For Top-Up Contributions- Minimum payment is PKR 250,000 with no limit on the maximum.

Indexation Feature

If this option is selected, the Contribution and Basic Sum Covered of the Vitality Integrated Membership will be increased on every Membership Anniversary. The member may cancel the increase in Contribution by giving notice in writing and paying the Contribution without the increase. The Integrated Benefit in indexed Memberships during a 5-yr period will be calculated using the Minimum Contribution paid during that period.

Is there a Free-look Period?

Vitality Active membership will be cancelled if the Vitality Integrated Membership is cancelled within the Free-Look period as stipulated in the Membership Document of the Base Membership. You can cancel your Vitality active membership at any point in time. However, once your membership is cancelled, you will have to participate in the Vitality membership again.

Can I Surrender My Membership Anytime?

You have the right to encash all the units in your account value any time after the membership at any time. In such an event, the units will be encashed at Bid Price and the membership will be terminated. A surrender processing fee will be charged at the time of surrender. In case of full Surrender of the Vitality Integrated Membership, the Integrated Benefit accrued till the date of surrender, and not already credited to the Top-Up Account, will not be payable.

Can I Withdraw Funds from My Membership?

The account value can be withdrawn partially, by encashing a limited number of units in the sub-account(s). The amount withdrawn is considered as a permanent withdrawal and does not have to be repaid. A partial withdrawal will reduce the death benefit by the amount of partial withdrawal. A processing fee is also applicable on each partial withdrawal. In case of partial withdrawal, Integrated Benefit will not be credited to the Top-Up Account for that 5-year period in which partial withdrawal was made.

A partial withdrawal will reduce the Death Benefit by the amount of partial withdrawal.
