

IGI Life - WTO

Zeenat Takaful Plan

We stand with you, no matter what role you play.

Be it entrepreneur, a mother or a daughter, we understand your needs. With that in mind, we present Zeenat Takaful Plan - designed exclusively for you with IGI Life WTO. This is a takaful plan that is tailored to meet your needs. The plan allows you to invest for yourself or your loved ones and secure a bright future no matter what comes.

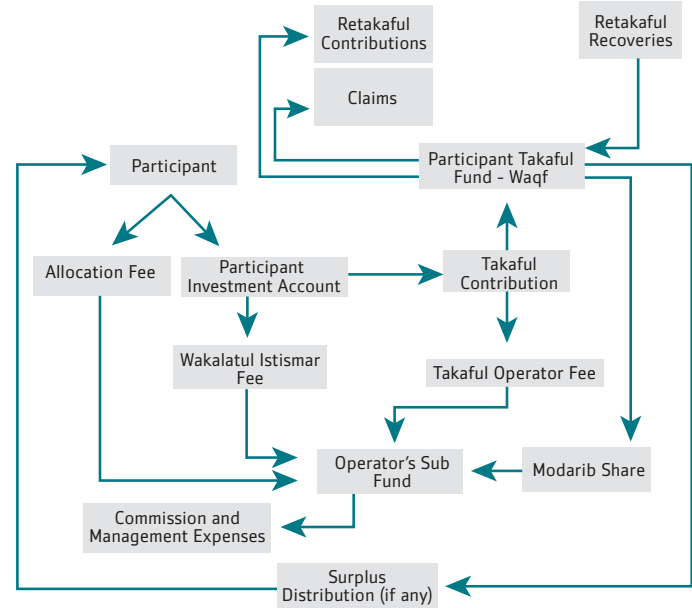

Free Look Period

If you cancel your membership within a free look period of 14 days from the date of receipt of the Participant's Membership Document (PMD), you are entitled for a full refund of contribution less any expenses incurred by IGI Life WTO in connection with your medical or clinical examinations.

What is Takaful?

Takaful is an age-old Islamic concept of mutual help and support blended with modern concepts of Actuarial Science, Underwriting, and Investment under the supervision of Shari'ah Advisor. It is a Shari'ah compliant way of supporting each other in case of death, disability or disease.

How does it work?

How does the Takaful membership operate?

IGI Life's takaful model is based on the Wakalah-Waqf principal. Individuals in the community come together for a common purpose and contribute into a Waqf Fund operated by a Takaful Operator to protect themselves against future financial losses.

What is surplus sharing?

Participants of the takaful fund as per the terms and conditions of the Waqf, may be entitled to a share of possible surplus funds. Takaful offers a unique feature of Surplus Sharing to the Participants in addition to risk mitigation benefits. As approved by the Shari'ah Advisor and Appointed Actuary at the end of each year, IGI Life - Window Takaful Operations will determine the surplus (if any) available in the PTF for distribution.

Takaful Benefits

Death Benefit?

Death Benefit payable is: Sum Covered or account value in Participant's Investment Account (PIA) whichever is higher PLUS

The accumulated account value of Top-Up amounts PLUS Surplus (if any) as per PTF membership of WTO

Basic Sum Covered

This is the minimum amount payable on the death of the participant. The Basic Sum Covered will be a multiple of Basic Contribution depending on the age of the participant as follows:

Age	Multiples of Basic Contribution	
	Minimum	Maximum
Up to 55	5	30
56 to 60	5	20
60 onward	5	10

Maturity Benefit

On completion of the membership term, the available Participant's Investment Account (PIA) value along with the account value of Top-Up amount (if any) will be payable to the participant.

Contribution Indexation

Indexation is an optional feature offered in this plan. Under this feature, your contributions will increase by a fixed amount every year leading to a better cash value accumulation and consequently a higher maturity benefit without any increase in Sum Covered. Even once opted, you still have a right to decline the option and continue paying level contribution subject to certain terms and conditions.

Complete Surrender

The participant has the right to fully surrender his/ her membership by redeeming all the units in the PIA. In case of complete surrender, the units will be redeemed at the bid price and the membership will be terminated. A processing fee will be charged at the time of surrender.

Partial Withdrawal

Partial Withdrawals can be made from the Participant's Account Value anytime during the membership term by redeeming a limited number of units as per the terms and conditions. The amount withdrawn is considered a permanent withdrawal and does not have to be repaid. A partial withdrawal will reduce the Death Benefit by the amount of partial withdrawal. A nominal processing fee will be charged at the time of each partial withdrawal.

Optional Supplementary Benefits*

Following optional supplementary benefits are available which may be attached to the basic membership to enhance the coverage level and submission of satisfactory evidence of insurability:

- Spouse Coverage: This rider provides coverage to the spouse of the member as per the terms and conditions of the membership. It requires the member to provide the details of the spouse as required by IGI Life - Window Takaful Operations
- Waiver of Contribution - Disability: WoC waives the future contributions in case of permanent total disability of the covered person up to the end of term.
- Additional Protection Benefit: APB enhances the benefit payable on participant's death, whether due to accidental or non-accidental causes. The APB sum covered is payable in a single lump sum in addition to any other death benefit payable under the basic membership.

Income Benefit - Death: A monthly income benefit will be provided following the death of the participant up to the end of the elected term.

Income Benefit - Disability: A monthly income benefit will be provided following the permanent total disability of the participant up to the end of the elected term.

Accidental Death Benefit: ADB pays a lump sum amount in case of accidental death of the participant

*Additional contribution will be charged for each optional supplementary benefit.

Where are the contributions invested?

Your contributions will be invested in Shari'ah compliant investments to build the PIA.

You will be offered 3 different Shari'ah compliant investment strategies: Conservative, Balanced and Aggressive as described below:

Conservative Strategy

The strategy would be the most appropriate for those Participants, who wish to invest more cautiously. Accordingly, the investments are placed in sukuk and other secured Shari'ah compliant instruments with little exposure to the stock market.

Balanced Strategy

This strategy seeks steady growth in capital through a combination of investments in sukuk and in mutual funds that invest in stocks. It has moderate risk.

Aggressive Strategy

This strategy seeks to provide you with long term capital growth through mutual funds that invest mainly in equities. It has higher risk.

Under each strategy, you have an investment account as listed in the application. The percentage of Contribution you wish to allocate to buy units in an investment account should be indicated in the application. The sum of these percentages must be 100%.

You can manage your investments by investing your own investment strategy portfolio from a range of options to suit your needs and preferences. You will have the option to transfer between investment accounts subject to certain conditions. Please note that investment risk shall be borne by the participant and actual maturity or surrender values may be lower or higher than the projected figures.

Transfers between Investment Funds

A participant can also switch his/her account value among different strategies. In that event, units from one strategy will be redeemed at prevailing bid price and allocated to the desired strategy at the bid price. This way a participant can change gears in view of the changing financial condition and maximise returns. A nominal processing fee is applicable at each switch.

Unit Price Publication

Unit prices under all strategies may be viewed at www.igilife.com.pk.

Extra Unit Allocation

The longer the Plan is continued, the higher the rewards will be. The Plan offers an extra unit allocation of 3 % starting from 5th year onward:

Product Features and Charges:

Eligibility and Membership Term

The minimum entry age of the Covered Person is 18 years and the maximum is 65 years. The membership term can be of any period from 10 years subject to a maximum attained age of 85 years. The supplementary benefits will terminate at the age mentioned in the supplementary benefit. It could be at an earlier date depending upon the benefit term available.

Contribution Paying Term

The minimum contribution payment term is 10 years and the maximum can go up to the membership term chosen.

Minimum Basic Contribution and Modes

The minimum collected Basic Contribution is PKR 25,000 for the following modes of contribution payment:
