also resonate with the masses. By consistently crafting campaigns that reflects its vision of being a caring and people-first bank, the Bank ensures that our messaging strikes the right chords and makes a lasting contribution.

Impact Created

In 2024, the launch of the New AlfaMall received the most extensive media coverage, achieving a total of 206 mentions. This coverage was significant, highlighting the growing role of digitisation in shaping the banking landscape. Innovating the digital e-commerce experience by providing customers with a seamless, one-stop shopping platform. Improving financial accessibility while paving the way for a more integrated and customer-centric digital ecosystem.

Other topics that received coverage include digital banking, sustainability, partnerships, financial results and other industry news. These topics indicate that the company is engaged in various activities that interest the media and the public.

Media Coverage

The Bank received over 1,348 total media hits in newspapers, digital and TV publications. This number indicates high media engagement and interest in the company's activities. The coverage was primarily positive, with over 96 percent of the mentions being positive, 5 percent neutral, and 4 percent negative. This is an excellent outcome as positive media coverage can enhance the company's reputation and increase customer trust and loyalty.

MATERIALITY ASSESSMENT

Bank Alfalah's materiality assessment adopts a comprehensive approach to understanding the Bank's impact on stakeholders and how the external environment affects the industry. Key issues are identified along with opportunities and risks that significantly influence assets and the ability to sustain operations. The analysis prioritises these factors based on severity, likelihood, scale, and scope, guiding the mitigation efforts.

Compliance with laws, standards, and the code of conduct is fundamental. The material concerns inform the evolution of strategy and business model. Teams regularly review them to ensure alignment with the evolving external landscape.

Phase 1

The Bank conducted internal assessments, peer analysis of global banks, and cross-industry analysis to create a preliminary list of both positive and alternative impacts

Phase 2

Next, prioritise these issues through engagement with stakeholders. Obtain approval from stakeholders for those issues deemed significant and relevant within our operational context, identifying them as material matters.

Phase 3

Validate the identified material matters in consultation with the CSR Committee, Senior Management, and subject matter experts. This validation process ensures that these matters effectively inform the team strategy, business model, assets, and short, medium, and long-term objectives.

Phase 4

Finally, secure approval from management. Continuously assess emerging issues in the operational environment to ensure the ongoing relevance of our strategy.

BANK ALFALAH DEMONSTRATES CONTINUED COMMITMENT TO FLOOD-AFFECTED COMMUNITIES WITH OVER PKR 2 BILLION DISBURSEMENTS SINCE 2022

Bank Alfalah, a leading commercial Bank in Pakistan, reported the comprehensive highlights of its over two years of commitment to the flood-affected communities, which commenced in 2022 after the devastating floods impacted one-third of Pakistan. To date, Bank Alfalah has disbursed approximately PKR 2 billion through this programme, providing a sustainable way forward to over 1 million beneficiaries and positioning itself as one of the most significant corporate contributors to fostering a sustainable future for flood-impacted communities.

Under the visionary leadership of His Excellency Sheikh Nahayan Mubarak Al Nahayan, Chairman of Bank Alfalah and the board, who graciously approved the donation of \$10 million to devastating floods that hit Pakistan in 2022, the Bank had embarked on a two-pronged strategy to redevelop communities in a sustainable, equitable, and financially inclusive manner. This initiative addressed immediate needs and now provides a comprehensive framework for long-term rehabilitation.

Over the last two years, with the road-map of a two-pronged strategy, the Bank has joined forces with over 25 esteemed partners receiving the Bank's disbursement to address critical sectors such as health and emergency care, affordable housing, accessibility to education, and sustainable livelihoods.

Phase 1 focused on immediate relief with PKR 345 million starting from 2022 and going till 2024, partnering with reliable and trusted non-governmental organisations (NGOs) across Pakistan. These partnerships facilitated the rescue and assistance of flood-impacted communities in hard-hit locations with ration distribution, medical camps, winter kits, and water filtration devices.

The Bank embarked on phase 2 in the second half of 2023 and followed it through in 2024 with a disbursement of PKR 1,815 million, focusing on rehabilitation and rebuilding lives. This phase encompassed several key areas: sustainable housing, healthcare, education, and livelihood support.

Healthcare Provision worth PKR 633.5 million in 2023-2024

A partnership with the Aga Khan Foundation progressed in 2024 with the funding of PKR 200 million. Aga Khan Foundation is working to accelerate agricultural livelihood and increase household's food security and resilience. Apart from nutrition, it also improves the community's access to health services through health service delivery platforms and mobile outreach services.

Funding of PKR 150 million was made to the Patient Aid Foundation, focusing on aiding the under-served in Jinnah Postgraduate Medical Centre (JPMC) Karachi, which has inundated flood-impacted communities travelling to Karachi from interiors. To date, over 26,064 patients have been treated. Child Life Foundation, with PKR 100 million, is also at the forefront of treating patients and has catered to 118,000 patients in flood-impacted areas through telemedicine.

The latest project with Layton Rahmatullah Benevolent Trust (LRBT) aims to build 10 medical units for initial eye screening of individuals in the flood-impacted areas of Sindh and Balochistan. A PKR 50 million project will check the patients for developing eye infections and diseases and will refer severe cases to the main hospital.

The Bank has funded multiple other projects in the past 3 years worth PKR 133.5 million with Vital Pakistan, Mustafa Trust, Alamgir Welfare Trust, HANDS Pakistan, Taraquee Foundation and Indus Hospital and Health Network.

Sustainable Housing Provision and reviving livelihood worth PKR 376.8 million in 2023-2024

Bank Alfalah has partnered with reputable organisations such as Karachi Relief Trust, Bait-us-salam, Sahil Welfare Trust and Shahid Afridi Foundation to address the housing needs of flood-affected communities and promote climate resilience with the funding of PKR 271.5 million, including PKR 10 million to Alamgir Welfare Trust for livelihood projects. The partner NGOs inaugurated housing communities in Balochistan and Sindh during the year. These partner NGOs have completed over 1066 houses in flood-impacted communities to benefit approximately 7,000 individuals.

In the aftermath of the devastating floods, Bank Alfalah demonstrated its commitment to its colleagues by disbursing over PKR 105.3 million to assist 439 colleagues who suffered significant losses to their homes, assets, and personal belongings.

Education Support Provision worth PKR 305 million in 2023-2024

In alignment with its dedication to education, Bank Alfalah has undertaken several initiatives to support flood-affected communities.

The Bank partnered with The Citizen Foundation (TCF) to rebuild and restore educational infrastructure in flood-impacted areas. TCF is constructing 4 Primary Schools for 720 students in Nawabshah, Sohbatpur, and Tando Bhago, with Bank Alfalah contributing PKR 196 million. This support also includes the establishment of 200 Agahi Centres, water filter plants, and solar panels, along with additional operational support, with a further contribution of PKR 30 million.

Recognising the importance of inclusive education, Bank Alfalah partnered with the Family Educational Services Foundation (Deaf Reach) to establish three satellite schools in flood-impacted areas of Sindh and Balochistan.

This initiative aims to provide education to children in remote areas with limited access, with less than 5% currently having access to schooling. Bank Alfalah has pledged PKR 24 million for this project, demonstrating its commitment to rebuilding lives and infrastructure in flood-affected communities.

Furthermore, Bank Alfalah has partnered with Orange Tree Foundation, contributing PKR 25 million to fund 56 undergraduate students' tuition fees in flood-impacted areas.

Finally, the Bank donated PKR 30 million to Green Crescent Trust to support the construction of a state-of-the-art school in the under-served area of Khoski, Badin.

Interest-Free Loans Provision of PKR 250 million in 2023-2024 with Akhuwat Islamic Microfinance (AIM)

Bank Alfalah offered interest-free rehabilitation loans to support the households affected by the floods through its partnership with Akhuwat Islamic Microfinance. PKR 250 million has been disbursed to construct 1,382 houses in all four provinces. The loan size goes up to PKR 300,000, and the tenure is up to 4 years. The funds have revolved around PKR 332.1 million.

Revive and Rise - Subsidised collateral free loans for revival of small rural businesses and sustainable livelihood

Bank Alfalah launched a specialised microfinance program with an initial allocation of PKR 250 million, targeting households engaged in dairy farming and subsistence-level crop cultivation. To date, PKR 200 million has been disbursed, benefiting approximately 700 individuals. The programme offers affordable financing at 2% per annum with a repayment period of up to 5 years. The program incorporates digital disbursement channels, insurance coverage, capacity-building initiatives, and market linkages to enhance impact. Notably, 43% of the beneficiaries are women.

Commitment to Pakistan

This gesture by the Chairman and Board of Bank Alfalah is unprecedented and is a testament to the strong bond between UAE and Pakistan while reaffirming the strong positioning of Bank Alfalah as being a truly caring bank. His Highness has always been a great supporter of Pakistan and expressed his concerns at the calamity that has recently overwhelmed the country. However, he has also been deeply impressed by the extraordinary fortitude and resilient spirit that characterises the people of Pakistan as they advance to navigate a way to a safer shore.

He acknowledged that no amount of money is enough in the face of such devastation and irreversible loss; he was hopeful that this contribution would partially alleviate the suffering of the victims.

In 2022, the pledged amount was being distributed by Bank Alfalah for the flood relief and rehabilitation efforts through select reliable and trusted NGOs to provide immediate relief, and a substantial amount has been earmarked for infrastructure rebuilding in the medium to long term to help the affected areas attain normalcy.

Spirit of Bank Alfalah's employees:

Bank Alfalah has been working to relieve flood affectees from the beginning and used the strong network of its branches and front-line staff to help those hit by floods. The Bank established Flood Relief Camps and started in-kind donation drives at 32 locations, including the Head Office and branches nationwide, to collect clothes, food items and medicine for the flood-hit communities.

The employees voluntarily donated their one-day base salary for flood relief work. All permanent employees were requested to make a one-time voluntary deduction of 1 day's base salary or any other amount to support fellow countrymen affected by floods and torrential rain.

Standing by the Colleagues: The Bank ensured that the colleagues impacted by the torrential rain were adequately looked after. The Bank allocated the funds to address the needs of staff, their families, and their nearby communities. The Bank received 479 requests from different cities and remote locations where employees' houses and other assets were damaged or completely wiped out. A contribution of PKR 104 million was made to ensure that the bank stands tall with the staff and their families until their lives return to normalcy.

Two-pronged approach: This section explains the highlights of 2024 during Phase 2 of the comprehensive rehabilitation and rebuilding initiative, which started with immediate rescue and relief in Phase 1 in 2022.

With a steadfast commitment to empowering communities and promoting sustainable development, the bank has joined forces with 25 esteemed partners. It has disbursed around PKR 1,947 million to address critical sectors such as healthcare, emergency care, housing, education, and livelihoods.

Under the visionary leadership of **His Excellency Sheikh Nahayan bin Mubarak Al Nahayan**, Chairman of Bank Alfalah, who graciously donated \$10 million to devastating floods that hit Pakistan last year, and with the steadfast support of the Board of Directors, the Bank has embarked on a two-pronged strategy to redevelop communities in a sustainable, equitable, and financially inclusive manner. This initiative addresses immediate needs and provides a comprehensive framework for long-term rehabilitation.

Phase 1 focused on immediate relief with **PKR 345 million** partnering with reliable and trusted non-governmental organisations (NGOs) across Pakistan. These partnerships facilitated the rescue and assistance of flood-impacted individuals in hard-hit locations.

The Bank embarked on **phase 2** of its flood relief efforts with a disbursement of **PKR 1.3 billion**, focusing on rehabilitation and rebuilding lives. This phase encompassed several key areas: sustainable housing, healthcare, education, and livelihood support.

Phase-2:

A) Healthcare Provision worth PKR 634 million

Other than initiatives for sustainable housing, there is also a strong dedication to healthcare and education. A partnership with the Aga Khan Foundation has been strengthened by a generous donation of PKR 200 million. Aga Khan Foundation is working to accelerate agricultural livelihood and increase household's food security and resilience. Apart from nutrition, it is also improving the community's access to health services through health service delivery platforms and mobile outreach services.

A donation was made to the Patient Aid Foundation, focusing on aiding the under-served in Jinnah Postgraduate Medical Centre (JPMC) Karachi, which has inundated flood-impacted communities travelling to Karachi from interiors. To date, over 720 patients have been treated. Child Life Foundation is also at the forefront of treating patients and has catered to 280,000 patients in flood-impacted areas through telemedicine. Other partners include Alamgir Welfare Trust, Hands and Al-Mustafa Trust.

B) Sustainable Housing Provision and reviving livelihood worth PKR 512 million

Bank Alfalah has partnered with reputable organisations such as Karachi Relief Trust, Bait-us-salam, Sahil Welfare Trust and Shahid Afridi Foundation to address the housing needs of flood-affected communities and promote climate resilience. The partner NGOs inaugurated housing communities in Balochistan and Sindh during the year. These partner NGOs have completed over 2,400 houses in flood-impacted communities to benefit approximately 16,000 individuals. The bank also made disbursements to support the reviving of agricultural land impacted by floods.

C) Subsidised Loans Provision of PKR 250 million

Bank Alfalah offers interest-free rehabilitation loans to support the households affected by the floods through its partnership with Akhuwat. PKR 250 million has been disbursed to over 1,168 beneficiaries in all four provinces to reconstruct damaged houses. The loan size goes up to PKR 300,000, and the tenure is up to 4 years.

D) Education Support Provision worth PKR 350 million

In alignment with its dedication to education, Bank Alfalah has partnered with The Citizen Foundation to rebuild and restore the education infrastructure in flood-impacted areas. TCF is constructing 4 Primary School for 720 students in Nawabshah, Sohbatpur and Tando Bhago with the funding of PKR 196 million. Simultaneously, TCF will establish 10 Agahi Centres, water filter plants, solar panels and will provide other operational support with an additional donation of PKR 30 million.

Bank Alfalah has also partnered with Deaf Reach to establish 3 satellite schools in flood-impacted areas of Sindh and Balochistan, emphasising Bank Alfalah's focus on inclusive education and community growth.

Through its satellite school model, Deaf Reach will re-purpose under-utilised spaces to educate children in remote areas, as less than 5% have access to education. Bank Alfalah has pledged PKR 24 million for this initiative, making it a part of the Bank's second phase of providing relief to flood-affected communities in efforts to rebuild lives and infrastructure in flood-impacted areas.

Bank Alfalah's Contribution to a Sustainable Way Forward

Bank Alfalah is at the forefront in reflecting its purpose that extends beyond financial success

Under the visionary leadership of His Excellency **Sheikh Nahayan Mabarak Al Nahayan**, Chairman of Bank Alfalah and the Board of Directors, who graciously approved the donation of **\$10 million** in response to the devastating floods that hit Pakistan in 2022, the Bank embarked on a **two-pronged strategy** to redevelop communities in a **sustainable, equitable, and financially inclusive** manner. This initiative addressed the immediate needs of the affected communities and is now providing a comprehensive framework for long-term rehabilitation.

To date, Bank Alfalah has disbursed a total of **PKR-2.1 billion** through this program, positioning itself as one of the largest corporate contributors to fostering a sustainable future for flood-impacted communities.

Over the last two years, the Bank has joined forces with **25 esteemed partners**, receiving the Bank's disbursement to address critical sectors such as health and emergency care, affordable housing, accessible education, and sustainable livelihoods.

Atif Bajwa, President and CEO of Bank Alfalah, commented, "With the gracious support of the Chairman and the Board of Directors, we worked with the most reliable and trusted names in Pakistan to extend support to the most vulnerable communities impacted by floods since 2022. We intensified our joint efforts and reached communities for relief and rebuilding phase with a medium to long-term plan to support them for a sustainable way forward. In a disaster of unprecedented proportions, we must always come together to provide continuous support to those impacted through our collective contribution."

IMPACT THROUGH CSR PARTNERSHIPS:

Aga Khan University Hospital (AKUH): Bank Alfalah partnered with AKUH to support the Mending Kids' Hearts Programme, providing life-saving surgeries for children with congenital heart disease. The program has already transformed over **3,000 lives**. Through funding initiatives like the annual golf tournament, the Bank continues to help provide access to quality healthcare for children in need.

Layton Rahmatulla Benevolent Trust (LRBT): For nearly four decades, LRBT has worked toward a blindness-free Pakistan, providing free eye care to over 56 million patients and performing 5.5 million surgeries. Supported by Bank Alfalah this year for their annual fundraiser, LRBT's 20 hospitals and 61 clinics nationwide continue to deliver life-changing treatment to millions, including **300,000 children** expected in 2024.

Toni and Guy South Pakistan: The collaboration between Bank Alfalah and TONI&GUY emphasised the importance of financial inclusion for women, both within the Bank and the beauty industry. Through seminars and workshops on personal grooming, **50 female employees** gained essential skills to enhance their workplace presence. The initiative also supported the growth of female entrepreneurs in the beauty sector, creating a valuable platform for empowerment and development.

Behbud: Bank Alfalah supported Behbud Fiesta' 24, providing **150 stall holders** and **200 local artisans** a platform

to showcase their hand-crafted creations. This initiative empowered women by promoting traditional craftsmanship and creating opportunities for financial independence, reflecting the Bank's commitment to sustainable livelihoods.

Karachi Biennale: Drawing in over **30,000 visitors**, the Karachi Biennale 2024 (KB24) served as a platform for Bank Alfalah's support of local and international artists. The event's theme "Rizq/Risk" sparked vital discussions on climate change and food security, reflecting the Bank's ongoing support for social, environmental, and cultural initiatives, including its \$10 million contribution to the 2022 flood relief efforts.

Katalyst Labs: The Bank's participation in this year's conference, +92 Disrupt highlights the dedication to supporting Pakistan's startup ecosystem. The Group Head of Strategy presented a keynote that focused on the role of financial institutions in scaling startups through funding and strategic support. With **62**

speakers, 14 VCs, and 850 attendees—the event covered diverse topics like AI, gaming, and sustainability, positioning the Bank as a driving force in innovation.

Youth Impact: The empowerment of young individuals through capacity building and leadership development was advanced through a collaboration with Youth Impact, an Islamabad-based NGO. Their flagship program, Markhor Junior, is a five-day outdoor leadership conference for youth aged 12-16 in the Lower Himalayas, promoting experiential learning and personal growth. This initiative allowed **8 children** from underprivileged backgrounds to participate in healthy activities and develop essential life skills.

Karachi Press Club: The Karachi Press Club (KPC) hosted the Annual Gala 2024, with Bank Alfalah partnering to bring together nearly **5,000 media professionals, journalists, and industry affiliates**, reinforcing the Bank's commitment to uplifting the journalist community.

The Citizens Foundation (TCF): Bank Alfalah joined forces with The Citizens Foundation (TCF) to support its mission of providing quality education through initiatives like Cycle For Change (CFC). Since 2021, this event has brought together cycling enthusiasts in Karachi to raise awareness and funds for literacy. The funds raised will support the education of **33 children** enrolled.

The Biggest Corporate Donor in 2023 and 2024 with USD 10 million Pledged for Flood-impacted Communities
When floods hit significant parts of the country, Bank

Alfalah came to the forefront with a determination to provide immediate relief and rebuild impacted areas and formulated a strategic plan for redeveloping communities in a sustainable, equitable and financially inclusive way. In August 2022, Bank Alfalah's Chairman, His Excellency Sheikh Nahayan Mubarak Al Nahayan, and the Board of Directors graciously approved USD 10 million (PKR 2,180 million) to help with the extensive relief and rebuilding efforts.

MANAGEMENT COMMITTEES

Bank Alfalah has three main Management Committees for the purpose of strategic planning and decision-making under the Chairmanship of the CEO. The Board of Directors has approved the Committees and their TORs. The role of these Committees is to ensure that the activities of the Bank reflect its vision, purpose and aims. They establish the fundamental values, ethical principles and strategic direction in which the Bank operates. These Committees meet regularly and their decisions are communicated to the Board frequently.

The CMC has formed sub-committees to carry out its mandate. For each sub-committee, the CMC adopts formal TORs, setting-out the matters relevant to the composition, roles, functions and responsibilities. The CMC has full authority to review and reorganise the composition and TORs of the sub-committees.

The Chairman of the Board and the Chief Executive Officer of the Bank, play a substantial and significant role in creating a sustainable impact on the society by providing the Management with strategic direction and helping it materialise its Mission and Vision. In this regard, key roles and responsibilities of the Chairman and the CEO are described below:

KEY ROLES AND RESPONSIBILITIES OF THE CHAIRMAN

The Chairman of the Board acts as a leading figure for both the Board of Directors, and is entrusted with numerous responsibilities and roles ranging from monitoring Board level decision-making activities to safeguarding the Bank's commercial interests and sustainable business practices.

RESPONSIBILITIES RELATED TO GREEN BANKING POLICY

The Board of Directors (BoDs) will have the overall responsibility of development of Green Banking Policy of the Bank. In addition, the Board will review and approve green banking strategies and budgets relevant to green banking as prepared by the senior management. In addition to the roles and responsibilities of the Board with regard to the Green Banking Guidelines, the Board of the Bank will also be responsible for performing the following functions specific to ESRM Implementation Manual 2022 of SBP:

- Provide feedback on critical high-risk projects on E&S matters.
- Ensure sustainability is addressed routinely at the Board level, setting vision, and providing guidance to Senior Management for implementation.
- Review internal audit reports and follow up on the effectiveness of ESRM implementation, serious accident/ Incident / fatality reports, serious grievances related to the bank's operations.
- Ensure that the Green Banking Office has access to and reports periodically to the Board.
- The Board may set maximum exposure limits for industries / sectors that are more hazardous to the environment and / or society. The Board may also define the limits for different environment-friendly projects / sectors.
- The Board is responsible for reviewing the corporate social responsibility reporting, and impact of environmental and social economic measures.

SENIOR MANAGEMENT

Senior management will be responsible for implementation of Green Banking Policy approved by the Board, development of strategies, administrative procedures (including Data Management and Reporting, Internal Capacity Building and Green Awareness Campaigns for Clients) and accountability mechanisms for implementation of Green Banking Policy approved by the Board. The strategies and procedures will treat the three areas of GBG i.e. Environmental & Social Risk Management, Green Business Facilitation and Own Impact Reduction with equal emphasis. In line with the recently launched SBP's ESRM Implementation Manual 2022, the responsibilities of Senior Management will also include:

- To determine appropriate course of action in respect of unresolved E&S issues or in situations where non-compliance associated with a transaction cannot be resolved by Head of Credit. The appropriate course of action may include taking legal action against a borrower / customer to reduce the bank's potential exposure to E&S risks.
- To decide if E&S risks in critical, high-risk projects are acceptable to the bank's overall exposure to risk before proceeding with a transaction. In certain cases, Senior Management may terminate a transaction based on its level of risk.

OTHER RESPONSIBILITIES INCLUDE:

- To serve as a leader and driving agent of the Board of Directors, monitoring and managing all of its activities, and aligning the Board's goals and decisions with that of the Management;
- To ensure that the Board stays in the right direction with respect to achieving its objectives;
- To preside over the Board's meetings and general meetings, and ensure that these meetings are executed productively and key agenda is discussed along with a valuable conclusion/decision. The Chairman also oversees the Board's key decision-making activities; and
- To exercise powers and authorities that are vested in and conferred to the Chairman under the Terms of Reference of Board Committees as approved by the Board of Directors

KEY ROLES AND RESPONSIBILITIES OF THE PRESIDENT AND CEO

- To serve as the link between the Board and Senior Management for execution of Board driven vision and strategies;
- To manage and administer the affairs of the Bank in accordance with laws, rules, regulations, and the Memorandum and Articles of Association of the Bank;
- To comply with and ensure bank-wide implementation of and compliance with all policies, procedures and manuals approved by the Board of Directors, and any directives given by the Board of Directors or Board Committee(s);
- To prepare plans for growth and expansion of the Bank's operations in Pakistan and abroad, and submit the same for consideration and approval of the Board of Directors;
- To appoint, promote, transfer, suspend or dismiss employees of the Bank and x their remuneration and other entitlements in accordance with the policies and procedures approved by the Board of Directors;
- To deal with, represent, and act on behalf of the Bank before the State Bank of Pakistan, Securities and Exchange Commission of Pakistan, federal and provincial ministries, government departments, local bodies, corporations, courts, stock exchanges, and any other competent authority; and
- To ensure that the Bank performs to the highest levels of ethical, legal and business standards in order to execute the Bank's strategies effectively in line with all applicable laws.
- To ensure that the culture and values of the Bank are upheld at all times, the Board receives timely, accurate and complete information, shareholders' interests are protected in compliance with laws and regulations, meetings are duly recorded, productive participation of board members, and effective resolution of issues.

GENDER LANDSCAPE

Gender Diversity Historic Trend

POLICY ON DIVERSITY, EQUITY AND INCLUSION

The Bank recognises and embraces the benefits of having a diverse Board, and sees increasing diversity at Board level as an essential element in maintaining a competitive advantage. A truly diverse Board will include, and makes good use of, differences in the knowledge & skills, competencies, regional and industry experience, background, gender, race, caste, creed and other distinctions between Directors. These differences determine the optimum composition of the Board, and should be balanced appropriately, when possible. All Board appointments are merit-based, in the context of the skills, experience, independence and knowledge, which the Board as a whole requires to be effective.

SOCIAL AND ENVIRONMENTAL RESPONSIBILITY POLICY

Bank Alfalah has very high regard for its social and environmental responsibility. The Bank is committed to understanding, monitoring and managing its social, environmental and economic impact to enable it to contribute to society's broader sustainable development goal. This commitment is deeply ingrained in its core values, and the Bank aims to demonstrate these responsibilities through its actions and corporate policies.

The following are the guiding principles for the Bank's activities:

- Ingrained our vision for a safe, environment-friendly and socially-responsible culture into the Organisation;
- Effective management of our activities to minimise the impact on the environment;
- Support local employment and entrepreneurship; Support the development of infrastructure, health, education, training and cultural activities in collaboration with the community;
- Compliance with local and international social and environmental laws;
- Increase the frequency of social welfare activities;
- Introducing top-of-the-line products that support environment-friendly procurements;
- Continuous emphasis on safe and clean building designs;
- Collaborate with employees, customers and all other stakeholders for mutual benefits; and

COMPLAINT MANAGEMENT UNIT

At Bank Alfalah, delivering customer satisfaction is a key priority. The Bank adopts a customer-focused approach, supported by a strong complaint handling system grounded in fairness, transparency, efficiency, and accessibility. To make it easy for customers to register complaints, multiple channels are available, including a dedicated call center, an intuitive website, direct email support, Alfa app support, and drop boxes at branches. All complaints are swiftly recorded in a sophisticated complaint management system. To resolve issues promptly, a structured escalation matrix is in place. If a complaint is not resolved within the set timeframe, it is automatically elevated to higher management levels to ensure it receives immediate attention. Additionally, teams regularly review complaint patterns and share findings with Senior Management and relevant Business Segments. This practice of root-cause analysis helps the Bank take proactive steps to resolve problems and reduce the likelihood of future complaints.

RESPONSIBLE FINANCING

Cognizant of the importance of supporting SMEs in uplifting the economy of Pakistan, we at Bank Alfalah have always stood up with our regulatory body to support and promote their financial and non-financial advisory pursuits. This year, Bank Alfalah's SME performance has seen extraordinary growth, with a 53% YTD increase in lending exposure, rising from Rs. 34 billion in Dec 2023 to Rs. 52.3 billion in Dec 2024. The same was witnessed in our Agri Segment which has exceeded expectations, achieving impressive growth, with its portfolio rising from Rs. 18 billion in Dec 2023 to Rs. 25 billion in Dec 2024. In Trade Business, Bank Alfalah made trade throughput for Retail of USD 2.1 billion which highlights our commitment to go above and beyond!

FINANCIAL LITERACY

Bank Alfalah continues its legacy of promoting financial inclusion and literacy. Our Non-Financial Advisory Services (NFAS) stands out as a key enabler, bridging gaps in unorganised and under-served segments. Through collaborations and impactful partnerships with trade associations and other developmental organisations, NFAS addresses gaps in knowledge, awareness, and understanding of financial market opportunities, guiding micro, small, and medium enterprises (MSMEs and SMEs) to become bankable.

In agriculture, Bank Alfalah has significantly expanded its reach to untapped segments through Agri-based support providers. Recognising the potential of under-banked farmers, the Bank strives to uplift rural economies by offering access to finance. Recent initiatives include partnerships with tech-based service providers to introduce advanced farming solutions and climate smart agriculture practices to drive innovation in the sector.

Under Agriculture Finance Literacy Program, we have engaged more than 2,600 farmers through almost 114 Farmers Financial literacy sessions in different locations of Pakistan.

Under the Revive and Rise Scheme, Bank Alfalah is the first bank to digitally onboard customers, while extending subsidised credit for revival of small Agri businesses for uplifting of the under-served communities in flood affected areas of Sindh.

On the digital front, our SME Toolkit serves as a free, web-based solution offering tutorials on skill development and banking documentation. Being an industry first, SME Toolkit is our online platform that helps us extend our non-financial advisory services which has also recently gathered widespread recognition by the government and regulator. Through this medium alone we have been able to reach out to over 35000 businesses. It fosters both local and international linkages for SMEs, enhancing their understanding of financial documentation and market opportunities. Bank Alfalah's financial inclusion and awareness efforts have engaged over 37,000 SMEs through our offline and online presence.

Additionally, we regularly conduct market storming sessions with SMEs across Pakistan, generating valuable leads for NFAS to assist businesses in formalising their operations. Recently, we have reached significant milestones, including integration into the Cambridge, O-levels curriculum, promoting financial literacy among young learners.

SME Toolkit Featured in A Level Business Curriculum

Bank Alfalah's Small and Medium Enterprise (SME) division, through its Non-Financial Advisory Services (NFAS) department, has reached another milestone by being featured in a case study published in the Cambridge International Business Studies coursebook at Subsidiary and Advanced Levels. This achievement has expanded the Bank's outreach to young budding entrepreneurs.

The book presents a case study of a young entrepreneur who utilised SME Toolkit to successfully manage the accounting, human resources, marketing, and sales aspects of his business.

WOMEN ECONOMIC EMPOWERMENT

To extend support to women entrepreneurs, Bank Alfalah has formed strategic alliances with women-centric organisations, including SMEDA, CircleWomen, APWA, Ladiesfund, and various Women Chambers of Commerce and incubation centres. These partnerships aim to raise awareness and provide hands-on support to female entrepreneurs. Under the "Banking on Equality" initiative, the bank ensures that women receive equal financing opportunities and are provided the necessary hand-holding where needed.

Under our SME & Commercial Division, we have extended financing to women entrepreneurs through various subsidised schemes. As of June 2024, the portfolio under SBP's Refinance and Credit Guarantee Scheme alone includes 243 customers with a total disbursed amount of PKR 311 million. Additionally, under the Prime Minister Youth Business & Agriculture Loan Scheme (PMYB&ALS), the Bank has provided financing to 142 women, disbursing PKR 292 million.

We are also leveraging upon the anchor-based financing model to actively generate leads under women financing. By partnering with organisations like Greenstar, CircleWomen, GharPar, we have been able to tap into market niches and facilitate access to credit for women-led businesses associated with their platform. This model enables women entrepreneurs to secure financing with greater ease, benefiting from the anchor's financial strength, and allowing them to scale their operations without the need for traditional collateral. Through this initiative, we are empowering women in business while creating new opportunities for financial growth and sustainability in the SME sector.

Additionally, at the Agri front, our efforts have been recognised in extending finance in far-fetched areas for recognising their challenges and helping them overcome them by extending small loans. Additionally, while recognising the unique challenges faced by women in rural areas, our team went the extra mile to address this matter and has been able to extend small loans to women in Pishin, Balochistan, a region with limited access to formal financing located in Balochistan. Special fee waivers and deviations where needed were approved to cater to the specific needs of these women entrepreneurs. In addition, a door-to-door service has been implemented, facilitating the loan application process, and providing financial literacy support.

Considering SBP's focus on 'Banking on Equality' we understand the underlying importance of women's access to financial and economic opportunities. The ongoing roll-out of our initiatives highlights our commitment to global best practices in financial inclusion. Our efforts have been recognised by the President's office, validating our contributions to advancing financial inclusion and bridging key literacy gaps. Additionally, we also bagged multiple awards at the national and regional level under SBP's "Empower Her" campaign during their Women Entrepreneurship celebrations.

NON-FINANCIAL ADVISORY SERVICE (NFAS)

Bank Alfalah has been a trailblazer in driving the SME segment within the banking sector through its innovative Non-Financial Advisory Services and tailored product offerings. The continued implementation of these initiatives reflects the bank's unwavering commitment to global best practices.

By expanding our footprint into underserved regions such as Baluchistan, Skardu, and Gilgit Baltistan, Bank Alfalah remains focused on bridging gaps for financially underserved segments. By providing knowledge and expertise, the bank empowers businesses at the grassroots level to enhance efficiency, productivity, and sustainability. While maintaining our dedication to partnerships, the bank emphasised lead generation and business growth. Strategic alliances with organisations including Greenstar, CIRCLE Women, SMEDA, Chambers of Commerce, Care International, PITB, LadiesFund, USAID SMEA etc. significantly expanded outreach.

The Bank considers NFAS an important component of its core business line that can help develop and grow the SME portfolio, deepen the relationship with its existing SME customers, mitigate risks, and differentiate BAFL in a growing competitive market. Additionally, our initiatives have garnered recognition from the President's office, further validating our impactful contributions towards advancing financial inclusion across the region. These accomplishments highlight the effectiveness of our approach in addressing crucial financial literacy gaps, reinforcing our commitment to fostering a financially inclusive society

In line with the commitment to advancing financial inclusion, the Bank collaborated with SMEDA, various Chambers of Commerce, and the State Bank of Pakistan to conduct over 30 financial awareness sessions and helpdesks across Pakistan this year, reaching a diverse and widespread audience. Recognising the importance of inclusive outreach, we continuously seek strategic partnerships to make banking accessible for all segments of society. Notably, to extend our efforts to persons with disabilities (PWDs), we partnered with organisations such as ConnectHear, NOWPDP, and Deaf Reach School—enabling us to deliver tailored financial education and support to underserved and marginalised communities.

RESPONSIBLE TAX PRACTICES

Bank Alfalah's approach to taxation, including tax governance, control and risk management is in line with business strategy and prevailing regulations.

- **Macroeconomic factors:** The year 2024 was a challenging year for Pakistan's economy as the Government curtailed its spending, increased taxes and passed on the energy cost to the consumers.
- Bank Alfalah offers convenient payment options through its Alfa App, Internet Banking and ATMs/branches to help in the collection of tax revenue.
- The Bank serves as a withholding tax agent for direct and indirect taxes.
- Bank Alfalah has robust IT systems in place which ensure proper calculation and deduction of taxes from the customers, vendors, suppliers, employees and depositors at the rates specified by the tax authorities.
- **Contribution to the Government:** The Bank contributed Rs. 58.9 bn to the Government's tax revenue in the form of income taxes along with collecting and depositing indirect taxes. The Bank remains focused on being a responsible taxpayer.
- **Regulators:** The Bank acts as a trusted partner of the regulators. The Bank also aims at being a responsible tax paying and collection agent.
- The income tax assessments of the Bank have been finalized up to and including tax year 2024.
- **Management's assessment of sufficiency of tax:** The bank maintains sufficient provision for taxation as required under the accounting standards and the relevant tax regulations. Contingencies with respect to direct or indirect taxation based on income tax assessments have been disclosed in note 33 of the unconsolidated financial statements for the year ended 31 December 2024. Our assessment of sufficiency of tax provision made in financial statements along with comparisons to tax assessment for the last three years are satisfactory.

All accounting policies including taxation are disclosed as part of the annual audited financial statements, which are approved by the Board, signed off by the President and CEO, CFO and 3 Directors.

INFORMATION SECURITY

Cyber risk is now amongst the top ranked Information Security risks that all organisations face and Bank Alfalah is cognisant of its significance and possible impacts. A dedicated Information Security Division, functioning within the aegis of Credit and Risk Management Group manages Information Security risks to Bank's technology assets by enforcing compliance to information security standards & baselines for IT solutions that support products and services. Information Security solutions selection, acquisition and engagement with consultants, vendors or service providers are led by Information Security in close coordination with Information Technology Group (ITG).

The Bank has in place a well-defined Information Security Risk Management Policy/Framework duly approved by the Board of Directors. The framework is supplemented with comprehensive Information Security Risk Management procedures approved by executive Management as well as multiple technology / process / practices specific security baselines. The framework derives direction from the regulatory advisories and mandates, as well as from international standards and best practices.

Based on periodic Cyber Security Risk Assessments, the bank has instilled a multi-layered Cybersecurity Action Plan, the components of which cover all the key domains of information security. Identified threats and vulnerabilities are suitably treated and revalidated. Furthermore, the Bank runs periodic Cyber risk awareness campaigns for staff and customers and has clearly defined standard for Acceptable use of Information & Technology resources.

The State Bank of Pakistan has time and again issued advisories, circulars and regulations for improvements in Bank's cyber security posture and these are being complied with on timely basis as well to provide a secure infrastructure for hosting our customer's data. Furthermore, Bank's approved strategy and industry specific best practices are also being followed.

The Board has entrusted the Board Information Technology Committee to oversee Bank's technology direction and risk ensuring that Information Technology remains a key differentiator in Bank's strategy. The objective has fuelled the organisation's ambitions for automation and digitalisation thus fostering use of information and data as a key ingredient for innovative solution design and product delivery witnessed by positioning of our franchise as customer's first choice.

The Board and Executive management also remain mindful of risk associated with Cyber Risk, which is supported by a comprehensive strategy and plans, internally as well as by Independent Third parties – for periodic assessments of effectiveness of technology risks and controls.

The organisation is tuned to identification of risks, regulatory, operational, or cyber risks, and ensures that control designs are effective wherein people meticulously follow operational protocols. Besides, all products and services are marketed only after compliance and legal vetting and required risk transfer mechanisms are effective.

Security assessment of technology infrastructure and services is of paramount significance to Bank's strategic and executive management. Accordingly, internal and external mandates and engagements have been effective for years now. Whilst the bank has institutionalised security assessment capabilities amongst Information Technology as well as Information Security teams; their veracity and effectiveness is further validated through quarterly engagement of independent third party engaged for periodic technical risk assessment and vulnerability assessment and penetration testing of all critical systems and services. Furthermore, Bank has engaged service providers for timely awareness and treatment of any unscrupulous activities.

ENVIRONMENT, SOCIAL AND GOVERNANCE INITIATIVES AND THE BANK'S CONTRIBUTION

Background

All three ESG disciplines have a distinct set of standards and practices but at a consolidated level, they indicate an organisation's dedication to achieving the greater good for the environment, society and the organisation itself.

Shareholders/investors, customers, employees, and other stakeholders expect companies to reduce the impacts that their businesses have on environment and be more transparent about ESG reporting. ESG programme looks at business practices to ensure that the companies actually do what they are required to do. There are important components within each ESG discipline:

SUSTAINABILITY AND THE GREEN BANKING JOURNEY

GREEN BANKING- THE WAY FORWARD

Green banking is of paramount importance in today's world as it plays a vital role in promoting environmental sustainability and combating climate change. By integrating environmental and social considerations into banking practices, green banking encourages the adoption of environmentally friendly policies and initiatives.

This approach not only benefits the environment, but also contributes to the long-term financial stability of banks by mitigating environmental risks and promoting responsible lending practices. Additionally, green banking fosters innovation by supporting the development and financing of renewable energy projects, energy-efficient technologies, and sustainable businesses.

Moreover, it enhances Banks' reputation and brand value, as customers increasingly prioritise sustainability and seek out financial institutions that demonstrate a commitment to environmental responsibility. Ultimately, embracing green banking is essential for building a more sustainable and resilient economy that meets the needs of present and future generations.

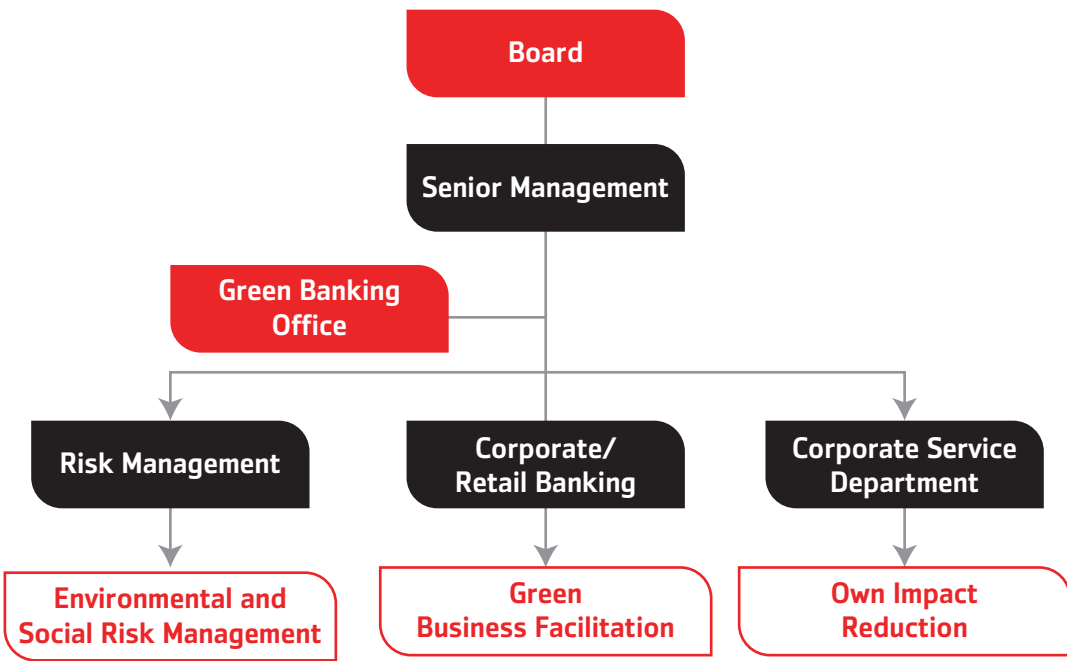

GREEN BANKING INITIATIVES

Bank Alfalah's commitment to betterment in growing environmental and social issues was reflected as early as 2015 when it introduced Environmental and Social Management Framework for integration in its credit approval process. Later in August 2018, Bank Alfalah formally embarked upon its journey of Green Banking when its Board of Directors approved its first Green Banking Policy and formulated Green Banking Office in the Bank, aligning with the SBP's Green Banking Guidelines 2017. This Policy now outlines an enhanced commitment of Bank Alfalah to contribute towards betterment in environmental and social issues through below mentioned strategy:

- a) Environmental and Social Risk Management: Continuing with integration of Sustainable Finance in its lending operations.
- b) Green Business Facilitation: Allocation of funding and resources to those businesses, which directly or indirectly want to reduce their carbon foot-print, be more resource efficient and use other means to reduce the environmental impact.
- c) Own Impact Reduction: Reducing Bank Alfalah's own carbon footprint. This involves increasing the use of solar energy, which decreases the Bank's reliance on grid-energy/fossil fuel based energy, reduction in paper consumption, rationalisation of water consumption and so on.

The governance structure of the three verticals of Green Banking; 1) Green Business Facilitation, 2) Environmental & Social Risk Management and 3) Own Impact Reduction are as follows:

New joiners are given basic Green Banking awareness training during their orientation while existing staff are required to successfully complete an e-Learning module on 'Green Banking' every year.

Bank Alfalah's Environmental Risk & Green Banking Department (also known as Green Banking Office) is providing ESRM Advisory to all internal customers on transactional levels so that the staff does not face any difficulty in implementing the revised ESRM framework. All personnel working in this department have acquired IFC online certification of 'Sustainability Training and E-Learning Program' (STEP).

In-house classroom trainings on Environmental and Social Risk Management (ESRM) are conducted for client-dealing Relationship Managers, credit staff, internal audit and internal control staff.

1) Environmental and Social Risk Management

In November 2022, SBP issued its Environmental & Social Risk Management (ESRM Implementation Manual) with a regulatory deadline of November 2025 for full compliance to all banks. Bank Alfalah successfully adopted the SBP's ESRM framework in November 2023; thus it is among the first few banks to comply with it.

This framework is an integral part of the credit approval process and all relevant credit proposals require credit, environmental and social review prior to approval of the competent authority. In-house classroom trainings on Environmental and Social Risk Management System (ESRM) are conducted for client-dealing Relationship Managers and Credit Staff. As a result, our borrowers are now aware of the importance of the environment, the need for environmental due diligence, environmental laws, and the role of Environmental Protection Agencies in each province. The bank helps the borrowers to comply with the environmental and labour laws and in case of non-compliance, pushes the customers towards compliance and follows-up periodically on the progress

2) Green Business Facilitation

We encourage our clients to improve their operations and technologies by initiating eco-friendly schemes. We have introduced a green financing product 'Alfalah Green Energy', which is a term finance facility for customers willing to install solar energy equipment for generation of electricity ranging from 4 KW to 1,000 KW with net metering. It allows repayment tenure of up to 5 years with 3 months' grace period.

Bank Alfalah has provided financing for the following mega green projects:

Sr #	Name of Project	Source/ Type	Capacity (in MW)
1	Fatima Energy Limited	Bagasse	118
2	Chiniot Power Limited	Bagasse	62
3	Hunza Steel (Pvt.) Ltd.	Bagasse	20
4	Gul Ahmed Wind Power Limited	Wind	49
5	Metro Power Company (Pvt.) Limited	Wind	49
6	Master Green Energy Limited	Wind	50
7	Din Energy Limited	Wind	50
8	Gharo Solar (Pvt.) Limited	Solar	50
9	Nizam Power (Pvt.) Ltd	Solar	9
10	Neelum Jhelum Hydropower Company (Pvt) Ltd	Hydro	969
11	Dasu Hydropower Project, WAPDA	Hydro	4,320

GREEN FINANCING TARGET METRICS

In 2024, the Annual Green Target was PKR 32.4 billion while the banks' year-end Green Financing outstanding was PKR 26.6 billion; resulting in negative variance of 18%. The reasons for the negative variance are political and economic uncertainties, lack of green project incentives, and the removal of subsidised rates by SBP, which have collectively reduced clients' willingness to invest in green projects and seek financing.

Keeping the prevailing market conditions and opportunities, our Bank's Annual Green Financing Target for 2025 is set at Rs. 34.2 bn, which is over 29% of year end position of 2024.

3) Own Impact Reduction

In the area of Own Impact Reduction, the Bank has undertaken several initiatives to minimise its environmental footprint. Key initiatives include:

- Reducing paper consumption across operations
- Replacing diesel-fueled generators with UPS systems for backup power
- Transitioning from regular saver lights to energy-efficient LED lighting
- Replacing conventional air conditioners with energy-saving inverter ACs
- Installing sensor-based water taps and flow optimisers at selected locations
- 155 ATMs powered by solar energy
- Solar power systems with a total capacity of 315 kWh have been installed across the following six key premises:
 - o Bank Alfalah Head Office Building (Karachi)
 - o BAFL Corporate Building, F.B. Area (Karachi)
 - o Shahdin Manzil Corporate Office (Lahore)
 - o Sheikh Bhirkio Branch
 - o Consumer Finance Corporate Office (Lahore)
 - o Sehar Guest House (Karachi)

The cumulative impact of all steps taken so far shows that the Bank has successfully started to achieve the objective of Green Banking as laid down in the SBP Guidelines.

HEALTH, SAFETY AND ENVIRONMENT

OCCUPATIONAL HEALTH AWARENESS AND MEASURES

At Bank Alfalah, Health and Safety are a top priority, with a strong focus on ensuring the well-being of both employees and customers. The bank has implemented an efficient capacity-building program that regularly trains staff on safety best practices. Proactive measures, such as routine safety inspections and risk assessments, are carried out across all branches and facilities to prevent accidents. In addition, incidents are carefully documented through a detailed reporting system, allowing for quick identification and resolution of potential hazards. Regular safety drills and workshops further enhance preparedness, ensuring a safety-conscious culture throughout the organization. These efforts reflect Bank Alfalah's dedication to maintaining a secure and healthy environment.

A) PEOPLE AND PREMISES SAFETY – INSTALLATION OF AUTOMATIC FIRE EXTINGUISHERS (AFE)

A unique and cost effective initiative to reduce the risk of fire in branches and critical locations where physical monitoring is not possible at all times, Auto Fire Extinguishers are now installed in all Bank Alfalah branches and key buildings. This initiative has been found to be very promising and has saved major fires; and it is now a mandatory feature of all new and old Bank Alfalah premises.

B) EMERGENCY PREPAREDNESS AND RESPONSES

The Bank's HSE team equips staff with training and communication to handle potential adverse situations, ensuring that safety precautions are integrated into the office culture and daily routine. The emergency preparedness program includes providing health and safety awareness, as well as training on emergency evacuation procedures and fire safety.

C) SAFETY TRAINING AND AWARENESS

The Health, Safety, and Environment (HSE) as well as Business Resilience teams are actively conducting training and awareness programs for staff across multiple platforms. These initiatives include classroom sessions, email circulations, videos displayed on staff screens, and various other channels. Through these diverse means of communication, the teams aim to effectively impart knowledge and enhance awareness among the staff regarding health, safety, and environmental practices, as well as strategies for business resilience.

D) PRE-EMPTIVE SAFETY INSPECTIONS/REVIEWS OF BRANCHES AND BUILDINGS

In upholding elevated safety protocols, the HSE team conducts proactive safety reviews of branches. This not only facilitates the identification and rectification of potential hazards but also contributes to the establishment of a secure environment for both staff and customers.

E) MANDATORY RAMP AND EMERGENCY EXIT PROVISION IN NEW BRANCHES AND BUILDINGS

Inclusion of Ramps and Emergency Exit is now the integral part of every new premise of Bank Alfalah. This not only provides compliance to State Bank's guidelines but also covers essential protocols for staff's safety and wellbeing.

F) FIRST AID AND CPR TRAININGS FOR STAFF

Bank Alfalah's staff is being provided with First Aid training through professional and competent trainers. This life saving training will provide the staff the competency to deal with any unforeseen medical emergency and provide first aid medical assistance. The Bank aims to provide these trainings across the entire network in Pakistan.

G) BLOOD DONATION DRIVE

The Bank arranges blood donation campaigns in major cities i.e. Karachi, Lahore and Islamabad to help the people in need and to facilitate its employees and their families during medical emergencies. This blood donation has not only provided the lifesaving opportunity to thalassemia and other patients but the arrangements with bank has also enabled the Bank to assist bank staff in dire need of blood. Until today, 29 staff members have been assisted in emergency with 81 units of Blood Free of Cost.

SUSTAINABLE ENVIRONMENT INITIATIVE: OWN IMPACT REDUCTION

Bank Alfalah embarks on its journey towards a more resilient, equitable, and ecologically balanced world, where the prosperity of both people and the planet is equally revered. Bank Alfalah is working on sustainability initiatives like reduced electricity, fuel, waste and paper consumptions in consultation with WWF (World Wildlife Fund).

Energy Consumption

Currently the Bank is in the process of calculating the total waste generation, working with the IFC to establish a baseline scenario by December 2025. The targets will be established once the baseline task is finished.

Energy Consumption

Component	Unit	2024
Electricity Consumption	kWh	36,804,902
LPG Consumption	m3	251.70 m ³
Diesel Consumption	Lit	2,843,620
Renewable Energy (Solar)	KW	471,759

Energy Consumption in GJ

Component	Unit	2024
Electricity Consumption	GJ	132,498
LPG Consumption	GJ	9
Diesel Consumption	GJ	108,882
Renewable Energy (Solar)	GJ	1,698
Total Energy Consumption	GJ	243,088

Energy Mix (Share total % of Consumption)

Energy Mix of 2024	Percentages (Basis of GJ)
Electricity	54%
Liquified Petroleum Gas (LPG)	0.004%
Diesel Consumption	45%
Solar Consumption	0.7%
Total	100%

The energy intensity ratio refers to the internal consumption of energy, as is shown below.

Component	Unit	2024
Total Energy Consumption	GJ	243,088
Total Workforce	Numbers	16400
Total Energy Consumption	GJ/ Employees	14.82

However, various initiatives and steps have been taken to reduce environmental impacts and to conserve energy which include:

Conservation initiatives

- PV Solar System Installation: A 315 kW capacity solar system has been installed in key buildings
- LED Lights installation
- Long backup UPS installation with super capacitor batteries
- Inverter-based ACs implementation
- Purchasing of energy star rating products
- Roll out communication to increase employees' awareness
- 155 ATMs are powered by solar energy

Water Conservation Initiatives:

- Implementing sensor-based taps to minimise water wastage
- Repurposing water from air conditioning units for gardening purposes
- Roll out communication to enhance employee awareness

ENVIRONMENTAL STEWARDSHIP

ENVIRONMENT – PROTECTING THE NATURAL CAPITAL

In the pursuit of sustainable development and the well-being of the planet, safeguarding the natural capital is paramount. Bank Alfalah not only recognizes the importance of natural capital as a critical component of sustainable development but is also committed to align its business with the broader global shift towards environmentally responsible business practices.

Health, safety, environment, and sustainability (HSE) are interlinked pillars that form the bedrock of responsible and ethical practices across various sectors. The nexus between these elements reflects a commitment to fostering not only the well-being of individuals but also the long-term health of the planet. In workplaces, prioritizing health and safety not only safeguards employees but also enhances productivity and organizational resilience.

By harmonizing health, safety, environment, and sustainability, the Bank embarks on a journey towards a more resilient, equitable, and ecologically balanced world, where the prosperity of both people and the planet are equally revered. Some key highlights on Bank Alfalah's sustainable and HSE practices are mention below.

Green Office Certification by WWF (World Wide Fund for Nature)

Bank Alfalah Head Office building in Karachi is awarded as certified 'Green Office Building' by WWF (World Wide Fund for Nature). World wildlife fund for nature is an international non- governmental organization dedicated to address the climate change impacts and promote sustainable climate resilient world.

Some of the key initiatives and improvements implemented at the BA Building that contributed to achieving this certification are outlined below:

- Oil recycling
- Water conservation
- Installation of energy-efficient lighting
- Upgraded air-conditioning systems
- Implementation of a grid-tied solar system
- Adoption of a green procurement policy
- Digitization of processes
- Integration and procurement of Energy Star-certified products
- Enhanced internal and external communication
- Utilization of condensed water for plantation
- Environmental awareness and training programs

Renewable and Clean Energy

Bank Alfalah is committed to foster a green banking environment and promoting sustainability by integrating renewable energy solutions. A Solar Grid-Tied System, with a total capacity of 315 KW, has been installed across six of the bank's premises.

Additionally, 155 ATMs are powered efficiently by standalone and grid-tied solar panels, showcasing the bank's dedication to utilizing cleaner energy sources. As a result, over 193 Tons of carbon dioxide equivalent has been offset this year through clean energy alternatives.

Beyond solar panels, Bank Alfalah is adopting a variety of clean energy technologies to support sustainable practices. These include long backup UPS systems with Super Capacitor batteries for energy storage, inverter AC units, LED lighting, and solar panels. This strategic approach reflects the bank's broader commitment to responsible and environmentally conscious banking operations.

Responsible Disposal of Used Oil for a Greener Future

Bank Alfalah has taken a significant step towards fostering sustainability by implementing a recycling initiative for the used oil from HVAC/Generators. Improper disposal of used oil whether through direct dumping or unregulated reuse, can have detrimental effects on the environment, posing a threat to the ecological balance.

To address this concern, Bank Alfalah partnered with the Environmental Protection Agency approved expert to ensure that the used oil undergoes recycling in an environmentally responsible manner. Not only does this initiative contribute significantly to environmental preservation, but it also underscores BAFL's steadfast commitment to sustainable practices. 500 Litres of used oil has been successfully recycled and reclaimed in 2024.

Moreover, this endeavour yields dual benefits: it not only safeguards our environment but also proves financially advantageous. BAFL is able to realize cost savings with every litre of oil responsibly disposed of.

Water Conservation

Bank Alfalah has installed sensor based water taps and water flow optimisers at different locations to effectively conserve water. Active communications and trainings are also being conducted of staff to educate them about effective use of water.

Plastic Reduction Initiative

Since plastic bottles are one of the biggest source of plastic pollution in the oceans consequently harming aquatic creatures, water dispensers are being installed in bank cafeterias and lobbies encouraging staff to use reusable glasses and refill their own bottles for drinking.

Waste Management and Responsible Consumption

BAFL has made a major move towards building a more sustainable workplace by introducing a waste management plan at its Head Office building. This programme encompasses the collection, sorting, transportation, and proper disposal of waste. Between July 2024 and December 2024, the Head Office in Karachi generated a total of 208 kg of waste. Thanks to responsible waste treatment, this initiative contributed to a reduction of 852 kgs in CO₂ equivalent emissions. This waste management effort underscores BAFL's commitment to minimizing its environmental footprint, promoting recycling and composting, and cultivating a more sustainable and eco-conscious workplace for all.

INITIATIVES AND THE BANK'S CONTRIBUTION

- All three ESG disciplines have distinct set of standards and practices but at a consolidated level, they indicate an organisation's dedication to achieving the greater good for the environment, society and the organisation itself.
- Shareholders/investors, customers, employees, and other stakeholders expect companies to reduce impacts that their businesses have on environment and be more transparent about ESG reporting. ESG programme looks at business practices to ensure that the companies actually do what they are required to do. There are important components within each ESG discipline.

Statement of Adoption

The Bank contributes towards each of the three pillars of ESG to the maximum possible extent.

Board's Direction on Strategic ESG objectives

The Bank has adopted ESG as one of its strategic initiatives, the strategy is approved by the Board.

Demonstrating an ongoing commitment towards a sustainable future, the Bank is dedicated to improving the social, economic, and environmental capital of the community in a sustainable manner. Moving forward from this, in a strategic move towards sustainable banking practices, Bank Alfalah formalised a Green Banking Advisory Agreement with the International Finance Corporation (IFC). This agreement is a testament to the Bank's commitment to fostering sustainable and accountable banking operations. The partnership encompasses a multifaceted approach aimed at enhancing the Bank's green banking initiatives, in a sustainable and efficient manner. This collaboration enables the Bank to explore and capitalise on opportunities in green finance, including green bond issuance and sustainable infrastructure financing.

During the current year, the Bank also revised its Corporate Social Responsibility and philanthropy guidelines, driven by a passion for giving back to the community. The policy seeks to strengthen Bank Alfalah's reputation through strategic donations and philanthropic investments, fostering a positive image among its stakeholders.

Moreover, during 2024, the Bank further delivered on its flood relief and rehabilitation programme.

During the current year, the Bank also revised its Corporate Social Responsibility and philanthropy guidelines, driven by a passion for giving back to the community. ADDITIONAL DISCLOSURE

Entities included in the organisation's sustainability reporting

The report does not include information about subsidiaries and associated companies.

Restatements of information

There are no restatements of the previous year's information.

External Assurance

The Corporate Social Responsibility Centre Pakistan (CSRCP) has independently reviewed this report to check compliance with "GRI Standards in accordance with the criteria" applying the ISAE 3000 (Revised) standards. The Central Management Committee, chaired by the President and CEO, has overseen this process. Feedback obtained during this external assurance phase has been shared with the Bank's senior management, ensuring a comprehensive review through the lens of our Finance, Risk, and Communications Team.

Information on Employees:

The Bank does not have any part-time employees, and there are no non-guaranteed hours for employees. The headcount method is used to compile the data. There were no severe fluctuations in the number of employees during the year.

Governance structure, composition, nomination and selection

The board comprises eight directors, including three independent ones, elected annually by shareholders through voting. The independent directors are chosen from a database maintained by the Pakistan Institute of Corporate Governance, adhering to the independence criteria outlined in the Company's Act 2017 and the State Bank Guidelines. As a publicly listed entity, the bank adheres to the SECP guidelines regarding the nomination and appointment of directors. Other committee members are appointed based on the committee's terms of reference (TORs), their job descriptions, experience, and alignment with the Bank's strategic goals.

Evaluation of the performance of the highest governance body

The Green Banking office and Senior Management have updated on Green Banking guidelines and ESRM governing bodies

Compliance with laws and regulations

There has been no breach of laws and regulations, and no litigations are in process other than those mentioned in the financial statements.

Approach to Stakeholder Engagement

Banks prioritise stakeholders through a strategic process that identifies shareholders, customers, employees, and regulatory bodies. They then assess each group's influence on and impact on the bank's operations. Stakeholders are prioritised based on influence, dependency, risk, and strategic importance. The bank then tailors engagement strategies to meet the needs of key stakeholders and continuously monitors and adjusts these strategies based on changes and feedback.

Financial assistance received from the government

No specific financial assistance was received from the government by the Bank. The government is not a shareholder.

Ratios of standard entry-level wage by gender compared to local minimum wage

The minimum wages are paid to third-party workers through their designated contractors.

The proportion of senior management hired from the local community

All senior management is hired from Pakistan. The local community is defined as Pakistan.

Independent Assurance Statement for the Bank Alfalah Limited Sustainability Report 2024

We, Corporate Social Responsibility Centre Pakistan (CSRCP), were engaged by Bank Alfalah Limited (the company) to provide a limited assurance under the International Standard on Assurance Engagements ISAE 3000 (Revised), "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information", on compliance with GRI Standards "In accordance criteria" for the year ended December 31, 2024 (the criteria).

Our scope of assurance is restricted only to checking compliance with the "In accordance criteria" of GRI Sustainability Reporting Standards 2021. Accordingly, our conclusion is regarding the compliance with the criteria and not about the structure, data and information reported therein. Muhammad Imran & Co., Cost & Management Accountants, co-reviewed the report.

Bank Alfalah Limited's Responsibilities

Bank Alfalah Limited's management is responsible for selecting the criteria and presenting the Sustainability Report in accordance with that criteria in all material respects. This responsibility includes establishing and maintaining internal controls, maintaining adequate records, and making estimates relevant to preparing the Sustainability Report so that it is free from material misstatement, whether due to fraud or error.

Corporate Social Responsibility Centre Pakistan's (CSRCP) Responsibilities

Our responsibility is to express a conclusion on the compliance with the criterion based on the evidence we have obtained. We conducted our engagement in accordance with the International Standard for Assurance Engagements Other Than Audits or Reviews of Historical Financial Information ISAE 3000 (Revised) and the terms of reference for this engagement as agreed with Bank Alfalah Limited. Those standards require that we plan and perform our engagement to obtain the level of assurance needed and to issue a report. The nature, timing, and extent of the selected procedures depend on our judgment, including assessing the risk of material misstatement, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a basis for our assurance conclusion.

Statement of Independence, Impartiality, and Competence

CSRCP operates a strict conflict of interest check and has confirmed our independence to work on this assurance engagement with Bank Alfalah Limited. The review team has not provided consulting services and was not involved in preparing any part of the report. CSRCP is a specialized sustainability consulting firm. The review team has the required combination of education, experience, training, and skills for this assurance engagement.

Description of Procedures Performed

Our procedures were designed to obtain a limited level of assurance on which to base our conclusion. Although we considered the effectiveness of management's internal controls when determining the nature and extent of our procedures, our assurance engagement was not designed to provide assurance on the effectiveness of internal controls.

We carried out a desk review of the final draft report and communicated with Bank Alfalah Limited to determine whether the report meets the criteria.

Our procedures for this engagement included:

- ! " Review adherence to the requirement of GRI Standards 2021 "In accordance criteria";
- ! " Review of the material topics disclosures against the requirements of the GRI 3 Material Topics 2021 and relevant GRI Topic Standards;
- ! " Elaboration of the adjustment report; and
- ! " Final review of the report.

Use of GRI Standards 2021

Bank Alfalah Limited declares the report to be in accordance with the GRI Standards 2021. CSRCP reviewed the use of the GRI Standards GRI 2, GRI 3, and the Topic-Specific Standards, considering those standards linked to the material topics. In case of a lack of response, Bank Alfalah Limited provides omission statements in line with the requirements of GRI 1. Based on the analysis, minor recommendations to complete the content have been made. Bank Alfalah Limited has integrated our recommendations into the report.

Limitations and Exclusions

Excluded from the scope of our work is any verification of information relating to:

- " sustainability policies, practices and performance;
- " financial figures and performance data;
- " positional statements (expression of opinion, belief, aim, or future intention of Bank Alfalah Limited) and statements of future commitment.

Limited Assurance Conclusion

Bank Alfalah Limited's declared adherence to the GRI's Standards 2021 – In accordance

Nothing has come to our attention that causes us to believe that the Sustainability Report 2024 does not meet the **"in accordance criteria"** of the GRI Standards 2021. The compliance with GRI Standards has been disclosed in more detail in the GRI Content Index, which provides omission statements in case data has not been provided.

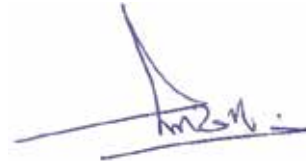

Restricted Use

This report is intended solely for Bank Alfalah Limited and is not intended to be and should not be used by anyone other than Bank Alfalah Limited. Any reliance on the report by any third party is entirely at its own risk.
